Comments	Regarding the subject property application for rezoning, I have attended the community information sessions and appreciated the considered and reasoned approach undertaken by the developers. While I initially had questions, I felt they were thoroughly answered and provided me with confidence that the proposed rezoning and development is in the best interest of the community. As a resident of Steveston, I strongly support considered and appropriate mixed residential and commercial development in the area and particularly like the developer's proposed inclusion of a grocery store and a style and design that reflects the community well. I also think there is considerable benefit to the site of the rezoning and its potential to draw commercial traffic

	westward in the Village.
