Attn His Worship Mayor Malcolm Brodie and Members of City Council

Your Worship and Members of Council

I am writing to request an appearance by the Vancouver International Airport Authority at the July 4, 2005 meeting of the General Purposes Committee of Council

As Richmond is both our home community and one of our Nominating Entities, the Airport Authority is pleased to appear regularly before Council. Our annual presentation provides Council with an update on airport issues and developments and also presents an opportunity for you to ask questions and raise any concerns.

This year we would like to brief council on the recovery the aviation industry is experiencing and the projected increase in passengers. This increase in passenger volume translates to changes in aircraft operations at YVR, including increased departures from our north runway. In addition to these topics we would like to cover

- Airport results from 2004 and plans for 2005,
- Environmental and noise management initiatives,
- YVR's land use and development plans to 2027

We anticipate that the audio-visual presentation will take approximately 10 minutes, and, as always, we would be happy to answer any questions Council may have.

Joining me at this session will be Anne Murray, Vice President Community and Environmental Affairs.

Please let Artie Chumpol know if July 4 is acceptable to Council, she can be reached at 604-276-6608. In the meantime, I am happy to answer any questions you may have.

Yours truly,
