Comments:

I am writing to object to the proposed rezoning of 9091, 9071, 8391 and 8411 Williams Road. The proposed rezonings will result in the construction of 19 townhouses in the place of 4 homes. Williams Road has already been extensively rezoned. Most of the larger lots have been divided into two lots, with the resulting increase in population and traffic. Whiteside Elementary, in whose catchment the bylaw 8233 homes would be, is already using portables. It is also our local French Immersion School and, as you know, the school board recently had to go to a lottery system because the number of students wanting French Immersion exceeds the number of available spots. The properties under bylaw 8234 are within Bridge Elementary's catchment, which is the other relatively close school that offers French Immersion. By increasing the density so much in our neighbourhood, you are overcrowding our parks, streets and schools. We bought in this area because it was a quiet area of homes. We do not want it redeveloped into a

maze of townhomes like those that exist in other parts of Richmond. Thank you.
