**Subject:** Steveston Highway Townhomes (5191 - 5351 Steveston Highway)

Dear Mayor and Council,

My name is Susanna Cheung and I live at #75 - 3088 Airey Drive, Richmond.

I support the townhome development that has been proposed for 5191 – 5351 Steveston Highway, just east of Railway. I know the area well and it is a good location for new townhomes. I went to the public information meeting last year and I think the design of the project is beautiful with good layouts for families.

Since the information meeting I learned that the application now includes a new traffic light and crosswalk at Swallow Drive. This is a good idea – there is so much speeding along Steveston. It's good to get cars going more slowly and to have a safe place for pedestrians to cross.

Please approve this new project.

Thank you.

Sincerely,

Susanna Cheung
