Date:	March 21, 2011
Item #:	7
Re:	Bylaw 8737

To Mayor and Councillors',

This letter is to inform you that the undersigned listed below are not in favour of the River Road application # 16540 (as listed under Dominium Cabinets) , regarding truck parking on ALR land.

With many safety concerns along the roads in our area, from the disregard of the slow moving farm equipment to the many young children that are put in danger with the careless speed and erratic driving of most of the current truck drivers. We are also witnessing the recently paved 7 Road quickly deteriorate with much attribution to the daily traffic of the large trucks.

Many of us have been raised and lived in this community for years, in fact some homesteads are over 100 years and as we continue our efforts and strive to produce the various agricultural crops but with the many challenges of the present day we feel that truck parking on property nearby (and what will materialize with it) can only hinder with our undertaking and should not be considered. We ask that you deny this application. Thank you
