## Staff Report

### Origin

Samuel Cheung has applied to the City of Richmond for permission to rezone 8091 and 8111 Calder Road (**Attachment 1**) from Single-Family Housing District, Subdivision Area E (R1/E) to Single-Family Housing District, Subdivision Area B (R1/B) in order to replace the existing duplex with two (2) new single-family residential lots (**Attachment 2**).

### Findings of Fact

Item	Existing	Proposed
<b>Owner:</b>	Gian S. & Amarjit K. Dhillon, Raymond C. Lo, and Linda L. Chan	To be determined
<b>Site Size (m<sup>2</sup>):</b>	891.86 m <sup>2</sup> (9,6000 ft <sup>2</sup> )	approx. 445.93 m <sup>2</sup> (4,800 ft <sup>2</sup> ) each
<b>Land Uses:</b>	1 Two-Family Dwelling	2 One-family Dwellings
<b>OCP Designation:</b>	Low Density Residential	No Change
<b>702 Policy Designation:</b>	R1/E with support for duplexes to rezone to R1/B	No Change
<b>Zoning:</b>	R1/E	R1/B
<b>Number of Units:</b>	1 Two-Family Dwelling	2 One-family Dwellings

### Surrounding Development

This is an established single-family neighbourhood contains a majority of character single-family dwellings and a number of older duplexes (**Attachment 3**).

To the North & East: Single-family lots zoned R1/E with no development potential under the existing Lot Size Policy;

To the South: A Single-family lot zoned R1/E with no development potential under the existing Lot Size Policy; then a duplex lot zoned Two-Family Housing District (R5) that could be rezoned and subdivided into two (2) R1/B lots under the existing Lot Size Policy; and

To the West: Large sized R1/E fronting Railway Avenue.

### Related Policies & Studies

Lot Size Policy 5453 (**Attachment 4**), adopted in 1993, specifically identifies the subject lot for support for rezoning to Single-Family Housing District, Subdivision Area B (R1/B).

**Staff Comments**

There are 19 duplex lots specifically identified in the neighbourhood under the provision of Lot Size Policy 5453 for their ability to rezone and subdivide under Single-Family Housing District, Subdivision Area B (R1/B) zoning. 5560/5580 Cantrell Road and 8671 Cantley Road were rezoned in 1997 and 2002 to Single-Family Housing District, Subdivision Area B (R1/B) and subsequently, each subdivided into two (2) parcels. 5311/5331 Clifton Road was rezoned in 2004 to Single-Family Housing District, Subdivision Area B (R1/B) and subsequently subdivided into three (3) parcels. The balance of properties are zoned Single-Family Housing District, Subdivision Area E (R1/E).

A letter from a professional land surveyor was submitted confirming that there is no tree over 10 cm in diameter on site. No significant concerns have been identified through the technical review.

There are no conditions to be addressed prior to final adoption of the rezoning bylaw. However, at future subdivision, the developer will pay Neighbourhood Improvement Charges (NICs) for all items but storm sewer.

**Analysis**

The subject property is located within an established, predominantly single-family neighbourhood comprised of mixed-age housing stock. The proposed rezoning and subdivision conforms to the general character of the adjacent properties and existing neighbourhood overall. No net increase in neighbourhood density would occur as a result of the subject proposal; consequently there are no implications for existing utilities/services. Staff have no concerns with the proposal.

**Financial Impact or Economic Impact**

None.

## Conclusion

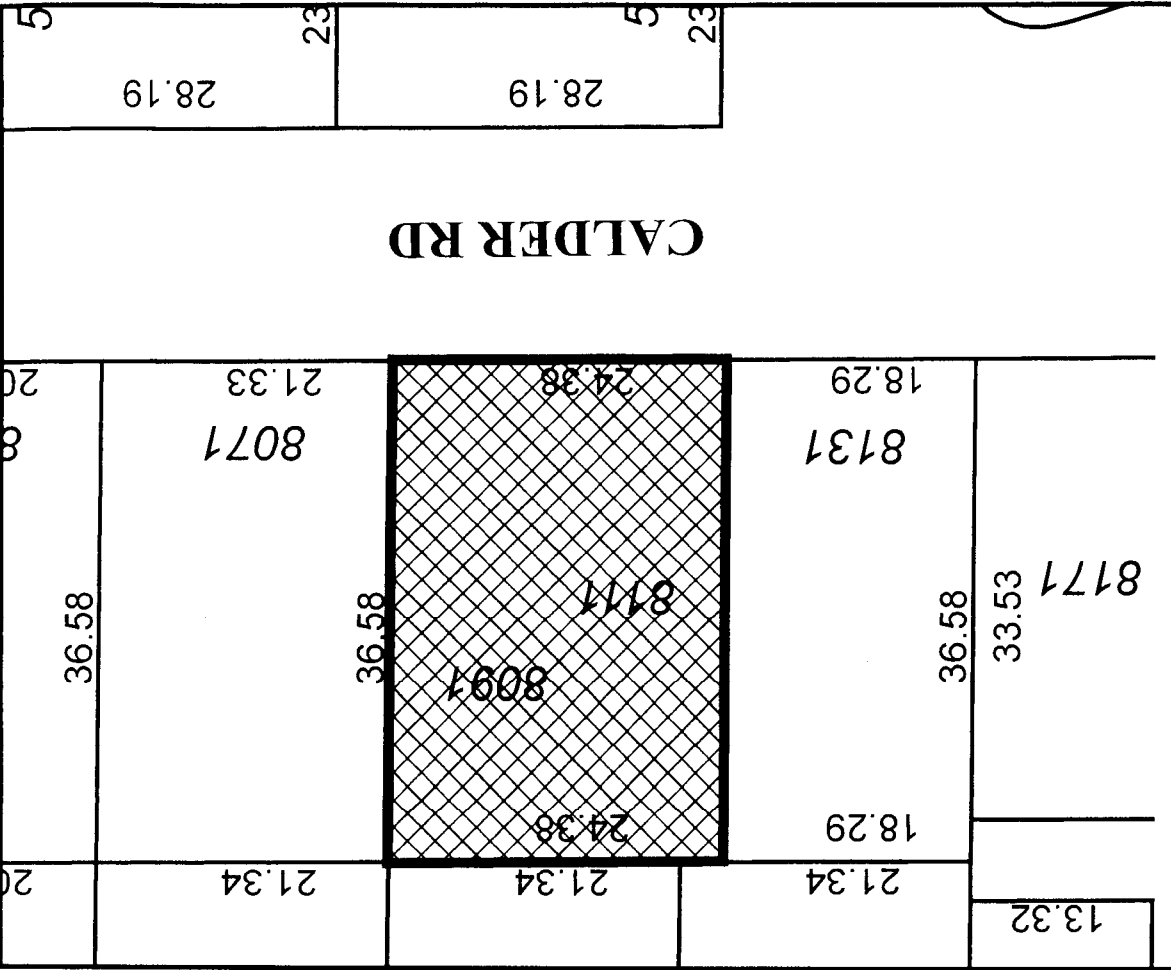

This is a straight forward rezoning application to subdivide a lot with an existing duplex into two (2) smaller lots as supported by the Lot Size Policy for the area. On this basis, staff are supportive of the proposal.
