SCHEDULE 13 TO THE MINUTES
OF THE REGULAR MEETING OF
COUNCIL FOR PUBLIC
HEARINGS HELD ON MONDAY,
OCTOBER 16, 2006

Richmond City Council
Mayor Malcolm Brodie
Councilor Linda Barnes
Councilor Cynthia Chen
Councilor Derek Dang
Councilor Evelina Halsey-Brandt
Councilor Sue Halsey-Brandt
Councilor Rob Howard
Councilor Harold Steves
Councilor Bill McNulty
6911 No.3 Road, Richmond BC

Dear Richmond City Council:

RE: Amendment of single family lot size policy 5434
For area bounded by Williams Road, No.5 Road
Steveston Highway and Shell Road (section 36-4-6)

As a resident/owner of this quarter section I, W. DALLYN of address
10211 NO. 5 ROAD would like the city to adopt this staff
recommended lot size policy 5434. As you are aware I the resident/owner of this quarter
section have patiently waited for staff to bring an updated policy forward since 1991.
Sitting back and watching my neighbors to the North and West clean their neighborhoods
up of grow ops and run down houses with little to no street appeal makes me envious. I
would like to see more affordable, manageable, similar sized homes as my neighbors to
the North and West. After spending the majority of my time away from home, working,
attending to children's activities at community centers and school parks as well shopping
and cleaning. I find that quality luxurious time in a large home is something of the past.
The times have changed and so have the neighborhoods. I think the recommendation
brought forward is ideal for this area. I am in full support of this and hope that council
will see that this policy is adopted.

Yours truly,

Richmond City Council
Mayor Malcolm Brodie
Councilor Linda Barnes
Councilor Cynthia Chen
Councilor Derek Dang
Councilor Evelina Halsey-Brandt
Councilor Sue Halsey-Brandt
Councilor Rob Howard
Councilor Harold Steves
Councilor Bill McNulty
6911 No.3 Road, Richmond BC

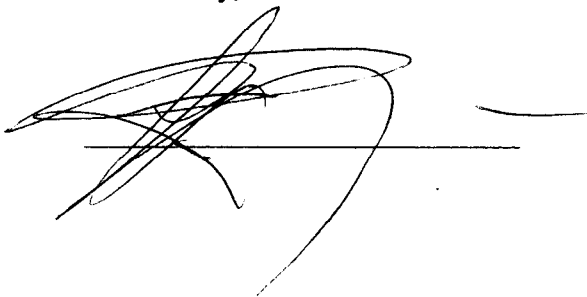

Dear Richmond City Council:

RE: Amendment of single family lot size policy 5434
For area bounded by Williams Road, No.5 Road
Steveston Highway and Shell Road (section 36-4-6)

As a resident/owner of a home in Richmond I, ^{within this quarter section} Prabhdeep Dosanjh of address 11531 Seawest Road would like the city to adopt this staff recommend lot size policy 5434. When you and the development department brought forward a Lane Establishment and Arterial Road Development Policy I felt that you had worked together and found a long term solution for our need for more single family housing.

We all rely on data and expertise which is provided by our well educated, trained and experienced personnel in the planning and development departments. Having had taken all this data and proceeded with proper consultations. By way of letters mailed out, holding an open house and given the opportunity to attend the planning committee & public hearing led to staff still standing by their recommendation. If the voice of the majority is what the council shall hear, then please hear mine as well. This policy is working throughout the city and this neighbourhood is not any different. It is not opposed to development as indicated during the public hearing.

Yours truly,

Richmond City Council

Dear Richmond City Council:

RE: Amendment of single family lot size policy 5434

For area bounded by Williams Road, No.5 Road

Steveston Highway and Shell Road (section 36-4-6)

As a resident/owner of a home in Richmond I, ^{within this quarter section} Kulwant Bhullar of address 11460 Seabrooke CRS, would like the city to adopt this staff recommend lot size policy 5434. When you and the development department brought forward a Lane Establishment and Arterial Road Development Policy I felt that you had worked together and found a long term solution for our need for more single family housing.

We all rely on data and expertise which is provided by our well educated, trained and experienced personnel in the planning and development departments. Having had taken all this data and proceeded with proper consultations. By way of letters mailed out, holding an open house and given the opportunity to attend the planning committee & public hearing led to staff still standing by their recommendation. If the voice of the majority is what the council shall hear, then please hear mine as well. This policy is working throughout the city and this neighbourhood is not any different. It is not opposed to development as indicated during the public hearing.

Yours truly,

Richmond City Council

Dear Richmond City Council:

RE: Amendment of single family lot size policy 5434
For area bounded by Williams Road, No.5 Road
Steveston Highway and Shell Road (section 36-4-6)

As a resident/owner of this quarter section I, Kate Lee of address #57 - 11020 Williams RD would like the city to adopt this staff recommended lot size policy 5434. As you are aware I the resident/owner of this quarter section have patiently waited for staff to bring an updated policy forward since 1991. Sitting back and watching my neighbors to the North and West clean their neighborhoods up of grow ops and run down houses with little to no street appeal makes me envious. I would like to see more affordable, manageable, similar sized homes as my neighbors to the North and West. After spending the majority of my time away from home, working, attending to children's activities at community centers and school parks as well shopping and cleaning. I find that quality luxurious time in a large home is something of the past. The times have changed and so have the neighborhoods. I think the recommendation brought forward is ideal for this area. I am in full support of this and hope that council will see that this policy is adopted.

Yours truly,

Kate Lee

Dear Richmond City Council:

RE: Amendment of single family lot size policy 5434
For area bounded by Williams Road, No.5 Road
Steveston Highway and Shell Road (section 36-4-6)

As a resident owner of this quarter section I, GAIL HOY of address 11500 WILLIAMS RD would like the city to adopt this staff recommended lot size policy 5434. As you are aware I the resident owner of this quarter section have patiently waited for staff to bring an updated policy forward since 1991. Sitting back and watching my neighbors to the North and West clean their neighborhoods up of grow ops and run down houses with little to no street appeal makes me envious. I would like to see more affordable, manageable, similar sized homes as my neighbors to the North and West. After spending the majority of my time away from home, working, attending to children's activities at community centers and school parks as well shopping and cleaning. I find that quality luxurious time in a large home is something of the past. The times have changed and so have the neighborhoods. I think the recommendation brought forward is ideal for this area. I am in full support of this and hope that council will see that this policy is adopted.

Yours truly,

Gail Hoy

Steveston Highway and Shell Road (section 36-4-6)

As a resident/owner of this quarter section I, Nancy Gattie of address 10640 SEA MOUNT would like the city to adopt this staff recommended lot size policy 5434. As you are aware I the resident/owner of this quarter section have patiently waited for staff to bring an updated policy forward since 1991. Sitting back and watching my neighbors to the North and West clean their neighborhoods up of grow ops and run down houses with little to no street appeal makes me envious. I would like to see more affordable, manageable, similar sized homes as my neighbors to the North and West. After spending the majority of my time away from home, working, attending to children's activities at community centers and school parks as well shopping and cleaning. I find that quality luxurious time in a large home is something of the past. The times have changed and so have the neighborhoods. I think the recommendation brought forward is ideal for this area. I am in full support of this and hope that council will see that this policy is adopted.

Yours truly,

Nancy Gattie

Dear Richmond City Council:

RE: Amendment of single family lot size policy 5434

For area bounded by Williams Road, No.5 Road

Steveston Highway and Shell Road (section 36-4-6)

within this quarter section

As a resident/owner of a home in Richmond I, *Khalida Sabeen* of address *11410 Seabrook* would like the city to adopt this staff recommend lot size policy 5434. When you and the development department brought forward a Lane Establishment and Arterial Road Development Policy I felt that you had worked together and found a long term solution for our need for more single family housing.

We all rely on data and expertise which is provided by our well educated, trained and experienced personnel in the planning and development departments. Having had taken all this data and proceeded with proper consultations. By way of letters mailed out, holding an open house and given the opportunity to attend the planning committee & public hearing led to staff still standing by their recommendation. If the voice of the majority is what the council shall hear, then please hear mine as well. This policy is working throughout the city and this neighbourhood is not any different. It is not opposed to development as indicated during the public hearing.

Yours truly,

Khalida Sabeen

Dear Richmond City Council:

RE: Amendment of single family lot size policy 5434
For area bounded by Williams Road, No.5 Road
Steveston Highway and Shell Road (section 36-4-6)

As a resident/owner of this quarter section I, GLENN MARU of address 11751 SEABROOK CRES would like the city to adopt this staff recommended lot size policy 5434. As you are aware I the resident/owner of this quarter section have patiently waited for staff to bring an updated policy forward since 1991. Sitting back and watching my neighbors to the North and West clean their neighborhoods up of grow ops and run down houses with little to no street appeal makes me envious. I would like to see more affordable, manageable, similar sized homes as my neighbors to the North and West. After spending the majority of my time away from home, working, attending to children's activities at community centers and school parks as well shopping and cleaning. I find that quality luxurious time in a large home is something of the past. The times have changed and so have the neighborhoods. I think the recommendation brought forward is ideal for this area. I am in full support of this and hope that council will see that this policy is adopted.

Yours truly,

Richmond City Council

Dear Richmond City Council:

RE: Amendment of single family lot size policy 5434
For area bounded by Williams Road, No.5 Road
Steveston Highway and Shell Road (section 36-4-6)

As a resident/owner of a home in Richmond I, ^{QUARTERS} MIKE BRISZBOS of
address 11300 SERRAFIELD CR would like the city to adopt this staff
recommend lot size policy 5434. When you and the development department brought
forward a Lane Establishment and Arterial Road Development Policy I felt that you had
worked together and found a long term solution for our need for more single family
housing.

We all rely on data and expertise which is provided by our well educated, trained and
experienced personnel in the planning and development departments. Having had taken
all this data and proceeded with proper consultations. By way of letters mailed out,
holding an open house and given the opportunity to attend the planning committee &
public hearing led to staff still standing by their recommendation. If the voice of the
majority is what the council shall hear, then please hear mine as well. This policy is
working throughout the city and this neighbourhood is not any different. It is not opposed
to development as indicated during the public hearing.

Yours truly,

Mike Briszbos

Dear Richmond City Council:

RE: Amendment of single family lot size policy 5434
For area bounded by Williams Road, No.5 Road
Steveston Highway and Shell Road (section 36-4-6)

As a resident/owner of this quarter section I, P. Roth of address 10660 Seaburn Dr. would like the city to adopt this staff recommended lot size policy 5434. As you are aware I the resident/owner of this quarter section have patiently waited for staff to bring an updated policy forward since 1991. Sitting back and watching my neighbors to the North and West clean their neighborhoods up of grow ops and run down houses with little to no street appeal makes me envious. I would like to see more affordable, manageable, similar sized homes as my neighbors to the North and West. After spending the majority of my time away from home, working, attending to children's activities at community centers and school parks as well shopping and cleaning. I find that quality luxurious time in a large home is something of the past. The times have changed and so have the neighborhoods. I think the recommendation brought forward is ideal for this area. I am in full support of this and hope that council will see that this policy is adopted.

Yours truly,

P. Roth

As a resident/owner of a home in Richmond I, ^{QUARTER SIZE} ERIC EDMONSON of address 11041-56A FIVE LANE would like the city to adopt this staff recommend lot size policy 5434. When you and the development department brought forward a Lane Establishment and Arterial Road Development Policy I felt that you had worked together and found a long term solution for our need for more single family housing.

We all rely on data and expertise which is provided by our well educated, trained and experienced personnel in the planning and development departments. Having had taken all this data and proceeded with proper consultations. By way of letters mailed out, holding an open house and given the opportunity to attend the planning committee & public hearing led to staff still standing by their recommendation. If the voice of the majority is what the council shall hear, then please hear mine as well. This policy is working throughout the city and this neighbourhood is not any different. It is not opposed to development as indicated during the public hearing.

Yours truly,

Eric Edmonson

all this data and proceeded with proper consultations. By way of letters mailed out,
holding an open house and given the opportunity to attend the planning committee &
public hearing led to staff still standing by their recommendation. If the voice of the
majority is what the council shall hear, then please hear mine as well. This policy is
working throughout the city and this neighbourhood is not any different. It is not opposed
to development as indicated during the public hearing.

Yours truly,

Richmond City Council

Dear Richmond City Council:

RE: Amendment of single family lot size policy 5434
For area bounded by Williams Road, No.5 Road
Steveston Highway and Shell Road (section 36-4-6)

As a resident/owner of a home in Richmond I, ^{QUARTER SEC.} Mark Twain of
address SO-11020 Williams ~~KE-11020~~ would like the city to adopt this staff
recommend lot size policy 5434. When you and the development department brought
forward a Lane Establishment and Arterial Road Development Policy I felt that you had
worked together and found a long term solution for our need for more single family
housing.

We all rely on data and expertise which is provided by our well educated, trained and
experienced personnel in the planning and development departments. Having had taken
all this data and proceeded with proper consultations. By way of letters mailed out,
holding an open house and given the opportunity to attend the planning committee &
public hearing led to staff still standing by their recommendation. If the voice of the
majority is what the council shall hear, then please hear mine as well. This policy is
working throughout the city and this neighbourhood is not any different. It is not opposed
to development as indicated during the public hearing.

Yours truly,

Dear Richmond City Council:

RE: Amendment of single family lot size policy 5434
For area bounded by Williams Road, No.5 Road
Steveston Highway and Shell Road (section 36-4-6)

As a resident/owner of this quarter section I, Virgie Cavighia of address 10251 Seacote Road would like the city to adopt this staff recommended lot size policy 5434. As you are aware I the resident/owner of this quarter section have patiently waited for staff to bring an updated policy forward since 1991. Sitting back and watching my neighbors to the North and West clean their neighborhoods up of grow ops and run down houses with little to no street appeal makes me envious. I would like to see more affordable, manageable, similar sized homes as my neighbors to the North and West. After spending the majority of my time away from home, working, attending to children's activities at community centers and school parks as well shopping and cleaning. I find that quality luxurious time in a large home is something of the past. The times have changed and so have the neighborhoods. I think the recommendation brought forward is ideal for this area. I am in full support of this and hope that council will see that this policy is adopted.

Yours truly,

Virgie Cavighia

For area bounded by Williams Road, No.5 Road
Steveston Highway and Shell Road (section 36-4-6)

As a resident/owner of this quarter section I, Alex MacFarlane of address 10300 SIBELL RD, would like the city to adopt this staff recommended lot size policy 5434. As you are aware I the resident/owner of this quarter section have patiently waited for staff to bring an updated policy forward since 1991. Sitting back and watching my neighbors to the North and West clean their neighborhoods up of grow ops and run down houses with little to no street appeal makes me envious. I would like to see more affordable, manageable, similar sized homes as my neighbors to the North and West. After spending the majority of my time away from home, working, attending to children's activities at community centers and school parks as well shopping and cleaning. I find that quality luxurious time in a large home is something of the past. The times have changed and so have the neighborhoods. I think the recommendation brought forward is ideal for this area. I am in full support of this and hope that council will see that this policy is adopted.

Yours truly,

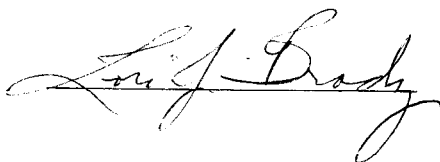

Richmond City Council

Steveston Highway and Shell Road (section 36-4-6)

As a resident/owner of a home in Richmond I, Victoria Chan of address 46-340 Beckett Rd, Richmond would like the city to adopt this staff recommend lot size policy 5434. When you and the development department brought forward a Lane Establishment and Arterial Road Development Policy I felt that you had worked together and found a long term solution for our need for more single family housing.

We all rely on data and expertise which is provided by our well educated, trained and experienced personnel in the planning and development departments. Having had taken all this data and proceeded with proper consultations. By way of letters mailed out, holding an open house and given the opportunity to attend the planning committee & public hearing led to staff still standing by their recommendation. If the voice of the majority is what the council shall hear, then please hear mine as well. This policy is working throughout the city and this neighbourhood is not any different. It is not opposed to development as indicated during the public hearing.

Yours truly,

Richmond City Council

Dear Richmond City Council:

RE: Amendment of single family lot size policy 5434
For area bounded by Williams Road, No.5 Road
Steveston Highway and Shell Road (section 36-4-6)

As a resident/owner of a home in Richmond I, PARGAN BHULLAR of
address 11251 KING ROAD would like the city to adopt this staff
recommend lot size policy 5434. When you and the development department brought
forward a Lane Establishment and Arterial Road Development Policy I felt that you had
worked together and found a long term solution for our need for more single family
housing.

We all rely on data and expertise which is provided by our well educated, trained and
experienced personnel in the planning and development departments. Having had taken
all this data and proceeded with proper consultations. By way of letters mailed out,
holding an open house and given the opportunity to attend the planning committee &
public hearing led to staff still standing by their recommendation. If the voice of the
majority is what the council shall hear, then please hear mine as well. This policy is
working throughout the city and this neighbourhood is not any different. It is not opposed
to development as indicated during the public hearing.

Yours truly,

Richmond City Council

Dear Richmond City Council:

RE: Amendment of single family lot size policy 5434
For area bounded by Williams Road, No.5 Road
Steveston Highway and Shell Road (section 36-4-6)

As a resident/owner of a home in Richmond I, JAGROOP BHULLAR of address 6660 S. DAWAY ROAD would like the city to adopt this staff recommend lot size policy 5434. When you and the development department brought forward a Lane Establishment and Arterial Road Development Policy I felt that you had worked together and found a long term solution for our need for more single family housing.

We all rely on data and expertise which is provided by our well educated, trained and experienced personnel in the planning and development departments. Having had taken all this data and proceeded with proper consultations. By way of letters mailed out, holding an open house and given the opportunity to attend the planning committee & public hearing led to staff still standing by their recommendation. If the voice of the majority is what the council shall hear, then please hear mine as well. This policy is working throughout the city and this neighbourhood is not any different. It is not opposed to development as indicated during the public hearing.

Yours truly,

Jag. Bhullar

Dear Richmond City Council:

RE: Amendment of single family lot size policy 5434
For area bounded by Williams Road, No.5 Road
Steveston Highway and Shell Road (section 36-4-6)

As a resident/owner of a home in Richmond I, _____ of
address _____ would like the city to adopt this staff
recommend lot size policy 5434. When you and the development department brought
forward a Lane Establishment and Arterial Road Development Policy I felt that you had
worked together and found a long term solution for our need for more single family
housing.

We all rely on data and expertise which is provided by our well educated, trained and
experienced personnel in the planning and development departments. Having had taken
all this data and proceeded with proper consultations. By way of letters mailed out,
holding an open house and given the opportunity to attend the planning committee &
public hearing led to staff still standing by their recommendation. If the voice of the
majority is what the council shall hear, then please hear mine as well. This policy is
working throughout the city and this neighbourhood is not any different. It is not opposed
to development as indicated during the public hearing.

Yours truly,

Dear Richmond City Council:

RE: Amendment of single family lot size policy 5434
For area bounded by Williams Road, No.5 Road
Steveston Highway and Shell Road (section 36-4-6)

As a resident/owner of this quarter section I, ~~HEST~~ PINDER BOWEN of address 11050 BRIDGEPORT RD would like the city to adopt this staff recommended lot size policy 5434. As you are aware I the resident/owner of this quarter section have patiently waited for staff to bring an updated policy forward since 1991. Sitting back and watching my neighbors to the North and West clean their neighborhoods up of grow ops and run down houses with little to no street appeal makes me envious. I would like to see more affordable, manageable, similar sized homes as my neighbors to the North and West. After spending the majority of my time away from home, working, attending to children's activities at community centers and school parks as well shopping and cleaning. I find that quality luxurious time in a large home is something of the past. The times have changed and so have the neighborhoods. I think the recommendation brought forward is ideal for this area. I am in full support of this and hope that council will see that this policy is adopted.

Yours truly,

Pinder Bowen

address 2471 McLeod Ave would like the city to adopt this staff
recommend lot size policy 5434. When you and the development department brought
forward a Lane Establishment and Arterial Road Development Policy I felt that you had
worked together and found a long term solution for our need for more single family
housing.

We all rely on data and expertise which is provided by our well educated, trained and
experienced personnel in the planning and development departments. Having had taken
all this data and proceeded with proper consultations. By way of letters mailed out,
holding an open house and given the opportunity to attend the planning committee &
public hearing led to staff still standing by their recommendation. If the voice of the
majority is what the council shall hear, then please hear mine as well. This policy is
working throughout the city and this neighbourhood is not any different. It is not opposed
to development as indicated during the public hearing.

Yours truly,

Gurvirinder K. Baska
