October 26, 2009

Mayor and Council  
 City of Richmond  
 6911 No. 3 Road  
 Richmond, BC V6Y 2C1

Dear Mayor Brodie and Members of Council;

**RE: Relocation of Japanese Nurse’s Residence**

The Steveston Historical Society accepts and supports Council’s decision to move the above-mentioned house to the park adjacent to the Steveston Museum. The timing is appropriate as we are in dire need of additional storage space, and are looking forward to the future use of the building for programs and exhibits of Japanese culture at our site.

The addition of this historic building will greatly enhance the visitor experience at the Steveston Museum and Post Office. We look forward to the opportunity to be involved in the final placement and design of the house as the City moves forward with this project.

Kindest regards,

*Karen Schiefner*  
 Karen Schiefner, President  
 Steveston Historical Society
