Schedule 2 to the Minutes of the
 Development Permit Panel meeting
 held on Wednesday, June 27, 2007.

Ref:- Property location - 6351-6391-6491-Minoru Blvd -

Dear Sir,

As per my opinion these Highrise bldgs should not be given permission ^{to build as} due to the following reasons

1. This area will be more congested and the calmness which gives an air of peace will be spoiled.
2. The Quierness of the area will go away.
3. The area will start looking like downtown and will create lots of traffic problems.
4. As already RAV is coming we should preserve this area and minoru garden as a beautiful green and low rising residential area.

I hope sir, you will read my considerations and give some justice to this area.

Thanking you
