Subject: Anthem Steveston Hwy Townhomes

Dear Mayor and Council,

My name is Tracy Wu and I live at 1108-8851 Lansdowne Rd.
I support the townhome development that has been proposed for 5191-5351 Steveston Highway, just east of Railway. I know the area well and it is a good location for new townhomes. I went to the public information meeting last year and I think the design of the project is beautiful with good layouts for families. Since the information meeting I learned that the application now includes a new traffic light and crosswalk at Swallow Drive. This is a good idea- there is so much speeding along Steveston it's good to get cars going more slowly and to have a safe place for pedestrians to cross.

Please approve this new project.

Thank you.

Kind regards,

Tracy Wu
