Re application for Development Permit DP 05-293101

DP 05-293101

- I would like to oppose the variance request.
- (a) The height would be a detriment to the present tower at 6331 Buswell
  - (b) Access road to parking is difficult at present without adding at least 100 more vehicles usage
  - (c) Construction being so close may possibly damage existing tower,
  - (d) Reducing parking space by 28 would mean possibly more illegal parking in present available spaces.

Yours sincerely  
 Helen Schorale
