## Survey Response

|   |   |
|---|---|
| Your Name:                                | Horst Hinz  |
| Your Address:                             | 22900 Westminster Hwy   |
| Subject Property Address OR Bylaw Number: | 7963 (RZ 04-278250)   |
| Comments:                                 | I am concerned about damage to my property and dwelling due to construction of the townhouse complex replacing 22760-22840 Westminster Hwy. As expressed by another resident via letter, damage has been done to property and dwellings by past construction projects. I would like assurances of not only full compensation from the developer for any damages, but also measures put in place to eliminate damages. Due to the nature of the soil in the area, foundations can be cracked, houses and yards can become unlevel, etc by construction. What will be done to eliminate these (and other) issues? I would also like to request that the sewer line for the development be continued from 22940 Westminster Hwy, running in front of 22900 and 22880 to allow for our hookup to sewer and removal from septic. |
