Staff Report

Origin

The Canadian Public Works Association's annual National Public Works Week is from May 20 to 26, 2018 and to celebrate, the City will host three events. This report provides information on the upcoming events that will be held to acknowledge National Public Works Week.

This report supports Council's 2014-2018 Term Goal #9 A Well-Informed Citizenry:

9.2. Effective engagement strategies and tools.

Analysis

Each May, National Public Works Week recognizes the many people dedicated to their communities by working in public works careers. Municipalities celebrate National Public Works Week with open houses, school and educational events, and displays of public works equipment. The City recognizes National Public Works Week through a proclamation outlining the following areas:

- Public Works services provided in the community are an integral part of Richmond residents' everyday lives.
- The support of an understanding and informed citizenry is vital to the efficient operation of Public Works systems and programs such as water, sewers, streets and highways, public buildings and solid waste collection.
- The health, safety and comfort of this community greatly depend on these facilities and services.
- The quality and effectiveness of these facilities, as well as their planning, design and construction, is vitally dependent upon the efforts and skills of Public Works staff.
- The efficiency of the qualified and dedicated personnel who staff the Public Works department is materially influenced by people's attitude and understanding of the importance of the work they perform.

The City will recognize National Public Works Week by hosting three significant events:

1. Project WET

Project WET, the City's annual water education program developed in partnership with the Richmond School District, will be held from May 8 to May 10. The program will be presented to 12 elementary school classes, with approximately 350 students and teachers expected to attend. This interactive program teaches intermediate students the importance of water consumption, conservation, quality and supply. Students will also learn about Richmond's recycling programs, dikes, pump stations and sewerage and drainage operations.

2. National Public Works Week Breakfast and Scholarships

A breakfast to celebrate Public Works staff will be held on Thursday, May 10 at 6:30 a.m. in the Works Yard garage. The breakfast provides an opportunity for employees to celebrate their achievements and to acknowledge the hard work that's put into maintaining the City's infrastructure 24 hours a day, seven days a week. Additionally, recipients of the \$1,000 City of Richmond/CUPE Local 394 scholarships will be invited to receive their scholarships on stage. These scholarships are awarded annually to two Richmond high school students who have elected to pursue trades professions.

3. Public Works Open House

The annual Public Works Open House will take place on Saturday, May 12 from 11:00 a.m. to 3:00 p.m. at the Works Yard. Nearly 6,500 residents attended in 2017. The free event allows residents to meet City staff; learn about the work they perform and the programs offered; have fun exploring the various booths; participate in the interactive displays; eat at one of the food vendors and listen to live entertainment.

This year, we will be introducing Kidstruction, a collaboration amongst Public Works sections that encourages hands-on, educational free-play. Favourites such as hands-on Lafarge cement building zone, excavator lessons, crafts, games, play areas, environmental sustainability displays and Richmond Fire and emergency displays will return again this year. The CUPE 394 sponsored car show will be located at Dover Park. To ensure traffic flows smoothly and minimize interruptions, we will have traffic control personnel working on Lynas Lane from 9:00 a.m. to 5:00 p.m.

Financial Impact

None.

Conclusion

The City's Engineering and Public Works Division, together with Community Services and Community Safety Division, play an active role in celebrating the annual National Public Works Week. Three events are held to recognize and highlight the people who provide and maintain the infrastructure services known as Public Works. Cities across Canada participate by raising awareness of Public Works contributions, and encourage community support for these dedicated employees who consistently improve the quality of life for residents.
