I am writing in regards to the proposed removal of tree #986 (Norway Spruce), listed on page 107 of the Tree Removal, Retention and Protection Plan (5471-5631 Steveston Highway).

A request is submitted to review the rationale for removal of #986, as this tree is of significant environmental value to the neighbourhood.

If attempts to retain tree #986 are ultimately not successful, replacement of this tree and tree #1000 at a 5:1 ratio is requested, for a total of 90 replacement trees for this project.

Thank you,
Julia
