Planning Committee meeting

Re: 3471 Chatham Street

Good Afternoon, my name is Ken Yoshikawa and I live at 3571 Richmond Street here in Steveston. I have lived in Steveston for 25 years and I am an active fisherman and homebuilder based here. I have chosen to build my family home in Steveston because the town is quickly becoming a vibrant destination spot which includes the old and new. The fishing fleet may be depleted from past decades but the waterfront still attracts many locals and visitors.

I would like to say that I fully support the proposed CS3 Zoned development at 3471 Chatham Street, as it will continue to add quality product of both retail and residential to this vibrant village. *and community*

Thank you,

Ken Yoshikawa
