Analysis

Richmond Public Art Program

The Public Art Program plays a key role in shaping, animating and enriching the public realm, instilling civic pride and contributing to community identity. Artwork placed in the public realm has the power to engage the public, celebrate culture, broaden the diversity of arts experiences and opportunities, serve as an educational resource to expand public awareness and understanding of the arts, stimulate conversations, strengthen and support the arts community and inspire creativity.

Since Council's adoption of the Public Art Program Policy in 1997, the Public Art Program's collection has grown to a total of 210 works of public art, with 152 works currently on display around Richmond. Documentation of public art that is no longer on display is archived on the Public Art Program website.

Public art adds value to public and private development, enriching the public realm for residents and visitors to Richmond and advances Richmond's standing as a model for high quality urban development. The City provides leadership in integrating public art with major civic facilities as well as small scale public infrastructure. The private sector has demonstrated that an investment in public art enhances their reputations as progressive city builders, while creating a liveable and desirable place to live and work. The Community Public Art Program engages members of the

community in art making, discussions and public events. The Public Art Education Program provides learning opportunities for both the general public and professional artists.

2017 Public Art Projects

Richmond Canada 150 Public Art Program

On November 28, 2016, Council endorsed the Richmond Canada 150 Celebrations Public Art Plan, as the guiding plan for public art opportunities in support of Canada 150 celebrations and major event programming.

In 2017, the Public Art program celebrated Canada's 150 Anniversary of Confederation with two new legacy art works at City Hall, a mural in Steveston and public art projects to animate public places including artist-designed modular seating and a temporary native plant display and programming, *Our Home and Native Bloom*.

Arrival of S.V. Titania

A new artwork by eminent marine painter John M. Horton was unveiled at City Hall on Tuesday, May 23, 2017. The painting was commissioned in honor of Richmond Canada 150 and depicts the sailing vessel *Titania's* arrival in Steveston harbour in 1889. It was a meaningful occasion in Richmond's history as it marked the first time a Europe-bound vessel had docked in Steveston to receive the first direct shipment of canned salmon at Britannia Wharf.

Canada 150 Mural, *Arrival of S.V. Titania Mural*

The Richmond Canada 150 Mural *Arrival of S.V. Titania* by Dean and Christina Lauzé is located on an exterior wall of the Steveston Hotel, 12111 Third Avenue. Commissioned in honour of the 150th anniversary of Canada's confederation in 2017, the mural is based on the oil painting of the same title by John M. Horton on display at City Hall.

Fraser Giant

Fraser Giant by Henry Lau and David Geary is located at Richmond City Hall South Plaza on Granville Avenue. The artwork symbolically depicts a 22-foot long 150-year-old sturgeon as a metaphor for the Fraser River in celebration of the region's maritime heritage. Created in acknowledgement of Canada's 150th anniversary of confederation, the sculpture is also a symbol of longevity, resilience and hope for the City of Richmond.

Fraser Giant, Henry Lau and David Geary

Fluvial Fan

Fluvial Fan by Nicole Alden, Patrick Beech, Genevieve Depelteau, John Musil and Allison Tweedie was a pop-up garden installation activating City Hall plaza. The artwork was composed of more than 4,700 plants with species native to British Columbia and designed by landscape architecture students from the University of British Columbia. The floral design depicts a fluvial fan at the mouth of a river with floral islands that symbolically represent Richmond's 17 islands and the landforms that have been shaped over time by the Fraser River.

Our Home and Native Bloom

Our Home and Native Bloom

The *Fluvial Fan* installation was part of *Our Home and Native Bloom*, an interdepartmental project and collaboration between Public Art, Engineering Sustainability, Parks Services and Major Events. The project incorporated weekly educational artist talks, workshops and Music in the Plaza programming from June 7 to July 8. A Musqueam welcome was presented by Terry Point on June 7 to launch *Our Home and Native Bloom*. The exhibition ended with a public plant sale on July 9 and 10.

- June 7: **TALK + TOUR: Native Edible and Medicinal Plants** with Métis Herbalist, Lori Snyder. Participants learned about native edible and medicinal plants through a tour of *Fluvial Fan*, a pop-up garden in Richmond City Hall Plaza.
- June 14: **TALK: *Fluvial Fan* and Native Species** with Nicole Alden, Genevieve Depelteau, John Musil and Miriam Plishka. Students presented a talk about the inspiration and design concept for the floral installation *Fluvial Fan*. This talk was followed with a presentation by Miriam Plishka, Park Planner from the City of Richmond, on current park projects that include extensive native planting and the resulting benefits for the city.
- June 21: **TALK: Our Home and Native Bumblebees** with artist Lori Weidenhammer. This talk covered the benefits of planting native flowers in home gardens for wild bees, especially local bumblebees.
- June 28: **WORKSHOP: The Art of Ikebana** with Judie Glick, Vancouver Ikebana Association. In this workshop, participants learned the Japanese art of arranging local plant materials and created their own small arrangement to take home.
- July 7: **WORKSHOP: The Weaving Wagon** with artist Sharon Kallis. A pop-up studio and cartage system was presented by environmental artist Sharon Kallis for a workshop on rope-making using invasive plant materials.

Our Home and Native Bloom Poster

Additional Canada 150 Civic Public Art projects launched in 2017 and scheduled for installation in 2018–2019 include *Meander* and *Canada 150 Sewer Access Covers*.

Canada 150 Modular Seating

Meander

Meander by Becki Chan and Milos Begovic was commissioned for the Richmond Canada 150 artist-designed modular seating competition. The set of 20 bright blue portable benches was inspired by the

Fraser River and are designed to be used in a variety of seating configurations for public spaces across Richmond, including audience seating and informal gathering spaces. They are easily portable and can be used for major events such as Richmond World Festival and Canada Day in Steveston. The modular seating will launch in spring 2018.

Richmond Canada 150 Storm and Sanitary Access Cover Artist Call

A national competition was launched in fall 2017 to solicit design proposals for two new sets of sewer access covers. Two artists or artist teams will be selected from over 100 submissions and the new covers are projected to be installed in late fall 2018.

Access Covers, Jeff Porter

Civic Public Art Program

In 2017, five new public art works were commissioned by the City and installed at community centres, parks, civic buildings and along city sidewalks. These included:

to be distinct and to hold together

The new artwork for Fire Hall No. 3 at 9680 Cambie Road, *to be distinct and to hold together* by Daniel Laskarin, is comprised of three interlocked triangular panels standing on a raised circular platform near the northeast corner of the building. The three-sided tetrahedral form symbolizes a unique partnership between Richmond Fire-Rescue, Ambulance Services and its relationship to the community it serves. The work stands near the sidewalk, providing easy public access and inviting an interactive engagement—the ability to push the work is slowly discovered by those who use the area.

Apiary Almanac

The temporary painted art installation, *Apiary Almanac*, by Hapa Collaborative has been installed on Lansdowne Road between Cedarbridge Way and Minoru Boulevard. *Apiary Almanac* references the honey bee and the fruits of their labour. Honey produced in every colony is as distinct as the place it comes from; its flavour profile changes from place to place depending on the surrounding vegetation,

and can even differ from year to year depending on the season. Honey is created from the distinct elements of a neighbourhood (via nectar), which is collected, distilled, and mixed together to produce a uniquely sweet expression of time and place.

This installation interprets an aspirational blooming calendar, drawing colour from a palate of foraging material hoped to eventually be on site. The form and geometry subtly reference the honeycomb, creating a playful and vibrant installation.

Apiary Almanac, Hapa Collaborative

Underwater

Underwater by Vancouver-based artist Andrea Sirois has been installed on the Oval Village District Energy Utility building located at 7011 River Parkway. The artwork completely wraps the geothermal energy facility that is operated by Corix Utilities Inc. *Underwater* tells a visual story that echoes the theme of water as energy. Its photographic images depict water flowing around the building's exterior, symbolizing the energy that is literally flowing below.

Underwater, Andrea Sirois

Urban Weave

Richard Tetrault's *Urban Weave* is a public artwork integrated into the south façade of the Storeys building at 8111 Granville Avenue. The sequence of routed, powder coated aluminum panels incorporates script-like drawn images that reflect the building's purpose and geographic context. The imagery is inspired by key words that underscore the aspirations of the resident non-profit organizations, including "diversity," "respect" and "dignity." Other narrative elements reference Richmond's natural heritage and a landscape in transition.

Urban Weave, Richard Tetrault

In addition, several civic public art projects were commissioned in 2017, and are scheduled for installation in 2018–2019. They include:

- *Richmond Fire Fighter* by Nathan Scott, Fire Hall No. 1
- *Errant Rain Cloud* by Gordon Hicks and Germaine Koh, Minoru Centre for Active Living
- *Four Types of Water Revealed* by Germaine Koh, No. 2 Road Drainage Pump Station
- *Entries and Arrivals*, Minoru Centre for Active Living
- *West Cambie Neighbourhood Park Integrated Landscape*
- *Gilbert Road Greenway*
- *Steveston Nikkei Memorial*

City Utility Cabinet Wrap Program

The Public Art Program has partnered with Engineering and Public Works, Parks, Transportation, Environmental Programs and Heritage Services to beautify new and existing utility boxes through the City. In 2017, 30 artists were selected for the 2017–2019 Art Wrap Artist Roster in order to commission selected artists for wrapping utility boxes as the boxes are identified. In 2017, three utility boxes were wrapped at the Steveston Town Square Park at the Steveston Museum.

Magnolias and Bamboo

Magnolias and *Bamboo* are three art wraps by artist Anita Lee and are located behind the Steveston Museum and the adjacent Town Square Park at 3811 Moncton Street. *Magnolias* can be viewed from inside the Steveston Japanese Fishermen’s Benevolent Society Building. Anita Lee describes her approach to her art as a contemporary blend of *guóhuà*, the ancient traditional Chinese painting on scrolls, and Western art which captures her interpretation of raw unadulterated natural beauty.

Magnolias, Anita Lee

Bamboo, Anita Lee

Two additional public art wrap projects were commissioned in 2017, and are scheduled for installation in 2018–2019. These include:

- **Environmental Bins**
The Public Art program partnered with Engineering and Public Works, Waste Reduction and Recycling to select artists for new environmental recycling units for Garry Point Park. Three artists were selected and their

designs are expected to be installed by fall of 2018. The images for the recycling units are responsive to the site and reflect on themes of history, ecology and sustainability.

Deeply Rooted, April Lacheur

- **Arts Centre Art Truck Art Wrap**
The Richmond Arts Centre partnered with the Public Art Program to select a local artist, Emily Shepperd, to design an art wrap for the Art Truck. The dynamic design will raise the profile of the vehicle in public and assist in the promotion of the Arts Centre and the role of the Art Truck for outreach programming. In the spring of 2018, the Richmond Arts Centre will reveal a new branding slogan to be incorporated into the design of the Art Truck.

Art Truck Wrap Proposal, Emily Shepperd

Private Development Public Art Program

Through the development applications process, private developers continued to provide high quality public art to enrich the public realm. In 2017, the following projects were completed:

Sail Wall

Sail Wall by Derek Root is integrated into the façade of the Cressey Cadence Development located at 7468 Lansdowne Road. Researching within the City of Richmond Archives, the artist found early 20th century photographs of sailing dinghies that were used to transport fish from larger boats along the waterways to Lulu Island. The triangular shape of the dinghy sail was adapted, elongated and arranged as a repeated motif. The bright colour and rhythmical composition signal a spirit of optimism and happiness.

Sail Wall, Derek Root

A Distance Transformed

A Distance Transformed by artist Raymond Boisjoly is located in front of the new ARTS units (affordable housing for artists) at Concord Gardens, Phase I, 3240–3340 Sexsmith Road and 8800–8960 Patterson Road. *A Distance Transformed* is a text based series of artworks, intentionally presented in a format that can be interpreted as unclear or pixelated. The text communicates the complexity of “site” in relation to ongoing changes to the urban environment as well as to the wider world. While the casual passerby may find something meaningful in their encounter with this text, others who negotiate the neighbourhood on a regular basis will find alternate meanings.

A Distance Transformed, Raymond Boisjoly

Untitled [Relief]

Untitled [Relief] by Leonhard Epp is an artwork comprised of eight large-scale panel reliefs located at Steveston Flats Development, 11971 Third Avenue. In 1978, the former building at this site, Gulf & Fraser Credit Union, was built incorporating these relief panels portraying the commercial fishery history of Steveston Village. The Steveston Flats Development Corporation has carefully restored and incorporated the Epp reliefs into the new building design which can be viewed from Chatham Street and Third Avenue as well as in the lobby of the mixed-use commercial and residential development.

Untitled [Relief], Leonhard Epp

Several private development public art projects were commissioned in 2017, and are scheduled for installation in 2018–2019. These include:

- *We Three* by Dan Bergeron, Capstan Neighbourhood Park Playground, Pinnacle (with transfer of ownership to the City)
- *Volo* by Michael Nicoll Yahgulanaas, Park Residences at Minoru
- *Wall Screen* by Metz & Chew, Alfa, 8151 Anderson Road
- *Glass Gardens Phase 3* by Joel Berman, The Gardens, Townline

Community Public Art Program

2017 Engaging Community and Public Art Pilot Program

On January 9, 2017, Council endorsed the 2017 Engaging Community and Public Art Pilot Program. The art projects approved and commissioned in this program for 2017 were as follows:

- *SP'ART, bringing people together through sport and art* was a year-long artist residency community project for artist Pierre Leichner at Thompson Community Centre, 5151 Granville Avenue. The artist engaged children, youth, adults and seniors as part of the regular programming at the community centre, presenting and leading workshops such as "Abstract Bocce Ball" on Family Day, "Tree Weaving" with pre-school children and turning used ping pong rackets into self-portraits with seniors. The artist has documented the projects at: www.leichner.ca/SpART

SP'ART, Pierre Leichner

- *Minoru Seniors Legacy Stories, looking back, looking forward* was an artist residency community project by artist Catrina Megumi Longmuir at Minoru Place Activity Centre, 7660 Minoru Gate. The project celebrates the history of Minoru Seniors Society, from its

humble beginnings at the Murdoch Centre to the opening of the new Seniors Centre at the Minoru Centre for Active Living in 2018. The artist presented talks, conducted interviews and led workshops in digital storytelling, working with members of the Minoru Seniors Society. A final artist talk and presentation of the artist film will be presented to coincide with the opening of the new facility in 2018. The artist has documented the project at: minorulegacystories.wordpress.com

Pianos on the Street 2017

The fourth annual Richmond Pianos on the Street program saw five open-air publicly accessible pianos painted by high school students at Steveston-London and Cambie High Schools, a community group and a community-engaged professional artist. The pianos were installed in outdoor locations at Britannia Shipyards National Historic Site, Terra Nova Rural Park, Richmond Cultural Centre, Cambie Community Centre, King George Park and the Nature Park. The Pianos on the Street Program is co-sponsored by Pacey's Pianos and provides free public access to pianos in unexpected open air locations across the city.

Pianos on the Street 2017

After the success of the Engaging Community and Public Art Pilot Program, the Pubic Art program identified five additional community engagement opportunities with City recreational and cultural facilities and has partnered with Hamilton Community Centre, Minoru Arenas, Britannia Shipyards National Historic Site and City Centre Community Centre. In 2017, Council approved these artist-led community projects which are expected to be completed in 2018.

Public Art Donation Program

The Gathering

On May 13, 2017, the artwork, *The Gathering*, by artist Rhonda Wepler, was unveiled at a public picnic at Branscombe House, 4900 Steveston Highway. The artwork is in the form of a life-sized picnic basket that is overflowing with 60 life-sized sculptures of small food items cast in bronze directly from sculptures created by Richmond residents that attended free art-based activity workshops as part of the preceding year's Branscombe House Artist Rendering proposal.

Wild Salmon City

In 2002, *Wild Salmon City* was a fundraiser organized by the BC Steelhead Society. Four of the artist-designed painted fibreglass salmon were donated by the Steelhead Society to the Richmond Cultural Centre where they have been displayed in the Rotunda and the Richmond Public Library. In 2017, the two Library art pieces, *Salmon Enchanted*

Evening by Michael Tickner and *Untitled* by Johnny Maynard Jr., were refurbished and relocated to the lobby at Watermania, 14300 Entertainment Boulevard.

Soo-Gee-Ghet

During BC Cultural Week 1993, the totem pole *Soo Gee Ghet*, designed by Victor H. Reece (1946–2010), was carved as a project with the Richmond Carvers Society (RCS). It was completed under the artist's direction and was donated to the Richmond Cultural Centre. The totem pole was raised on May 12, 1994 and in 2017 the Public Art Program accepted the art piece into the Public Art Registry.

Centered on the theme of sharing, *Soo Gee Ghet* is a story about a father passing his knowledge and experience to his son. The story focuses on the role of adults as protectors and providers of direction to the next generation.

To prolong the longevity of the totem pole, the work was cleaned and treated with a wood preservative. It also had minor cracks restored before being coated with a water repellent and fitted with a copper cap to deflect water. Additionally the lawn area around the footing of the totem pole was upgraded with a gravel base to reduce the impact of wet weather.

On Tuesday, October 10, 2017, a public ceremony was led by the late artist's wife, Sharon Brass, to provide a blessing for the conservator and his work.

Art At Work

In partnership with the Canadian Artists Representation/Front des artistes canadiens (CARFAC) and the Richmond Art Gallery, Art at Work workshops and events provided artists with the knowledge and skills required for pursuing a professional arts practice in the fields of public art, visual art and community arts.

In 2017, the following free workshops were presented:

- **Taxes for Artists:** This three-hour workshop was led by Jessica Somers, CPA, CGA from Cordova Street Consulting and provided artists with an introduction to tax considerations for self-employment income, taxation of grant income, GST and PST sales tax issues, bookkeeping and record retention. Participants learned basic tax issues for artists and gained an understanding of Canadian income tax, sales tax issues and bookkeeping best practices. Twenty attendees from Richmond and the Greater Vancouver Area participated in the workshop at the Cultural Centre.

Promotion of the Public Art Registry

Richmond's Public Art registry of more than 200 artworks can be browsed online at www.richmond.ca/publicart. In 2017, the Public Art Program renamed the Public Art "Collection" to "Registry" to include the listing of some works not previously included. The registry provides residents and visitors a more comprehensive listing of public art works throughout the community on both private and public property.
