

PETITION TO THE CITY OF RICHMOND

201 We, the undersigned residents of the Richmond community of Hamilton, petition the City of Richmond, B.C. to oppose the rezoning of 22560/22600/22620 Gilley Road (RZ 06-344606) from Single Detached (RS1/B) to Town Housing (ZT11). There are currently many cars parked along Turner and causes significant traffic and parking challenges for residents (only one car can pass with the car coming the opposite direction having to yield). Unlike other Town Housing in the area, the only single access to this development would be through a neighbourhood of single family homes creating additional traffic congestion and parking challenges to those that already exist.

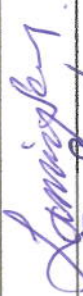

我們作為列治文 Hamilton 區的業主或住客（詳細請見下表簽名），現在向市政府進行書面的請願行動，反對市政府對 22560/22600/22620 Gilley Road (RZ 06-344606) 重新規劃用地的計劃。目前我們區域的 Turner 的交通及停車情況已經十分擁擠（路面經常僅夠一輛車通過）。與其他 Town House 的規劃不同，這個討論中的 Town House 建設規劃在 Gilley Rd 沒有進出口，所有交通必須穿越獨立屋社區，這樣令原本已經擁擠的交通和停車狀況更加雪上加霜。

The soil conditions in the Hamilton area are well known to not be very stable and many Hamilton residents have already experienced serious settling to their homes causing expensive damage that has included cracked, sinking and uneven driveways, sinking foundations, cracked walls and sloping homes. Residents are concerned about the effect construction methods of this type of housing will have and the potential for further damage to existing homes.

眾所周知，我們 Hamilton 區域土地情況很疏鬆和不穩定，牆面出現裂縫，整座房子傾斜，地基出現下沉，很多住戶不得不為修補自己房子的損壞而付出了昂貴的代價。住戶擔憂，建造 Town House 這種類型的房屋，會令原本已經下沉和傾斜的地基進一步惡化。

We, the undersigned, request that zoning remain as Single Detached (RS1/B) which is a more suitable use for the neighbourhood and consistent with what is happening in other areas of single family homes in Hamilton that are not accessible from main arteries.

鑑於 Hamilton 的其他 TownHouse 工程都具有單獨的出口，我們在下表簽名和請願，請求這塊討論中的土地仍然按照獨立屋用途使用，對整個社區來說，這樣更為適合。
