Re:	DP 16-741981

Dear Mr. Weber,

After reviewing the site plans, I would prefer the original 8-storey building along the lines of the original proposal.

My reasons for this are:

1. The 10-storey residential building should be reduced to the original 8 stories as it would be obtrusive in this area.
2. It should be sound-proofed similar to those near the airport to reduce the road noise.
3. The balconies should not protrude into the setbacks.

To be clear, I oppose the 10-storey building.

Cheers,

Donald Flintoff,

6071 Dover Rd.
