Schedule 1 to the Minutes of the Planning Committee meeting of Richmond City Council held on Tuesday, January 9, 2024.

City of
Richmond

Memorandum
Planning and Development Division
Development Applications

To: Planning Committee
From: Joshua Reis, RPP, MCIP, AICP
Program Manager, Development
Re: **Application by Lung Designs Limited for Rezoning at 7560 Ash Street - Revised Rezoning Considerations**

Date: January 9, 2024

File: RZ 22-021110

The purpose of this memo is to provide revised rezoning considerations for the application by Lung Designs for rezoning at 7560 Ash Street (RZ 22-021110) with respect to the provision of secondary suites on Lots 1 and 2.

Further to the associated Staff report, the applicant has agreed to provide the following, consistent with the City's Affordable Housing Strategy:

- Lot 1 (western lot) - a minimum 1-bedroom secondary suite in any future construction of a new dwelling unit; and,
- Lot 2 (eastern lot) - a minimum 2-bedroom 46 m² secondary suite.

The attached rezoning considerations (Attachment 1) reflect the above arrangement and have been signed and agreed to by the applicant.

Should Planning Committee agree to the attached revised considerations, staff will update the Report prior to Council's consideration of the application.

Should you have any questions regarding this matter please contact the undersigned at jreis@richmond.ca or 604-204-8653.

Joshua Reis, RPP, MCIP, AICP

File No.: RZ 22-021110

Prior to final adoption of Richmond Zoning Bylaw 8500, Amendment Bylaw 10526, the developer is required to complete the following:

1. Removal of unauthorized structure (carport) on proposed Lot 1.
2. Road dedication along the entire east property line measuring 9.0 m wide for the extension of Armstrong Street.
3. Submission of a Landscape Plan, prepared by a Registered Landscape Architect, to the satisfaction of the Director of Development, and deposit of a Landscaping Security based on 100% of the cost estimate provided by the Landscape Architect (including hard and soft landscaping, installation costs, and a 10% contingency). The Landscape Plan should:
 - comply with the requirements of the zone regarding lot coverage, non-porous surfaces, and live landscaping percentages.
 - include the required four trees to be planted and maintained on each proposed lot (for a total of eight trees); minimum 8 cm caliper deciduous and 4 m high conifers. A minimum security of \$6,000.00 (\$750/tree) for these new trees must be included in the Landscape Cost Estimate. **NOTE: minimum size to be as per Tree Protection Bylaw No. 8057 Schedule A – 3.0 Replacement Trees.**
4. Registration of a flood indemnity covenant on title.
5. Registration of a legal agreement on Title to ensure that no final Building Permit inspection for a new dwelling unit is granted until a minimum one-bedroom secondary suite is constructed on Lot 1, and a minimum two-bedroom 46 m² (500 ft²) secondary suite is constructed on Lot 2, to the satisfaction of the City in accordance with the BC Building Code and the City's Zoning Bylaw. The legal agreements will need to be modified at the time of subdivision to ensure that each subdivided lot has the correct legal agreement attached.
6. Payment of all fees in full for the cost associated with the Public Hearing Notices, consistent with the City's Consolidated Fees Bylaw No 8636, as amended.

Prior to Demolition Permit* Issuance, the developer must complete the following requirements:

1. Installation of tree protection fencing around all trees on neighbouring properties to be retained. Tree protection fencing must be installed to City standard in accordance with the City's Tree Protection Information Bulletin TREE-03 prior to any works being conducted on-site, and must remain in place until construction and landscaping on-site is completed.

At Subdivision* stage, the developer must complete the following requirements:

1. Payment of the current year's property taxes, Development Cost Charges, School Site Acquisition Charge, Address Assignment Fees, and the costs associated with the completion of the design and construction of engineering infrastructure and frontage improvements.
2. Enter into a Servicing Agreement* for the design and construction of engineering infrastructure improvements. A Letter of Credit or cash security for the value of the Service Agreement works, as determined by the City, will be required as part of entering into the Servicing Agreement. Works include, but may not be limited to:
 - a) *Water Works:*
Using the OCP Model, there is 400 L/s of water available at a 20 psi residual at the Ash Street frontage and 210 L/s of water available at a 20 psi residual along the Armstrong Street frontage. Based on your proposed development, your site requires a minimum fire flow of 95 L/s.

Initial: _____

At Developer's cost, the Developer is required to:

- b) Submit Fire Underwriter Survey (FUS) or International Organization for Standardization (ISO) fire flow calculations to confirm development has adequate fire flow for onsite fire protection. Calculations must be signed and sealed by a Professional Engineer and be based on Building Permit Stage building designs.
- c) Inspect and retain existing water service connection near the Ash Street Frontage if in good condition to service proposed Lot 1. If damaged or no longer suitable for further use replace the water service connection via the Servicing Agreement.
- d) Install a new water service connections complete with water meters per City standards near the Armstrong Street frontage to service proposed Lot 2.
- e) Provide a right-of-way for the water meter. Minimum right-of-way dimensions to be the size of the meter box (from the City of Richmond supplementary specifications) + any appurtenances (for example, the bypass on W2o-SD) + 0.5 m on all sides. Exact right-of-way dimensions to be finalized during the building permit process (or via the servicing agreement process, if one is required).

At Developer's cost, the City will:

- f) Complete all tie-ins for the proposed works to existing City infrastructure.

Storm Sewer Works:

At Developer's cost, the Developer is required to:

- g) Provide an erosion and sediment control plan for all on-site and off-site works, to be reviewed as part of the servicing agreement design.
- h) Inspect and retain existing storm service connections near the Ash Street Frontage if in good condition to service proposed Lot 1. If damaged or no longer suitable for further use replace the storm service connections via the Servicing Agreement.
- i) Install a new storm service connections complete with inspection chambers near the Armstrong Street frontage to service proposed Lot 2.

At Developer's cost, the City will:

- i) Complete all tie-ins for the proposed works to existing City infrastructure.

Sanitary Sewer Works:

At Developer's cost, the Developer is required to:

- j) Not start onsite excavation or foundation construction until completion of rear-yard sanitary works by City crews.
- k) Inspect and retain existing sanitary service connection near the Ash Street Frontage if in good condition to service proposed Lot 1. If damaged or no longer suitable for further use replace the sanitary service connection via the Servicing Agreement.
- l) Install a new sanitary service connections complete with inspection chambers near the Armstrong Street frontage to service proposed Lot 2.

At Developer's cost, the City will:

- m) Complete all tie-ins for the proposed works to existing City infrastructure.

Street Lighting:

At Developer's cost, the Developer is required to:

- n) Review street lighting levels along all road and lane frontages, and upgrade as required.
- o) Replace the Hydro lease light on Ash Street with a new City street light, and provide street lighting conduit along the development frontage.

Frontage Improvements

At Developer's cost, the Developer is required to:

- p) Complete other frontage improvements as per Transportation requirements, e.g.:

Initial: _____

- (1) Armstrong Street: pavement widening, new 1.5 m wide concrete sidewalk at the new property line, 1.5 m wide treed/grassed boulevard and 0.15 m wide curb and gutter. The road widening is to include +/- 6.35 m wide new pavement to meet the existing edge of pavement.
- (2) Ash Street: road widening to meet existing pavement for a total width of 8.5m, new 1.75 m wide concrete sidewalk at the property line, 3.1 m wide treed/grassed boulevard and 0.15 m wide curb and gutter.
- (3) Not encroach into City rights-of-ways with any proposed trees, retaining walls, or other non-removable structures. Retaining walls proposed to encroach into rights-of-ways must be reviewed by the City's Engineering Department.

Prior to Building Permit* Issuance, the developer must complete the following requirements:

1. Submission of a Construction Parking and Traffic Management Plan to the Transportation Department. Management Plan shall include location for parking for services, deliveries, workers, loading, application for any lane closures, and proper construction traffic controls as per Traffic Control Manual for works on Roadways (by Ministry of Transportation) and MMCD Traffic Regulation Section 01570.
2. Obtain a Building Permit (BP) for any construction hoarding. If construction hoarding is required to temporarily occupy a public street, the air space above a public street, or any part thereof, additional City approvals and associated fees may be required as part of the Building Permit. For additional information, contact the Building Approvals Department at 604-276-4285.

Note:

* This requires a separate application.

- Where the Director of Development deems appropriate, the preceding agreements are to be drawn not only as personal covenants of the property owner but also as covenants pursuant to Section 219 of the Land Title Act.

All agreements to be registered in the Land Title Office shall have priority over all such liens, charges and encumbrances as is considered advisable by the Director of Development. All agreements to be registered in the Land Title Office shall, unless the Director of Development determines otherwise, be fully registered in the Land Title Office prior to enactment of the appropriate bylaw.

The preceding agreements shall provide security to the City including indemnities, warranties, equitable/rent charges, letters of credit and withholding permits, as deemed necessary or advisable by the Director of Development. All agreements shall be in a form and content satisfactory to the Director of Development.

- Additional legal agreements, as determined via the subject development's Servicing Agreement(s) and/or Development Permit(s), and/or Building Permit(s) to the satisfaction of the Director of Engineering may be required including, but not limited to, site investigation, testing, monitoring, site preparation, de-watering, drilling, underpinning, anchoring, shoring, piling, pre-loading, ground densification or other activities that may result in settlement, displacement, subsidence, damage or nuisance to City and private utility infrastructure.
- Applicants for all City Permits are required to comply at all times with the conditions of the Provincial *Wildlife Act* and Federal *Migratory Birds Convention Act*, which contain prohibitions on the removal or disturbance of both birds and their nests. Issuance of Municipal permits does not give an individual authority to contravene these legislations. The City of Richmond recommends that where significant trees or vegetation exists on site, the services of a Qualified Environmental Professional (QEP) be secured to perform a survey and ensure that development activities are in compliance with all relevant legislation.
