Staff Report

Origin

Boulevard and Roadway Protection and Regulation Bylaw No. 6366 regulates the use and restoration of roadways and boulevards during the construction of buildings or structures, and during some transportation activities.

This report outlines recommended minor housekeeping changes to Bylaw No. 6366, as proposed with Amendment Bylaw No. 9736.

Analysis

Bylaw No. 6366 contains provisions that allow the City to obtain securities from property owners or agents to ensure that boulevards and roadways are properly maintained and restored during and after construction and transport activities as prescribed in the Bylaw. These securities are fully refundable, however the City may draw on these securities if the property owner or agent is non-compliant with the maintenance or restoration required in the Bylaw.

In addition to these securities, a non-refundable inspection charge is collected to cover the cost of two inspections by City staff, one before and one after the prescribed activity. The inspection charges are currently included in both Bylaw No. 6366 and the Consolidated Fees Bylaw No. 8636. Amendment Bylaw No. 9736 removes the redundant table from Bylaw No. 6366.

Amendment Bylaw No. 9736 also fixes an incorrect reference in Bylaw No. 6366 Clause 5(b) to another section within the Bylaw.

Financial Impact

None.

Conclusion

Amendment Bylaw No. 9736 proposes housekeeping changes to Boulevard and Roadway Protection and Regulation Bylaw No. 6366 to eliminate a duplicated fee table and fix a typographical error.
