Dear Mayor and Council Members,

I am a local resident of Richmond writing to you in support of the proposal for the redevelopment of Lansdowne Mall. Having seen the plans and having my questions and concerns answered to my satisfaction (re: charging for electric cars, bike infrastructure, etc), I look forward to the improvement of the space that has become outdated.

I hope that city will also ensure that facilities such as walk in clinic/community services will be added to the space so that the existing infrastructure is not overwhelmed by the increased population to the neighborhood.

We are all aware that increasing the availability of homes and low cost housing is required. However, simply building the homes without the proper infrastructure (medical, roads, schools, etc.) leads to other problems. I hope that the city is willing to approve the development, but is also willing to take the necessary steps to ensure that the new residents and the current residents will have sufficient city support that is required to have an great experience for everyone.

Thank you for considering my comments.  
Jason Caspick
