Comments:	<p>Dear Council, I would like to oppose to the construction of a new hotel building at 8540 Alexandra Road, as I am very concerned for the security and safety of my neighborhood. First, the hotel building is 10 storey high and a block away, there is privacy concern for the residents who live on the 10th floor and below. By looking out the windows, the hotel guests may have a clear view of the units directly across from the hotel. Second, the construction noise and debris will pollute the neighborhood and creating poor living environment for the residents. Lastly, the entrance of the hotel located on Kwantlen Street will congest the already busy road with even heavier volume of traffic. As a resident of Seasons, I strongly urge the council to reconsider the approval of constructing a hotel located at 8540 Alexandra Road.</p> <p>Sincerely, ALVIN</p>
