Comments:	Again I am very concerned about traffic around Alberta Rd.;-there are nursery schools,a primary school ,a high school and a park near by.Another issue/concern that I have is the parking along the road.Eventhough you mentioned that the developer is supposed to build two car garage townhouses;but the garages are single file-so people just park out side on the road .Over the last few years the City has approved a lot of building permits around the area -Alberta and Ferndale-too fast and too many.If this Notice of Public Hearing is a kind of formality that you have to go through -and nothing we can do since the area was asigned for high density residential purpose as you mentioned last time . Even if we do not agree but what can we do?
