CARRIED

2. **RICHMOND FIRE-RESCUE MONTHLY ACTIVITY REPORT - AUGUST 2026**
(File Ref. No. 09-5140-01) (REDMS No. 8528818)

It was moved and seconded
That the report titled "Richmond Fire-Rescue Activity Report – August 2026", dated September 15, 2026, from the General Manager, Law and Community Safety, be received for information.

CARRIED

3. **FIRE CHIEF BRIEFING**
(Verbal Report)

Fire Chief Wishlove informed that the annual earthquake and tsunami preparedness BC ShakeOut event is scheduled on October 15, 2026, and an alert will be sent at approximately 10:15 a.m. marking the commencement of practice drills.

Discussion ensued with respect to the importance of emergency preparedness and family emergency planning.

In response to queries from Committee, Fire Chief Wishlove advised that (i) emergency programs and education are available on the Richmond Fire Rescue (RFR) website and incorporate provincial and federal emergency response advice; and (ii) if requested, RFR would support ShakeOut drills in Richmond schools and the airport.

To mark the October 4-10, 2026, National Fire Prevention Week, RFR Communications Department created safety videos featuring lithium battery safety and posted a different theme daily to the Website.

In response to queries from Committee, Fire Chief Wishlove advised that (i) overheating is a common cause of fires from lithium batteries often instigated by the use of non-standard cords; and (ii) it was important to follow manufacturer's instructions when using lithium batteries.

4. **RCMP MONTHLY ACTIVITY REPORT – AUGUST 2026**
(File Ref. No. 09-5350-01) (REDMS No. 8517346)

In response to Committee queries, Chief Supt. Chauhan advised that (i) policing activity captured in the reports incorporates all of the City of Richmond; (ii) statistics would display a reduction in crime rate if airport crimes were not included; and (iii) policing levels per capita were strong with four new officer positions added last year.

It was moved and seconded

That the report titled "RCMP Monthly Activity Report– August 2026", dated September 15, 2026, from the Officer in Charge, be received for information.

CARRIED

5. **RCMP/OIC BRIEFING**
(Verbal Report)

Chief Supt. Chauhan advised of ongoing education regarding the safe operation of e-bikes and e-scooters. CBC Market Place filmed a video highlighting issues addressed by Richmond Royal Canadian Mounted Police (RCMP), which has been distributed nationally.

In response to Committee queries, the Chief Supt. Chauhan agreed that the video titled, "Land, Sea, Air," could be shared on the City website.

The Committee expressed appreciation for RCMP enforcement and education efforts that garnered the interest of the national broadcaster.

6. **MANAGER'S REPORT**

None.

ADJOURNMENT

It was moved and seconded
That the meeting adjourn (4:15 p.m.).

Staff Recommendation

That the report titled "Community Bylaws Monthly Activity Report – September 2026", dated October 19, 2026, from the General Manager, Law and Community Safety, be received for information.

Executive Summary

This Community Bylaws Monthly Activity Report – September 2026 highlights activities, information, and statistics related to calls for service from the Property Use, Parking Enforcement, and Animal Protection units of Community Bylaws.

Staff Report

Origin

This report supports Council's Strategic Plan 2022-2026 Focus Area #3 A Safe and Prepared Community:

> *Community safety and preparedness through effective planning, strategic partnerships and proactive programs.*

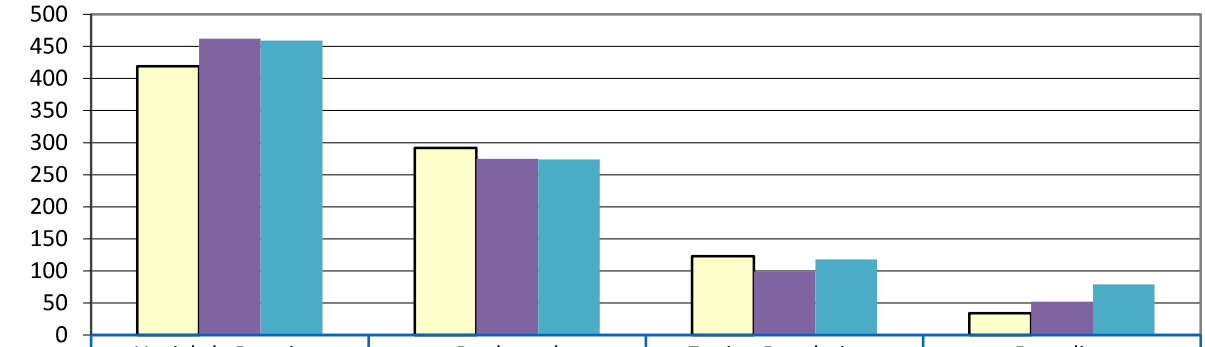

Analysis

Property Use Calls for Service

In September 2026, a total of 141 calls for service were opened for investigation, unchanged from the same period in 2025. While overall call volume remained stable, the nature of reported concerns shifted. Vegetation remained the most common complaint, with 11 calls, representing a 35.2% decrease from the 17 calls received in September 2025. Other recurring concerns includes landscaping, garbage, and construction noise remained within historical seasonal norms.

Depending on the nature of the investigation, staff often liaise with multiple departments and other government agencies to conduct a thorough review of a received complaint. Among 24 potential calls for service categories, Figure 1 highlights the most common calls for service received for Property Use officers to follow up on and investigate.

Figure 1: Property Use Calls for Service - September Year-To-Date Comparison

Soil Activity

Staff are responsible for responding to public complaints and issues of non-compliance related to unauthorized filling, monitoring permitted soil deposits and removal sites, and inspecting properties that are undergoing remediation to come into compliance with applicable City bylaws. Staff conducted 86 site inspections in the month of September.

Stop Work and/or Removal Orders were issued for the following properties:

- 10500 Granville Avenue

The following properties are now in compliance:

- 7400 No. 4 Road
- 9340 No. 6 Road
- 10111 Palmberg Road
- 10500 Granville Avenue
- 19051 Westminster Highway

As of September 30, 2026, there are approximately 21 soil deposit proposals under various stages of the application process and staff continue to monitor 16 approved sites. Staff are currently addressing approximately 58 properties that are considered non-compliant.

Bylaw Prosecutions

No new bylaw charges were sworn in the month of September.

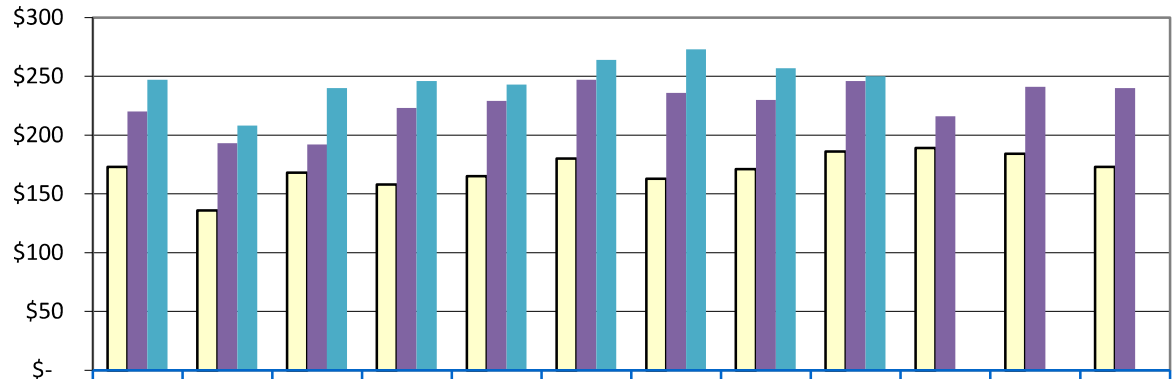

Parking Enforcement

During September, staff responded to 422 calls for service, representing 18.1 percent decrease compared to the same period last year (515). The reduction was primarily attributed to fewer safety and obstruction complaints. Safety-related matters accounted for 59.2 percent of all calls (250 calls), with common concerns including roadway obstructions, blocked driveways, and vehicles parked within restricted distances of fire hydrants.

The decrease in calls for service allowed staff to dedicate more time to proactive patrols and enforcement activities. As a result, parking enforcement revenue increased by 1.6 percent during the reporting period, while the number of parking violations issued increased by 7.6 percent. The increase was driven by focused enforcement in identified priority locations, along with the expanded use of License Plate Reader (LPR) technology in pay parking and time limited parking areas. Pay parking and time-limited violations showed the most notable growth, increasing by approximately 66.5 percent, or 314 tickets.

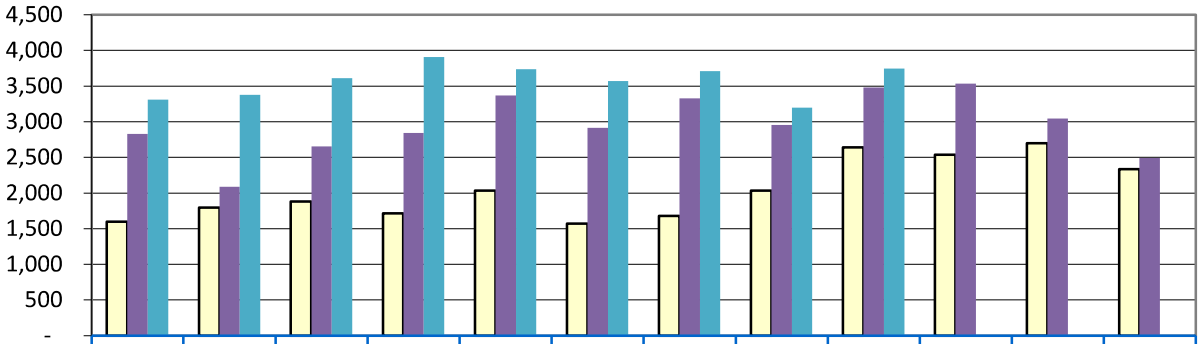

Monthly parking enforcement revenue is presented in Figure 3, while Figure 4 illustrates the number of parking violations issued.

Animal Protection and Dog Licencing

For the month of September, 46 valid dog licences were issued, including both new applications and renewals. Year to date, a total of 6,511 dogs has been licensed under the 2026 dog licensing program, achieving 97.9 percent of last year's total. This reflects strong progress in the current licensing cycle and suggests that renewal efforts are continuing to generate positive results. Staff continue to follow up on outstanding accounts that have not yet renewed or provided a status update, with the goal of further improving compliance in the coming months.

In September, BC SPCA Officers responded to 71 calls for service related to animal control and dog licensing violations. Officers also proactively conducted 34 park patrols across various parks, dikes, and school grounds. The most frequently patrolled locations include Albert Airey Neighbourhood Park, Imperial Landing, Thomas Kidd Elementary, and Westwind Elementary. These patrols help address observed issues such as dogs off leash, failure to pick up after pets, and other bylaw-related concerns. In addition to enforcement, patrols also play an important educational role by increasing public awareness and encouraging voluntary compliance with animal control regulations. Continued visibility in high-use public spaces supports both responsible pet ownership and community safety.

Bylaw Adjudication

Adjudication hearings were held on September 11, 14, and 18, 2026, addressing a total of 60 disputed violations. Of these, 41 violations were upheld and 19 were cancelled. The next adjudication hearing is scheduled for November 2026.

Revenue and Expenses

Revenues across Property Use, Parking Enforcement, and Animal Services continue to reflect seasonal activity patterns and targeted enforcement efforts. In Property Use, soil permit applications and volume fees tend to peak in the spring and summer months. Year to date several projects are still in the planning phases with applications in process. In addition, Parking Enforcement revenue remains driven by the City's pay parking program, supported by steady ticketing activity and monthly permits. Animal Services revenue is supported by the dog licensing program, with increased compliance resulting from prior years' proactive account audits and canvassing initiatives.

On the expense side, costs are primarily related to staffing, enforcement activities, and program administration. Seasonal enforcement demands, public education campaigns, and operational requirements for animal care also contribute to fluctuations in expenses throughout the year. Table 2 outlines the net revenue and expenses for property use, parking enforcement and animal protection services.

Table 2: Property Use, Parking and Animal Protection Services Net Revenue and Expenses

Budgetary Implications

None.

Conclusion

Staff and contracted service providers administer and enforce 41 unique bylaws, covering a diverse range of various regulated community activities and services, notably land use, noise, soil deposit/removal, parking permits and enforcement, unsightly premises and animal protection services. This report provides a summary of departmental activity in September.

[1] Property Use Revenue is primarily generated from soil permit applications and volume fees, property related bylaw tickets and court fines from bylaw prosecutions.
[2] Property Use, Parking, and Animal Protection Expenses include operating expenses and exclude amortization expense.
[3] Parking Enforcement revenue is largely derived from parking meters, monthly parking permits, and ticketing activity.
[4] Animal Services revenue comes from the dog licencing fees and animal control-related tickets.

Analysis

Significant Events

Richmond Fire-Rescue (RFR) emergency response crews minimized harm, limited damage and stopped fire spread beyond the point of origin, and performed life-saving interventions in these notable September 2026 incidents[1]:

Marine Fire at Bayview Street Pier

On September 13, RFR emergency crews responded to a boat fire near Bayview Street. The first-in apparatus encountered heavy smoke conditions. Access to the fire proved challenging and RFR crews were able to get to the seat of the fire with the assistance of the Harbour Authority, who were able to get two submersible pumps into the hull of the boat to pump out large amounts of water to extinguish the fire. The Harbour Authority placed booms around the boat. Once the fire was extinguished, RFR crews checked for hot spots and demobilized the scene. A Fire Investigator attended to identify the cause and origin of the fire.

Residential Structure Fire on Cambie Road

On September 18, RFR emergency crews responded to a residential structure fire on Cambie Road. The first in apparatus found a vacant house that was fully on fire. Crews took a defensive strategy and fought the fire with several hose lines as well as an aerial ladder. The fire was quickly extinguished. The nearby roads were blocked off at the location for safety. A Fire Investigator attended to identify the cause and origin of the fire.

Commercial Structure Fire on River Drive

On September 22, RFR emergency crews responded to a commercial structure fire on River Road. The incident involved a commercial multi-unit complex, and crews attacked the fire using multiple hose streams to extinguish the fire from several locations, including the roof and side of the building. Fire crews operated in a defensive mode, due to the excess storage within the units and the building roof collapse. Fortis Gas and BC Hydro attended and isolated the building's services. The unit tenants were also on scene assisting crews with providing access to enable crews to check for hotspots and perform overhaul. A Fire Investigator attended to identify the cause and origin of the fire.

[1] Unless otherwise noted, no injuries were reported by the public or RFR personnel in the listed incidents.

Agricultural Structure Fire on Blundell Road

On September 27, RFR emergency crews responded to a structure fire on Blundell Road. On arrival crews found a large greenhouse complex fully engulfed in fire. A fast attack of multiple hose lines and efficient mitigation brought the fire under control. BC Hydro and Fortis Gas also attended the scene to isolate the structure. RFR crews checked for hot spots and once the fire was extinguished, carried out decontamination. A Fire Investigator attended to identify the cause and origin of the fire.

Emergency Response

Table 1 provides incident data and comparisons for September 2025 and September 2026. In September 2026, there were 1,092 reported incidents of all types, representing an overall increase of 4 per cent compared to the previous year.

Table 1: Total Incidents - September 2026

	Incident Totals September (2026)	Incident Totals September (2025)	Number Change from September 2025 to 2026	Percentage Change from September 2025 to 2026	5 Year Average for September

The average time on scene for emergency response crews in September 2026 was 28 minutes per event, the average time on scene in September 2025 was 26 minutes. The time spent on the scene can vary due to the complexity and severity of each incident.

In September 2026, 52 fire incidents were reported to the BC Office of the Fire Commissioner, up from 43 in September 2025. The average number of fires reported each September over the last five years is 40.

Fire damage and property losses during September 2026 are estimated at $1,441,710. The total building/asset and content value at risk is estimated at $602,610, and the total value preserved from damage is $839,100. These numbers translate to 58 per cent of the value protected (Table 2).

RFR Public Outreach & Education

During September, RFR staff conducted the following public outreach and education activities:

- September 17 – Facilitated a fire-side discussion with a group of seniors from the Minoru Centre for Activity Living (MCAL), discussing fire safety in the home, escape planning and fire and life safety education. There were approximately 35 attendees.

- September 17 – Facilitated a fire-side discussion with the strata residents of Covenant Court, discussing the responsibilities of living in a large building, fire safety in the home, escape planning and fire and life safety education. There were approximately 40 attendees

- September 22 – Facilitated a fire-side discussion with the strata residents of Princess Street, discussing fire safety in the home, escape planning and fire and life safety education. There were approximately 35 attendees.

- September 23 – Facilitated a fire-side discussion with the strata residents of Meadow Walk, discussing fire safety in the home, escape planning, specifically due to the high number of seniors in wheelchairs, and fire and life safety education. There were approximately 45 attendees.

- September 26 – Participated in the Pacific Autism Family Network Walk community event. The Big Rig attended for the public to explore and learn about fire and life safety education. There were approximately 200 attendees.

[2] The dollar losses shown in this table are preliminary estimates. They are derived from RFR's record management system and are subject to change due to delays in reporting and confirmation of actual losses from private insurance agencies (as available). Values under a threshold limit of $1,000 will not be noted in the table.

Emergency Programs

Emergency Programs (EP) staff participated in the following engagement activities in September:

- September 10 – Attended the Seniors' Heat Resilience Community Forum hosted by the A Comprehensive Approach to Enhance Older Adults' Preparedness for Extreme Heat (COPE) project team at Simon Fraser University. Discussions focused on heat-resilient homes, heat-resilient public spaces, and community education and awareness. Insights from the forum will help inform community-driven approaches to support older adults during extreme-heat events.

- September 13 – Provided support, through the radio loam program to the Richmond Farm Festival community event held on Garden City lands, with eight radios for supplied for Green Team.

- Sept 15 – Participated in the full-scale simulated airline crash exercise hosted by Vancouver Airport. Members from Fire-Rescue, Health Emergency Management BC, Corporate Communications, Coast Guard, Canadian Red Cross, Canadian Boarder and Services Agency, and RCMP participated. Activities included communications protocols, hazardous material decontamination, interagency coordination, and public messaging coordination were some of the key functions that were exercised and reviewed as part of this event.

- September 26 – Attended the Royal Canadian Legion Branch 291 Richmond Veterans Street Banners Celebration. Staff attended the Emergency Programs information booth, where visitors and attending cadet groups, were provided with emergency preparedness and information guides from Prepared BC.

- September 29 – Delivered a presentation to members of the BC Chinese Rental and Strata Education Association. The presentation covered the five steps to emergency preparedness with a focus on earthquakes.

Budgetary Implications

Richmond Fire-Rescue continues to monitor all budget implications to ensure fiscal responsibility and oversight.

Conclusion

During September 2026, RFR experienced a decrease in calls for service. RFR continues to monitor activities to identify and develop public outreach programs that respond to emerging trends and opportunities and promote effective prevention behaviors.

Report to Committee

To:	Community Safety Committee	**Date:**	October 15, 2026
From:	Dave Chauhan Chief Superintendent, Officer in Charge	**File:**	09-5030-01/2025-Vol 01
Re:	**RCMP Monthly Activity Report – September 2026**		

Staff Recommendation

That the report titled "RCMP Monthly Activity Report– September 2026", dated October 15, 2026, from the Officer in Charge, be received for information.

Executive Summary

The "RCMP Monthly Activity Report – September 2026" features notable investigations and statistics related to calls for service received by the Richmond RCMP. The report also highlights monthly activities and deployments. In September 2026, City Staff, volunteers and police officers conducted crime prevention, road safety and community engagement initiatives.

Staff Report

Origin

At the request of the Community Safety Committee, the Officer in Charge will keep Council informed on matters pertaining to policing in the Richmond community. This monthly activity report for the RCMP provides information on each of the following areas:

1. Activities and Noteworthy Files
2. Analysis of Police Statistics
3. Crime Trends Across Jurisdictions
4. Block Watch
5. Communications Unit
6. Community Police Station Programs
7. Crime Prevention Unit
8. Road Safety Unit
9. Victim Services
10. Youth Section

This report supports Council's Strategic Plan 2022-2026, Focus Area #3 A Safe and Prepared Community:

> *Community safety and preparedness through effective planning, strategic partnerships and proactive programs.*

Analysis

Activities and Noteworthy Files

Fatal Collision

On September 1, 2026, Richmond RCMP officers responded to a collision between a motorcycle and a vehicle at the intersection of No. 1 Road and Lockhart Road. The motorcycle rider was transported to hospital, where they later succumbed to their injuries. Investigators issued a public appeal for witnesses and dashcam footage of the incident.

E-scooter and E-bike Safety Outreach

On September 9, 2026, the Richmond RCMP hosted an e-scooter and e-bike safety outreach event at the Railway Greenway at Granville Avenue. Police and volunteers provided information on how to operate these devices safely and legally and promoted respectful road-sharing practices for all road users.

Figure 1: E-scooter/e-bike Safety Outreach

Fraud Awareness

On September 22, 2026, the Richmond RCMP issued a media release warning of recent currency exchange schemes. Fraudsters target individuals seeking currency exchange services by offering attractive exchange rates through social media, online marketplaces, messaging apps, and unofficial money exchange services. Victims are often persuaded to send money overseas and never receive the promised funds in exchange.

Boost and Bust Operations

In September, Richmond RCMP officers conducted four Boost & Bust operations as part of the Retail Council of Canada's National Retail Crime Task Force Fall 2026 National Blitz. These operations resulted in:

- 21 arrests;
- The recovery of more than $5,675 worth of stolen merchandise;
- Charges recommended against 13 adults for theft under $5,000;
- One charge of assault recommended in an incident involving a loss prevention officer;
- Extra-judicial measures recommended for two youths; and
- Restorative Justice recommended for two adults.

Distracted Driving Enforcement

September is Distracted Driving Month, and the Richmond RCMP conducted various education and enforcement initiatives in support of this road safety priority. On September 29, 2026, the Richmond RCMP partnered with ICBC, Metro Vancouver Transit Police, and volunteers for a joint operation to combat distracted driving. Police issued 177 violation tickets, including 106 for distracted driving, resulting in over $66,000 in fines.

Analysis of Police Statistics[1]

Arson

There were five reported arsons in September 2026, representing an increase of one incident from the previous month. Year to date, arsons are up by 55 per cent compared to the same period in 2025. The number of arsons this month is within the average range.

Assault Serious (Assault with a Weapon)

There were eight serious assaults in September 2026, representing a 47 per cent decrease from the previous month. Year to date, serious assaults are down 25 per cent compared with the same period in 2025. The number of serious assaults this month is below the average range.

[1] Unless otherwise noted, no patterns or trends have been identified in this month's statistics. In January 2026, statistics were re-collected for all crime categories, dating back to 2019. This was done to account for any changes to scoring or delayed reports and to ensure data is up to date and accurate. For this reason, there will be variations from previously reported statistics.

Seventy-five per cent of serious assaults reported in September 2026 involved individuals who were known to each other. Of these, 50 per cent involved intimate partners or family members. Physical force was the most reported “weapon type” at 47 per cent of incidents.

Auto Theft

There were 15 auto thefts in September 2026, representing a 25 per cent decrease from the previous month. Year to date, auto thefts are down 36 per cent compared to the same period in 2025. The number of auto thefts this month is below the average range.

Mental Health

There were 217 mental health-related incidents in September 2026, representing a five per cent decrease from the previous month. Year to date, the number of mental health-related incidents is down 10 per cent compared to the same period in 2025. The number of mental health-related incidents this month is within the average range.

There were 42 police apprehensions, which is below average. The average hospital wait time, at 109 minutes, was within the expected range. Seventeen individuals were responsible for two or more calls in September, with one caller generating eight incidents.

Residential Break and Enter

There were 19 break and enters to residences in September 2026, representing a 19 per cent increase from the previous month. Year to date, residential break and enters are down one per cent compared to the same period in 2025. The number of residential break and enters this month is within the average range.

Commercial Break and Enter

In September 2026, there were 25 break and enters to businesses, representing a 56 per cent increase from the previous month. Year to date, commercial break and enters are up 10 per cent compared to the same period in 2025. The number of commercial break and enters this month is within the average range.

Robbery

There were six robberies reported in September 2026, representing an increase of four incidents from the previous month. Year to date, robberies are down 40 per cent, compared to the same period in 2025. The number of robberies this month is within the average range.

Sexual Offences

There were 18 sexual offence files in September 2026, representing no change from the previous month. Year to date, sexual offences are down five per cent compared to the same period in 2025. The number of sexual offences this month is within the average range.

Fifty-six per cent of the offences reported in September 2026 were sexual assaults, seventeen per cent were indecent acts/exposing, and seventeen per cent were production of child sex abuse materials.

Shoplifting

There were 176 reported shoplifting thefts in September 2026, representing a one per cent increase from the previous month. Year to date, shoplifting thefts are up 34 per cent compared to the same period in 2025. The number of shoplifting thefts this month is above the average range.

Theft from Automobile

There were 45 thefts from automobiles in September 2026, representing a 22 per cent decrease from the previous month. Year to date, thefts from automobiles are down 12 per cent compared to the same period in 2025. The number of thefts from automobiles this month is below the average range.

Drugs

In September 2026, there were 28 drug offences, representing an 18 per cent decrease from the previous month. Year to date, drug offences are up 16 per cent compared to the same period in 2025. The number of drug incidents this month is within the average range.

Drug-Related "Social Disorder" Calls

Public complaints related to drug use fall under various call categories, including nuisance, cause disturbance, mischief, unwanted person, suspicious person, and check well-being. Table 1 presents the number of police calls for service related to a public complaint of suspected drug use.

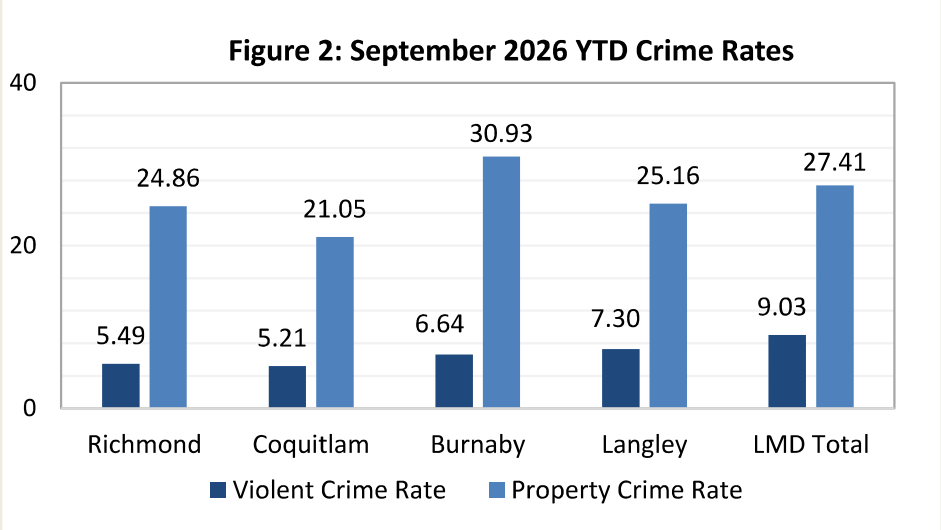

Table 1: Drug-Related Calls for Service

Month	Total Calls 2025	Total Calls 2026	2026 Suspected	2026 Confirmed
January	71	39	22	17
February	38	24	11	13
March	49	36	19	17
April	58	45	31	14

September	57	41	16	25
October	39			
November	52			
December	42			
Total	**632**	**339**	**190**	**149**

Confirmed incidents refer to files where direct observation of drug use or apparent signs of intoxication is noted. Most calls involved incidents where drug use was suspected, including reports of unwanted persons who were possibly under the influence of drugs or alcohol.

Crime Trends Across Jurisdictions

Figure 2 presents September 2026 crime rates for the four largest municipalities in the Lower Mainland District (LMD), which the RCMP polices.[2] The property and violent crime rates in Richmond were below the LMD average.

Block Watch

At the end of September 2026, the Block Watch program had 289 groups, totalling 6,391 participants. The program currently includes 400 captains and co-captains.

[2] Based on PRIME query by Richmond Crime Analysis Unit on October 5, 2026

Communications Unit

The Communications Unit provides public safety and crime prevention messaging to enhance community awareness of policing-related issues. During September, the Communications Unit conducted the following:

- Distracted driving month coincides with the resumption of school following the summer break, and the Richmond RCMP launched an enforcement and education campaign promoting safe driving practices, particularly near schools. This year's campaign also featured a short safety video.
- 14 media releases were issued, including three related to missing persons.
- 26 social media posts were made on X, including multiple posts sharing fraud prevention information.

Figure 3: School Zone Safety

Community Police Office Programs

Community police officers continue to enhance the Richmond Detachment's policing services by providing a range of crime-prevention resources and community safety initiatives. City staff and volunteers implement safety initiatives to raise awareness of crime-prevention programs, promote community engagement, and enhance police accessibility. These initiatives help reduce anxiety and fear related to crime. The program activities vary from month to month, reflecting weather conditions, seasonal initiatives and the availability of volunteers.

During September, volunteer highlights included:

- A total of 23 Fail to Stop deployments took place, resulting in 1,211 information letters issued.
- There were four Speed Watch deployments, during which 83 information letters were issued.
- There were 25 Lock Out Auto Crime deployments, during which 435 information letters were issued.
- There were eight Distracted Driving deployments, during which 148 information letters were issued.
- September 1 – Volunteers assisted RCMP officers with a community engagement table at the Kwantlen Polytechnic University's new student orientation. Volunteers distributed resources, including e-scooter and e-bike education handouts.
- September 9 – Volunteers participated in an e-scooter and e-bike safety awareness outreach event at the Railway Greenway. Police, partners, and volunteers engaged with over 200 members of the public.
- September 11 – Volunteers assisted RCMP officers with the Crime Stoppers Jail & Bail event held at Richmond Centre Mall. Volunteers distributed crime prevention and road safety resources.

- September 13 – Volunteers and RCMP officers attended the Carnival of Giving Event at the Lansdowne Mall, featuring Safety Bear and photo opportunities.
- September 15 – Volunteers participated in a large-scale training activity at the Vancouver International Airport, including assisting scene command and conducting searches for survivors.
- September 16 and 21 – Volunteers assisted RCMP officers with "Think of Me" deployments at two elementary schools. A total of 47 "Think of Me" cards were handed out.

Figure 4: Distracted Driving Campaign

- September 21 and 24 – Volunteers assisted RCMP officers with Distracted Driving deployments and issued 37 information letters.
- September 29 – Volunteers participated in a large-scale Distracted Driving Joint Forces Operation and issued over 100 information letters.

Crime Prevention Unit

The Crime Prevention Unit reduces crime and enhances community engagement through public awareness and education initiatives. During September, the Crime Prevention Unit participated in various activities, including diversity and inclusion initiatives, road safety deployments and the following events:

- A total of 254 Place of Worship patrols were conducted.
- On September 3, 2026, RCMP officers hosted a fraud awareness workshop at the Richmond Public Market.
- On September 4, 2026, RCMP officers participated in the Hamilton Night Out event at the Hamilton Community Centre. Police and volunteers set up the community engagement booth and provided tours of police vehicles.

Figure 5: Hamilton Night Out

Road Safety Unit

The Road Safety Unit makes Richmond's roads safer through evidence-based traffic enforcement, investigations into serious vehicle collisions, and public education programs. A total of 928 violation tickets were issued in September 2026. Figure 6 provides statistics for the top five infractions for which violation tickets were issued in September.

Year	Collisions with Non-Fatal Injuries	Fatalities
2022	406	1
2023	436	3
2024	455	2
2025	395	2
2026 (YTD)[3]	368	4

Victim Services

In September 2026, Richmond RCMP Victim Services met with 55 new clients and currently maintains an active caseload of 58 files. In September, Victim Services responded to several cases involving medical-related sudden deaths, sexual offences and intimate partner violence.

[3] A fatal collision occurred on September 1, 2026.

Youth Section

The Richmond RCMP Detachment's Youth Section focuses on strategies to promote safe and healthy behaviours essential to developing productive, civic-minded adults. During September, Youth Section highlights included:

- RCMP officers in the Youth Section conducted 58 proactive school visits at secondary schools and 108 visits at elementary schools.
- The Richmond RCMP conducted school zone patrols and compliance checks at various elementary and secondary schools and issued positive tickets to students wearing bike helmets.

Budgetary Implications

There are no budgetary implications associated with the contents of this report.

Conclusion

In September 2026, the Richmond RCMP conducted several notable activities, including fraud awareness messaging and e-scooter and e-bike safety outreach. Police statistics for September indicated that most crime types were within the average ranges, except for serious assaults, thefts from automobiles, and automobile theft, which were below average, while shoplifting thefts were elevated.

In September, the Richmond RCMP and volunteers continued to promote crime prevention and road safety initiatives, including distracted driving enforcement. The Officer in Charge of the Richmond RCMP Detachment will continue to ensure that Richmond remains a safe and desirable community.

Respectfully submitted,

Rosy Takhar, Acting Director, Police Services

Community Policing Programs Information

Block Watch

- Community-based crime prevention program aimed at helping neighbors organize themselves to prevent crime.
- Residents can receive email alerts of neighbourhood residential break and enters by registering their email addresses at: blockwatch@richmond.ca
- For more information, visit www.richmond.ca/safety/police/prevention/blockwatch.htm

Distracted Driving Program

- Trained volunteers monitor intersections and observe distracted drivers.
- A letter is sent to the registered owner of the offending vehicle with information on the safety risks associated to the observed behaviour and applicable fine amounts.
- For more information, visit www.richmond.ca/safety/police/prevention/programs.htm

Fail to Stop

- Trained volunteers monitor areas that have been referred to the program by local businesses or residents where drivers are not making a full stop at the stop sign, or running a red light.
- An information letter is sent to the registered owner of the vehicle advising them the date, time and location and applicable fine amounts if the driver received a violation ticket.

Lock Out Auto Crime

- Co-sponsored by the Insurance Corporation of BC (ICBC), volunteers patrol city streets and parking lots looking for automobile security vulnerabilities.
- Notices supplied by ICBC are issued to every vehicle inspected indicating to the owner what issues need to be addressed in order to keep the vehicle and contents secure.
- For more information, visit
- www.richmond.ca/safety/police/personal/vehicle.htm

Project 529

- This program allows riders to easily and securely register their bikes. This up-to-date database of bikes alerts its registrants if a fellow 529 bike is stolen.
- Project 529 is a unique, multi-national registry that holds a database of all registered and stolen bikes.

Speed Watch

- Co-sponsored by ICBC, promotes safe driving habits by alerting drivers of their speed.
- Trained volunteers are equipped with radar and a speed watch reader board that gives drivers instant feedback regarding their speed.
- Volunteers record the license plate number and the speed, and a letter is sent to the registered owner of the offending vehicle. The letter includes the date, time and location and applicable fine amounts if the driver received a violation ticket.

Spot the Target

- This initiative consists of frequently stolen items being placed in the volunteer van for participants to identify in order to enhance awareness of thefts from automobiles.

Stolen Auto Recovery

- Co-sponsored by ICBC, trained volunteers equipped with portable computers identify stolen vehicles.
- These volunteers recover hundreds of stolen vehicles each year throughout the Lower Mainland.

Volunteer Bike and Foot Patrol Program

- Trained volunteers patrol Richmond neighbourhoods reporting suspicious activities and providing a visible deterrent to crime and public order issues.

September 2026 STATISTICS

RICHMOND RCMP

The following information is a limited list of select crime-type samples, which does not comprise the entirety or assortment of all crimes captured by the RCMP. The statistics in this chart should be considered independently of the analysis provided as the data is unrelated to the research provided earlier in this report.

This chart identifies the monthly totals for founded Criminal Code incidents, excluding traffic-related Criminal Code incidents. Based on Uniform Crime Reporting (UCR) scoring, there are three categories: (1) Violent Crime, (2) Property Crime, and (3) Other Criminal Code. Within each category, particular offence types are highlighted in this chart. In addition, monthly totals for Controlled Drugs and Substances Act (CDSA) incidents and MHA-related calls for service are included.

The 5 year average is based on activity within a single month over the past 5 years. If the current monthly total for an offence falls outside the 5 year range due to crime trends, patterns, or spikes, it will be noted in **red** if higher and **blue** if below.
