Comments:	<p>My main concern about having more townhouses developed in this area will be parking. We have limited visitor parking and fighting for spots. I am worried that having 55 more townhouses will be even worst. When rezoning, the developments only allow the minimum visitor parking which does not meet the demands of the residents. My question would be if we could open Westminster Hwy to parking on the side. Right now we have barriers on both sides not allowing parking. If the city could create a sidewalk and allow public parking on the side of the road, the parking problem might be elivated. PARKING IS AN ISSUE. PLEASE ADDRESS IT.</p> <p>Thanks, Annick and James Lavender</p>
