Staff Report

Origin

The Provincial Liquor and Cannabis Regulation Branch (LCRB) issues licences in accordance with the *Liquor Control and Licensing Act* (the Act) and the Regulations made pursuant to the Act. This report deals with an application to the LCRB and the City of Richmond by Hotel Versante Ltd., doing business as Versante Hotel, (hereinafter referred to as “Versante Hotel”) for a new Food-Primary Liquor Licence to:

- add patron participation entertainment endorsement which must end by midnight;
- establish hours of liquor service, Monday to Sunday, from 9:00 AM to 2:00 AM; and
- operate with total person capacity of 355 persons.

The City of Richmond is given the opportunity to provide written comments by way of a resolution to the LCRB with respect to the liquor licence applications and amendments. For a new Food-Primary Liquor Licence, the process requires the local government to provide comments with respect to the following criteria:

- the potential for noise;
- the impact on the community; and
- whether the amendment may result in the establishment being operated in a manner that is contrary to its primary purpose.

This application relates to one of three licenced premises in a new hotel being built in Richmond at the corner of West Road and Bridgeport Road. One of the premises was previously approved for a Liquor Primary Licence and this report relates to one of two Food Primary Liquor Licences currently submitted for City Council approval prior to being forwarded to the LCRB for their consideration. This application relates to overall hotel operations, including conference facilities.

This report supports Council’s Strategic Plan 2018-2022 Strategy #7 A Supported Economic Sector:

Facilitate diversified economic growth through innovative and sustainable policies, practices and partnerships.

Analysis

Versante Hotel will be situated in a new development and will be a new business. The property is zoned High Rise Office Commercial (ZC33) – City Centre and the use of a hotel is consistent with the permitted uses in this zoning district.

With the current measures in place to prevent the spread of COVID-19, Versante Hotel is unable to host events that include patron participation. However, the City has completed the public notification process and granting the licence now will allow the business to undergo the LCRB process for approval of the Liquor Licence. When the hotel has received final approval for occupancy from the Building Approvals Department it can commence hotel operations without liquor restrictions. Once permitted by the Provincial Health Orders, Versante Hotel will be permitted to have patron participation.

The overall Occupant load of 355 persons is spread throughout the hotel and covers the ground floor restaurant with 90 persons; bar with 37 persons; the third floor with three conference rooms with 60 persons per room; and the sixth floor outdoor patio with 48 persons for the pool deck.

Versante Hotel's request for patron participation entertainment endorsement is for added amenities to the restaurant and bar on the ground floor, conference rooms on the third floor and pool deck on the sixth floor. This will permit liquor service on the pool deck, dancing, live music from time to time, which could include karaoke. This would add a greater operational flexibility to Versante Hotel.

Impact of Noise on the Community

The location of this establishment is such that there should be no noise impact on the community. The patron participation entertainment endorsement must end by midnight and the establishment should not operate contrary to its primary purpose as a food primary establishment.

Impact on the Community

The community consultation process for reviewing applications for liquor related licences is prescribed by the Development Application Fees Bylaw No. 8951 which under Section 1.8.1 calls for:

- 1.8.1 Every **applicant** seeking approval from the **City** in connection with:
 - (a) a licence to serve liquor under the *Liquor Control and Licensing Act and Regulations*; must proceed in accordance with subsection 1.8.2.
- 1.8.2 Pursuant to an application under subsection 1.8.1, every **applicant** must:
 - (a) post and maintain on the subject property a clearly visible sign which indicates:
 - (i) type of licence or amendment application;
 - (ii) proposed person capacity;
 - (iii) type of entertainment (if application is for patron participation entertainment); and
 - (iv) proposed hours of liquor service; and
 - (c) publish a notice in at least three consecutive editions of a newspaper that is distributed at least weekly in the area affected by the application, providing the same information required in subsection 1.8.2(b) above.

The required signage was posted on September 22, 2020 and three advertisements were published in the Richmond News newspaper on September 24, 2020, October 1, 2020 and October 8, 2020.

In addition to the advertised signage and public notice requirements, staff sent letters to businesses, residents and property owners within a 50 meter radius of the establishment. On September 24, 2020, 198 letters were sent to residents, businesses and property owners. The

letter provided information on the proposed liquor licence application and contained instructions to comment on the application. The period for commenting for all public notifications ended October 24, 2020.

As a result of the community consultative process described, the City has not received any responses opposed to this application.

Other Agency Comments

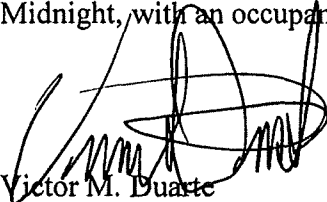

As part of the review process, staff requested comments from other agencies and departments such as Vancouver Coastal Health, Richmond RCMP, Richmond Fire-Rescue, Building Approvals Department and the Business Licence Department. These agencies and departments generally provide comments on the compliance history of the applicant's operations and premises. As this is a brand new development and business, no concerns were raised or comments provided by Vancouver Coastal Health, Richmond RCMP, or Building Approvals Department. Richmond Fire-Rescue commented that they had no comments or concerns.

Financial Impact

None.

Conclusion

The results of the community consultation process of Versante Hotel's proposed Food Primary Liquor Licence application was reviewed based on the LCRB criteria. The analysis concluded there should be no noticeable potential impact from noise, no significant impact to the community and no comments or views from the neighboring residents, businesses or property owners. Staff therefore, recommend approval of the application from Versante Hotel to operate a Food Primary Licence with Patron Participation Entertainment Endorsement with liquor service from Monday to Sunday from 9:00 AM to next day 2:00 AM, patron participation ending at Midnight, with an occupant load of 355 persons.
