Subject: Public Hearing December 17th re Richmond's ALR lot Size

Categories: - TO: MAYOR & EACH COUNCILLOR / FROM: CITY CLERK'S OFFICE

Dear Mayor and Councillors,

As a Richmond resident, I have been extremely disappointed in the growing issue of mansions on Richmond's ALR lots. The number of these huge homes being built south of Steveston Highway along No 2 Road is astounding ! Not only is this an inappropriate use of prime farmland, it has increased speculative development, led to illegal activities in these mansions, and continues to be the driving source of skyrocketing land values for agriculturally zoned land. I am writing to ask that at tonight's night's Public Hearing, you vote for 400 m2 (over 4,300 sq ft) as the maximum house size on ALR properties in Richmond.

400 m2 was determined by Richard Wozny to be THE APPROPRIATE FARMHOUSE SIZE FOR RICHMOND to reduce speculation on agricultural land and to divert residential uses to city lots, as it is in line with the maximum house sizes on Richmond's city lots.

It is essential that Richmond takes this step to be seen as a leader in farmland preservation, no longer bowing to developer and real estate interests. There is no need to allow all ALR land owners to build a mansion, as bonafide farmers have always had the option to apply for a larger home through the Agricultural Land Commission.

House size is one of the largest determinants of the cost of farmland, and by taking this step you will reverse a dangerous course. Please do the right thing and vote for 400 m2.

Sincerely,

Marj Ross,

Steveston, Richmond BC
