<b>LOCATION OF PROBLEM IF APPLICABLE:</b>	

Address:	13191 Princess Street, Richmond, BC
Cross Streets:	
Please describe the problem or concern you wish to report:	<p>I am writing regarding the notice of application for a development permit DP 08-441184 I received. Unfortunately, I am unable to attend the Development Permit Panel meeting held at Council Chambers, Richmond City Hall on Apr 29. On behalf of myself and my family, I would like to express that we strongly disagree to allow such construction. I am afraid pollution is a big concern. Recently, we have enough constructions to deal with in our neighbourhood which greatly affect our daily lives. Construction means a lot of dust and particles flying around, and also the construction machines create a lot of noise pollution. Construction vehicles parked all over the place, not yielding any parking spaces for us and our visitors is also a nuisance. Also, the portable washrooms for construction workers may potentially cause hygiene issues. In conclusion, banning the construction will help with the preservation of healthy living in a clean environment and it will increase natural quietness. Please be considerate and help save our environment. Thank you.</p>
