Dear Director,

I am the owner of #1006-6333 Katsura St., I strongly  
against the high-rise project in 9099 Cook Road. If it was built  
the distant between our building and this one will be extreme  
close. People in that building can see clearly what we are doing  
in our home, no privacy. This block is already a busy block.  
Squeezing in such a high-rise is totally unacceptable.

Those Developers should stop doing such thing really harmful  
to other people. Selfish and greed must be kicked out  
of our society!

Yu Ning Zhan.
