Comments:	<p>we are right behind the propose development ff are some of my concern. 1. the location of the recycle bin and garbage room is too close to my property ..ithe smell of the garbage will prevent me from enjoying my backyard. it should be located closer to the propose future permanent entrance off pigott 2. tandem parking is a concern. the city can check any same development anywhere in richmond and majority have been converted to living /rental quarters. 3. 5 visitors's parking is not enough. at this moment there is already a rooming house on williams right accross from pigott drive that parks all their cars at pigott drive. additional car from the townhouse will clog the pigott drive entrance. 4. please please make sure that the development is not built too much higher than our property as it will cause flooding on our property</p>
