1. **APPLICATION BY MAN-CHUI LEUNG AND NORA LEUNG FOR REZONING AT 7460 ASH STREET FROM "SINGLE DETACHED (RS1/F)" TO "SINGLE DETACHED (ZS14) – SOUTH MCLENNAN (CITY CENTRE)"**

(File Ref. No. 12-8060-20-8907, RZ 11-586861) (REDMS No. 4024242)

Wayne Craig, Director, Development, advised that the staff report responds to the referral made at the May 21, 2013 Public Hearing. Mr. Craig reviewed the actions taken by staff and the applicant to comply with the five items in the referral relating to (i) species of trees being removed and planted on the subject site, (ii) whether a reduction in the number of lots and in density would increase the number of trees to be retained, (iii) wildlife protection on the subject site, (iv) sidewalk extension to 7500 Ash Street, and (v) traffic calming measures along Ash Street. Also, Mr. Craig noted that the number of trees to be planted on the site has been increased from fourteen to eighteen trees.

It was moved and seconded

That Richmond Zoning Bylaw 8500, Amendment Bylaw 8907, for the rezoning of 7460 Ash Street from "Single Detached (RS1/F)" to "Single Detached (ZS14) – South McLennan (City Centre)", be forwarded to the December 16, 2013 Public Hearing.

3. **APPLICATION BY ONNI DEVELOPMENT (IMPERIAL LANDING) CORP. FOR A ZONING TEXT AMENDMENT AT 4020, 4080, 4100, 4180, 4280 AND 4300 BAYVIEW STREET (FORMERLY 4300 BAYVIEW STREET) TO AMEND STEVESTON MARITIME MIXED USE (ZMU12) AND STEVESTON MARITIME (ZC21)**
(File Ref. No. 12-8060-20-9062/9063; RZ 13-633927) (REDMS No. 3991455)

Mr. Craig provided background information on the rezoning application and advised that staff worked with the applicant to limit the range of non-maritime uses of the subject development. Also, Mr. Craig stated that a bylaw is being proposed to allow retail and service uses on the subject site. Mr. Craig concluded by commenting on community benefits of the proposed project, noting that the applicant has agreed to voluntarily contribute \$1,500,000 towards the City's Leisure Facilities Fund, which could be used at Council's discretion.

In response to queries from Committee, staff provided the following information:

- the list of proposed additional land uses on the subject site was agreed to by staff and the applicant;
- the original amount proposed for the voluntary contribution was between \$1,800,000 to \$2,000,000 as the previous development proposal was larger and therefore had the potential to generate more revenue;
- the applicant is scheduled to meet with the Steveston Merchants Association on November 26, 2013;
- the applicant has indicated that the proposed additional land uses would include rental space for a potential future library and exhibit space; and
- the proposal would retain all existing Maritime Mixed Use (MMU) permitted uses and add retail and service uses; however, there is no guarantee that there will be an even balance between retail and service uses and MMU uses on the subject site.

Discussion ensued regarding traffic and parking and Victor Wei, Director, Transportation, advised that the applicant retained a traffic and parking consultant that prepared a Transportation Impact Study. Mr. Wei further advised that Transportation staff had reviewed the Study and agreed with its findings. Also, Mr. Wei reviewed proposed traffic improvements, such as traffic calming measures, and noted that such measures are anticipated to address traffic concerns in the area.

In response to a comment from Committee, Mr. Wei stated that staff is confident that existing loading and parking facilities and the proposed traffic improvements can accommodate projected traffic increase in the area.

Planning Committee
Tuesday, November 19, 2013

In reply to queries from Committee, Mr. Wei provided the following information:

- the proposed additional retail and service uses on the subject site are anticipated to increase traffic volume by ten percent;
- future residents of the subject development could report violations of truck delivery hours and appropriate fines could be imposed by the City; and
- the City has authority over the public parking spaces on the site.

In reply to further queries from Committee, staff provided the following information:

- the proposed rezoning Bylaw does not permit commercial uses on the subject site such as body massage and adult video stores;
- only Item No. 2 of the MMU is being proposed to be amended;
- the proposed rezoning would allow MMU uses in addition to more general commercial service uses; and
- a "Mixed-Use" zone permits maritime-related uses.

In response to comments from Committee, Beau Jarvis, Vice-President of Development, Onni Group, provided the following information:

- the proposed additional uses on the subject site, which include a gym, yoga studio, and massage services, received positive feedback during the public consultation;
- the proposed uses are not expected to compete with services provided by the Steveston Community Centre;
- the applicant has met with some members of the Steveston Merchants Association and will meet with the entire membership in the immediate future to present the current proposal;
- the applicant is willing to lease spaces for public use such as a library; however, the applicant was not aware that the City had previously offered to lease a space for a library on the subject site;
- the lease rates have been determined to make the subject development financially viable;
- the Transportation Impact Study prepared by the applicant's consultant indicated that the proposed traffic and transportation improvements would address traffic concerns even in a worst case scenario; and

Planning Committee
Tuesday, November 19, 2013

- the current zoning of the subject site allows light industrial uses and does not provide restrictions on the size and hours of operation of trucks on the site; however, the applicant has agreed to the proposed restrictions to address the concerns of the residents and the community.

In response to queries from Committee, Mr. Jarvis provided the following information:

- retailers and service providers that have expressed interest in locating within the subject site include a grocery store, a bank, a private child care facility, a chiropractic practitioner, and restaurants;
- kayak rental and boating services could be accommodated on the subject site due to its proximity to the waterfront;
- the decision to charge parking fees on the subject development would be driven by the market;
- Hume Consulting Corporation conducted a retail analysis that suggested that the proposed commercial uses would be complementary to the existing businesses in Steveston;
- the large open spaces on the subject site are intended for future public events;
- once occupied, the commercial spaces would mitigate the current barrenness of the subject site as they could likely generate more activity;
- the applicant will coordinate with commercial occupants regarding their compliance with the City's signage Bylaw;
- the vacant spaces necessitate the expansion of commercial land uses on the subject site; and
- the public consultation conducted by the applicant indicated that 79% of those who participated support the proposed commercial uses on the subject site.

Staff was directed to provide the Committee with a summary of the retail analysis report by Hume Consulting Corporation. In response to Committee's direction, Mr. Craig advised that an executive summary of the retail analysis report is provided on Page 78 of the Staff Report.

Iqbal Ladha, Owner, Steveston Marine and Hardware, spoke in opposition to the applicant's proposal and commented that the proposed commercial uses on the subject development such as the grocery store would negatively impact the existing businesses in Steveston and discourage other small businesses from coming into the area.

Planning Committee
Tuesday, November 19, 2013

Mr. Ladha advised that canvass stores and boat repair services could be located in the mixed maritime use spaces and was of the opinion that the applicant has shown a lack of interest in accommodating these uses. Mr. Ladha also spoke of the importance of not drawing customers away from the commercial core in Steveston as it would adversely impact existing businesses in this downtown area.

In response to queries from Committee, Mr. Ladha provided the following information:

- the applicant could subdivide the existing mixed maritime spaces into smaller units to make them more affordable;
- the subject site could accommodate complementary maritime related small businesses in view of the future construction of a marina; and
- he was not consulted by the applicant regarding the proposal for additional commercial land uses on the subject site.

Jim Kojima, 7611 Moffatt Road, commented that the \$1,500,000 voluntary contribution by the applicant should be earmarked for Steveston. Also, Mr. Kojima expressed concern that the proposed additional land uses on the subject development would negatively impact the Steveston Community Centre and the small businesses in Steveston. Also, Mr. Kojima was of the opinion that the public consultation conducted by the applicant was inadequate and queried whether offices could be located on the subject site.

Joe Erceg, General Manager, Planning and Development, advised that offices on the subject site should be maritime-related.

In response to queries from Committee, Mr. Kojima provided the following information:

- the subject site could provide spaces for youth and seniors services;
- Steveston Community Centre revenues have decreased by approximately 25%; and
- a yoga studio would compete with a similar facility at the Steveston Community Centre.

Ralph Turner, 3411 Chatham Street, stated that the funds from the voluntary contribution by the applicant should be earmarked to provide assistance to the Steveston Community Centre. Also, Mr. Turner was of the opinion that the proposed development did not benefit the community.

Planning Committee
Tuesday, November 19, 2013

Jim van der Tas, President, Steveston Merchants Association and Co-Chair of the 20/20 Group in Steveston, advised that merchants who are members and non-members of the Association will meet with the applicant on November 26, 2013 at the Steveston Community Centre to hear the applicant's proposal.

Mr. van der Tas expressed the Association's concern regarding the proposed rezoning application and was of the opinion that (i) it not meet the needs of the Steveston community; (ii) it duplicated the existing businesses in the area, and (iii) it allowed large retailers to enter the area, which would adversely impact the existing smaller retailers in the Steveston area. Also, Mr. van der Tas commented on parking concerns in the area, noting that this is also a concern of the Association.

Mr. van der Tas commented that the Association does not want to see empty spaces on the subject site and therefore is open to non-residential land uses on the subject site. He suggested that non-residential land uses on the subject site could be divided as follows: 25% for mixed maritime use, 50% for office space use, and 25 % for retail use. Also, he stated that there is a strong preference among Association members for the office space use. Mr. van der Tas expressed support for the marina project and was of the opinion that a strong demand exists for its use.

Mr. van der Tas further advised that (i) more developments with retail spaces for lease would be coming into the area, and (ii) there are struggling businesses in Steveston which would be forced to close down should their revenues decrease by five to ten percent.

In response to a concern raised by Committee on the lack of information regarding the plans, commitments, and recent developments on the marina development, Cathryn Volkering Carlile, General Manager, Community Services, advised that a memorandum on the subject would be distributed to Council.

In response to a query from Committee, Mr. van der Tas reiterated that members of the Association do not wish to see the vacant spaces on the subject development as it could potentially negatively impact the community.

In response to a query from Committee, Mr. Wei advised that 99 of the 270 parking spaces on the site are allotted for staff parking.

In response to a query from Committee, Mr. van der Tas noted that there is a feeling of distrust by members of the Association towards the applicant; however, he anticipates good attendance by members at the upcoming meeting with the applicant.

Discussion ensued regarding the need to determine the commercial and community services that are needed by Steveston residents and the proper methods and precedents that should be used.

Planning Committee
Tuesday, November 19, 2013

In response to a query from Committee, Terry Crowe, Manager, Policy Planning, advised that in the preparation of the Hamilton Area Plan, residents and developers were consulted regarding commercial and public amenities needs.

Loren Slye, 11911 3rd Avenue, expressed concern regarding parking concerns in residential areas in Steveston. Mr. Slye was of the belief that the \$1,500,000 voluntary contribution by the applicant should be earmarked for Steveston and used for projects such as the tram system and road improvements. Also, he suggested that another meeting should be held between the applicant and the 20/20 Group in Steveston.

As a result of the discussion, the following **referral** was introduced:

It was moved and seconded

That the Application by Onni Development (Imperial Landing) Corp. for a Zoning Text Amendment at 4020, 4080, 4100, 4180, 4280 and 4300 Bayview Street (formerly 4300 Bayview Street) to amend Steveston Maritime Mixed Use (ZMU12) and Steveston Maritime (ZC21) be referred back to staff.

The question on the referral was not called as discussion ensued regarding (i) the need to ascertain the types of retailers and service providers that are needed by Steveston area residents and their potential impacts on existing businesses in Steveston and City facilities in the area, (ii) the possibility of having a library, a maritime museum and community services facilities for youth and seniors, located on the subject site, (iii) the location and proportion of spaces for mixed maritime and other commercial uses on the subject site (iv) the need for more information and updates on the marina project, (v) how the \$1,500,000 voluntary contribution by the applicant would be allocated to different uses in Steveston, and (vi) transportation related items such as parking fees and truck parking restrictions.

In response to a query from Committee, Mr. Erceg advised that conducting a public consultation in Steveston regarding the needs of area residents would be complex as potential impacts to existing businesses and community facilities would also need to be examined. He commented that public consultations typically take approximately four to six months to complete and require consulting services. Also, Mr. Erceg commented the costs of obtaining consulting services.

The question on the **referral**, which now reads,

That the Application by Onni Development (Imperial Landing) Corp. for a Zoning Text Amendment at 4020, 4080, 4100, 4180, 4280 and 4300 Bayview Street (formerly 4300 Bayview Street) to amend Steveston Maritime Mixed Use (ZMU12) and Steveston Maritime (ZC21) be referred back to staff and that staff undertake the following:

Planning Committee
Tuesday, November 19, 2013

- (1) *attend the scheduled meeting between the applicant and the Steveston Merchants Association as an observer and provide an update to the Committee;*
- (2) *conduct a study and analysis regarding (i) the types and number of mixed maritime and commercial uses that are needed in the area through consultation with the residents, business owners, and business and community organizations in Steveston, (ii) potential implications of specific uses on City facilities and existing businesses in the area, (iii) the suitable proportion and location of mixed maritime and commercial uses on the subject site including the suggestion to confine the commercial use area only in spaces between Easthope Avenue and No. 1 Road, (iv) transportation related items including potential parking fees and truck parking restrictions; (v) the future developments and expected increase in commercial use spaces in the area, and (vi) how the \$1,500,000 voluntary community amenity contribution by the applicant would be allocated to different uses in Steveston;*
- (3) *study the possibility of the applicant providing a rental space for a City library on the space allotted for commercial use, having the same size and lease rate as the City library at Ironwood, as a requirement for the subject rezoning application;*
- (4) *study the possible location of a maritime museum on the subject site on the space allotted for mixed maritime use; and*
- (5) *provide updates to Committee on the marina development.*

was then called and it was **CARRIED**.

4. MANAGER'S REPORT

(a) Planning and Development Department Updates

Mr. Erceg advised that the City currently does not issue permits for preloading; however, properties with Environmentally Sensitive Areas (ESAs) or those with existing bylaw-sized trees should comply with pertinent City requirements and bylaws.

In response to queries from Committee, Mr. Erceg stated that (i) the City has never issued preloading permits, (ii) staff do not favour a registration system for preloading, and (iii) there have been complaints received by City staff regarding preloading activities.

Planning Committee
Tuesday, November 19, 2013

Staff Report

Origin

At a Special Council meeting on May 6, 2013, the following recommendations were approved in response to the report: Ladner Steveston Local Channel Dredging Contribution Agreement 2013.

- “(1) That the Ladner Steveston Local Channel Dredging Contribution Agreement as attached to the staff report titled Ladner Steveston Local Channel Dredging Contribution Agreement 2013 from the Senior Manager, Parks and Director, Engineering dated April 16, 2013 be approved;*
- (2) That the Chief Administrative Officer and the General Managers of Community Services, Engineering and Public Works be authorized to sign the Ladner Steveston Local Channel Dredging Contribution Agreement; and*
- (3) That staff bring forward the finalized dredging budget and scope for consideration prior to any expenditure commitment.”*

The purpose of this report is to provide an update on the Steveston channel dredging project and obtain Council approval for commencement of Phase 1 of proposed dredging operations as detailed in the Steveston Ladner Local Channel Dredging Contribution Agreement 2013 (the “Agreement”) and for Imperial Landing dredging.

Analysis

Since 2009, the City has been working with PMV, the Province, and other stakeholders to develop a strategy and identify funding sources to alleviate the sedimentation problems that are occurring in Steveston Channel.

On December 17, 2012, a joint funding commitment by PMV, the Department of Fisheries and Oceans, the BC Ministry of Transportation and Infrastructure, the Corporation of Delta and the City was announced to undertake local channel dredging around Ladner and Steveston (the “Project”).

Following the funding announcement, a steering committee comprising of the four funding partners, was established. PMV is the lead agency for the Project and has assigned a Project Manager who is responsible for the dredging contractor and securing all regulatory approvals. Dredging has been scheduled to start in the fall/winter of 2013 and 2014.

Background

As Canada’s largest commercial fishing harbour, Steveston provides a full range of services to support the commercial fishing fleet. There are numerous wharves, floats and buildings located in this area that provide support, services and moorage to more than an estimated 1,200 fishing vessels per year.

The Local Channel Dredging Project ("the Project") is a maintenance dredging project designed to remove sediment built up naturally from eleven sections of the navigation channels in the Ladner area of Delta and five sections of the navigation channel in Steveston Harbour area of Richmond.

On December 17, 2012, the Department of Fisheries and Oceans, the BC Ministry of Transportation and Infrastructure, PMV, the Corporation of Delta, and the City of Richmond made an announcement of \$10 million joint commitment to fund dredging of vital channels in the Fraser River in Steveston and Ladner. As the designated project lead on behalf of the funding partners, PMV has analyzed options for moving forward and is proposing to move ahead in a phased approach.

The Agreement

The Agreement establishes the process and future funding framework and working relationship between the City, Delta, Port Metro Vancouver (PMV) and the Province of British Columbia for future cooperative dredging in Ladner and Steveston. Since execution of the Agreement by the parties in May of 2013, PMV has completed tendering and estimates for volumes of dredgate to be removed. A phased approach is being suggested, and is detailed in the agreement revised Schedule C (Attachment 1).

Proposed Phase 1 Approach

Sixteen maintenance dredging areas or "cuts" (11 in Ladner, 5 in Steveston) in the Ladner and Steveston Local Channel Dredging Project, have been prioritized according to need to take into consideration the volume of material/dredgate and indicated importance from local river users.

As the designated Project lead on behalf of the funding partners, PMV has analyzed the best way to move forward and is proposing to move ahead with 5 cuts in Ladner and 3 in Steveston (Map Attachment 3), suggesting dividing the work between Fraser River Pile & Dredge (FRPD) and Vancouver Pile Driving (VPD) based on their lower unit costs submitted for the Request for Proposal (RFP) in mid 2013. FRPD has proposed a methodology and pricing for sites in both Ladner and Steveston (Sea Reach, Deas Slough and Cannery Channel) where in-river disposal is possible, and VPD will be used for the Ladner Harbour cuts that require disposal at sea at Point Grey.

Phased 1 Shared Cost Dredging Program Details for Steveston Channel - Recommended Option:

Channel	Dredge Cuts	Volume	Estimated Total Cost	Notes
Steveston				
Cannery Channel	A, B, & C (60% Volume of C)	112,250m ³	\$ 952,650	In-River Disposal*

*Application will be for in-river disposal, supported by hydraulic modeling and revised report from Balanced Environmental indicating material has lower polychlorinated biphenyl (PCB) levels than sand heads which should allow for in-river disposal, as per Environment Canada.

Phase 1 Cost Allocation

Costs will be split proportionally between PMV, the Province and each applicable municipality with the exception of areas such as Imperial Landing City Water Lot Dredging. The costs below include mobilization of the dredging equipment, which are estimates only and actual costs will be assigned to each funding partner:

	PMV	Delta	Richmond	Province	Total
Ladner	\$ 1,670,237	\$ 1, 870,237	-	\$ 1, 670,237	\$ 5,210,711
Steveston	\$ 317,550	-	\$ 317,550	\$ 317,550	\$ 952,650
Implementation Costs	\$ 137,600	\$ 68,833	\$ 18,767	\$ 187,600	\$ 412,800
Total Phase 1 Shared	\$ 2,215,387	\$ 1,939,070	\$ 336,317	\$ 2,175,387	\$ 6,576,161
Dredging (Imperial Landing)			\$280,000		
Total Cost Richmond Phase 1			\$616,317		

Phase 1 Next Steps

In order to make the 2013/2014 dredging season, now that surveys, sampling and modeling has been completed, should this approach be approved by all funding partners, PMV will:

- Select dredging contractor(s) and finalize contracts - November
- Apply for dredging and disposal at sea permit applications - November
- Develop dredging plan, once permits are approved - November/December
- Review dredging plan, prior to commencement - December
- Commence Phase 1 dredging - December/January

The proposed Phase 1 dredging operations will achieve desired depths for the areas shown as A, B and 60% of Cut C as shown in (Map **Attachment 3**). While this option will achieve optimal dredging for a portion of the Steveston Cannery channel, actual volumes removed will not be verified until dredging operations commence as annual channel sedimentation from freshets events can impact current depths.

Imperial Landing City-Owned Water Lot Dredging

Staff is recommending that Imperial Landing waterfront be included in the first phase of dredging inclusive of the Cannery Channel dredging starting from the entrance of Garry Point Park waterfront. This specific area in Steveston outside of the navigable Cannery Channel is the responsibility of the City to dredge and will once again be accessible by vessels requiring deeper waters. The City's existing 600 feet of floating dock frontage will accommodate more variety of vessels seeking moorage with deeper water depths and will enable increased opportunities for visitations at major special events such as Ships to Shore and the Maritime Festival and

expanded Britannia Heritage Shipyard marine programming. Liaison with the Britannia Building Committee in conjunction with ongoing planning for the Britannia/Phoenix Cannery waterfront and Imperial landing will continue.

The City will be able to secure preferred rates and capitalize on the mobilization of dredging equipment and disposal options thus significantly reducing the cost of dredging independently in the future should the City dredge independently. Subject to confirmation of pricing through the existing RFP process, staff is proposing this extension of the Steveston Harbour adjacent dredging operations to Imperial Landing with dredging depths of -4.5 metres (14.75 feet deep). It is estimated that these works will require the removal of up to 34,400 cubic meters from the areas surrounding the floating docks at a cost of \$280,000 (Map Attachment 2).

Alternate Phase 1 Cannery Channel Dredging Opportunity - Not Recommended:

This alternative does not meet the cost sharing criteria for City funding as PMV will not contribute additional funds. The alternate dredging scenario as detailed in the tables below suggests dredging greater volumes from the Cannery Channel which would ensure a continuous depth of -4.5metres subgrade for the entire Cannery Channel from Garry Point to Imperial Landing. This option is not recommended as PMV has indicated that this option would generate a shortfall of -\$61,826 from their available funding. As PMV originally contributed \$500,000 to the joint funding agreement, a portion of this funding was reduced due to prior dredging in the Channel with the Steveston Harbour Authority. This option is based on the following estimate:

Channel	Dredge Cuts	Volume	Estimated Total Shared Cost		Notes
Steveston					
Cannery Channel	A, B, & C & Portion of D up to Imperial Landing (Map Attachment 3)	147,900 m³	\$ 1,222,043	In-River Disposal*

Ladner	\$ 1,670,313	\$ 1, 870,313	-	\$ 1, 670,313	\$ 5,210.939

Dredging (Imperial Landing)			\$280,000		
Total Cost Richmond Phase 1			\$706,115		

Remaining Dredge Cuts and Funding

This phased approach will help to progress dredging this season, and also provide additional time to finalize any beneficial use of the remaining Project areas with Port Metro Vancouver's Habitat Banking Program. Areas remaining in Sea Reach, Ladner Reach, Deas Slough, Ladner Harbour, Canoe Pass, and Cannery Channel will become a focus for the 2014/2015 dredging season. Further complimentary dredging areas may include the channel sections and waterfront areas from Imperial Landing to Britannia Heritage Shipyards.

Financial Impact

Council approved, subject to matching funding up to \$2M in funding from the utility provision for dredging in October 2012 and subsequently in May 2013 approved expenditures of \$0.1M. The 5 Year Financial Plan (2013-2017) was amended to include the \$2M expenditures, which will be funded by the utility provision (\$1.9M) and dredging provision (\$0.1M). This report proposes that expenditures of up to \$616,317 for Richmond's share of the Ladner and Steveston Local Channel Dredging Project, and for dredging operations at Imperial Landing in Steveston.

Conclusion

In order to maximize the benefits of the joint funding as proposed in the Ladner and Steveston Local Channel Dredging agreement, as well as the project management and tendering efficiencies realized through working with Delta, the Province of BC and Port Metro Vancouver, much needed dredging operations in the Steveston Channel can be advanced this year. Upon completion of Port Metro Vancouver's Habitat Banking Program and further analysis of the Steveston Harbour Long Term Vision Concept Plan, staff will provide an update report in 2014 for the next phase of the management dredging of the remaining sections of the Steveston channel.

Staff CommentsBackground

This redevelopment proposal is to enable the creation of two (2) smaller lots from an existing large lot on the west side of Lindsay Road in the Blundell Planning Area. Each new lot proposed would be approximately 12.5 m wide and 380 m² in area. The proposed subdivision plan is shown in **Attachment 5**.

This portion of Lindsay Road has seen some redevelopment through rezoning and subdivision in recent years, consistent with Lot Size Policy 5463. The subject application is consistent with the Lot Size Policy and with the pattern of redevelopment already begun in the neighbourhood. Potential exists for other lots on Lindsay Road to redevelop in the same manner.

Trees & Landscaping

A Certified Arborist's Report was submitted by the applicant, which identifies tree species, assesses the condition of trees, and provides recommendations on tree retention and removal relative to the redevelopment proposal. The report identifies and assesses six (6) bylaw-sized trees on-site (Trees # 1-6) and five (5) bylaw-sized trees off-site on the adjacent property to the west at 7520 Railway Avenue (Trees # 7-11). A list of tree species assessed as part of the Arborist's Report is included on the Tree Retention Plan (**Attachment 6**).

The City's Tree Preservation Coordinator has reviewed the Arborist's Report, conducted a Visual Tree Assessment, and concurs with the recommendations to:

- Remove all trees on-site due to their poor condition (Trees # 1-6). The trees have been historically topped, and as a result, the trees exhibit significant structural defects such as previous stem failure, cavities at the secondary stem and main branch unions (below previous topping cuts), and co-dominant stems with inclusions. These trees are not good candidates for retention and should be removed and replaced.
- Protect all trees on the adjacent property to the west at 7520 Railway Avenue (Trees # 7-11). Tree protection fencing must be installed in accordance with the minimum protection area required in the City's tree protection information Bulletin TREE-03. Tree protection fencing must be installed to City standard prior to demolition of the existing dwelling on the subject site and must remain in place until construction and landscaping on the proposed lots is completed.

The Tree Retention Plan is provided in **Attachment 6**.

To ensure protection of off-site trees (Trees # 7-11), the applicant is required to submit a contract with a Certified Arborist for supervision of any works conducted within the Tree Protection Zone. No works are permitted to be undertaken within the tree protection zone, including changes to lot grade and installation of perimeter drainage. The contract must include the scope of work to be undertaken, including: the proposed number of site monitoring inspections (at specified stages of construction), and a provision for the Arborist to submit a post-construction assessment report to the City for review.

Based on the 2:1 tree replacement ratio required in the Official Community Plan (OCP), a total of 12 replacement trees are required. The applicant has agreed to plant and maintain eight (8) replacement trees on the proposed lots and to provide a voluntary contribution in the amount of \$2,000 (\$500/tree) to the City's Tree Compensation Fund prior to rezoning, in-lieu of planting the balance of required replacement trees on-site.

To ensure that the replacement trees are planted on the proposed lots, the applicant must submit a Landscaping Security in the amount of \$4,000 (\$500/tree) prior to rezoning.

Site Servicing & Vehicle Access

There are no upgrades to the sanitary sewer system required with rezoning.

The City's records indicate that there is an existing sanitary sewer connection along the west side of the subject site that is protected by a statutory right-of-way (SRW), which also provides service to 7473 and 7471 Lindsay Road and to 7508 and 7488 Railway Avenue. Sanitary sewer connections for the proposed lots are not permitted to tie into this system. The existing connection along the west side of the site must be abandoned/removed and new sanitary sewer connections for the proposed lots will be required to the existing sanitary sewer on Lindsay Road.

The existing statutory right-of-way (SRW) for the sanitary sewer along the west side of the subject site must be retained to maintain sanitary service to 7473 and 7471 Lindsay Road, and 7508 and 7488 Railway Avenue.

There are existing underground hydro, telephone, and cable utilities to the south of the site. These utilities will be extended to service the proposed development. The private utility companies may require additional rights-of-way to accommodate their equipment. At subdivision stage, the applicant is to contact the private utility companies to determine their requirements.

Vehicle access to the proposed lots is to be to/from Lindsay Road.

Frontage Improvements

Prior to rezoning, the applicant must complete the following:

- Enter into a standard Servicing Agreement for the design and construction of frontage improvements on Lindsay Road. Improvements are to include, but are not limited to:
 - Installation of 600 mm storm sewer, from the south property line of the subject site to 1.5 m north of the north property line, complete with manholes at both ends to connect the 600 mm storm sewer to existing culvert crossings at 7473 and 7531 Lindsay Road.
 - Installation of concrete curb and gutter, pavement widening (complete with transition to existing), grass boulevard, and street lighting along the entire frontage.

Note: The design is to include water, storm and sanitary connections for both lots.

Subdivision

At future subdivision stage, the applicant will be required to:

- pay Development Cost Charges (City and GVS&DD), Engineering Improvement Charges (for future concrete sidewalk), School Site Acquisition Charge, Address Assignment Fee, and Servicing Costs; and
- provide underground hydro, telephone, and cable connections for each lot proposed.

Conclusion

This rezoning application to permit subdivision of an existing large lot into two (2) smaller lots complies with applicable policies and land use designations contained within the OCP, and is consistent with Lot Size Policy 5463, which allows rezoning and subdivision of properties on this portion of Lindsay Road in accordance with the "Single Detached (RS2/B)" zone.

The list of rezoning considerations is included in **Attachment 4**, which has been agreed to by the applicant (signed concurrence on file).

On this basis, staff recommends support for the application. It is recommended that Richmond Zoning Bylaw 8500, Amendment Bylaw 9061 be introduced and given first reading.

3. Single-Family Housing District, Subdivision Area B (R1/B) applies to properties generally fronting Lindsay Road and Linfield Gate in the western portion of Section 13-4-7; and

File No.: RZ 13-645313

Prior to final adoption of Richmond Zoning Bylaw 8500, Amendment Bylaw 9082, the following items are required to be completed:

1. Submission of a Landscaping Security in the amount of \$4,000 (\$500/tree) to ensure the planting and maintenance of the eight (8) required replacement trees on the proposed lots, with the following minimum sizes:

No. of Replacement Trees	Minimum Caliper of Deciduous Tree	or	Minimum Height of Coniferous Tree
4	10 cm		5.5 m
2	9 cm		5 m
2	8 cm		4 m

If required replacement trees cannot be accommodated on-site, a cash-in-lieu contribution in the amount of \$500/tree to the City's Tree Compensation Fund for off-site planting is required.

2. City acceptance of the developer's offer to voluntarily contribute \$2,000 to the City's Tree Compensation Fund for the planting of replacement trees within the City, in-lieu of planting the balance of required replacement trees on-site.
3. Submission of a Contract entered into between the applicant and a Certified Arborist for supervision of any on-site works conducted in close proximity to trees to be retained (i.e., Trees # 1-7 at 7520 Railway Avenue). No works are permitted to be undertaken within the tree protection zone, including changes to lot grade and installation of perimeter drainage. The Contract should include the scope of work to be undertaken, including: the proposed number of site monitoring inspections (at specified stages of construction), and a provision for the Arborist to submit a post-construction assessment report to the City for review.

4. City acceptance of the applicant's voluntary contribution of \$1.00 per buildable square foot of the single-family developments (i.e. \$4,500) to the City's Affordable Housing Reserve Fund.

Note: Should the applicant change their mind about the Affordable Housing option selected prior to final adoption of the Rezoning Bylaw, the City will accept a proposal to build a secondary suite on one (1) of the two (2) future lots at the subject site. To ensure that a secondary suite is built to the satisfaction of the City in accordance with the Affordable Housing Strategy, the applicant is required to enter into a legal agreement registered on Title as a condition of rezoning, stating that no final Building Permit inspection will be granted until a secondary suite is constructed to the satisfaction of the City, in accordance with the BC Building Code and the City's Zoning Bylaw.

5. Registration of a flood indemnity covenant on Title.

6. Entrance into a standard Servicing Agreement for the design and construction of frontage improvements on Lindsay Road. Improvements are to include, but are not limited to:
- Installation of 600 mm storm sewer, from the south property line of the subject site to 1.5 m north of the north property line, complete with manholes at both ends to connect the 600 mm storm sewer to existing culvert crossings at 7473 and 7531 Lindsay Road;
 - Installation of concrete curb and gutter, pavement widening (complete with transition to existing), grass boulevard, and street lighting along the entire frontage.

Note: The design is to include water, storm and sanitary connections for both lots.

At Demolition* stage, the following is required:

- Installation of tree protection fencing on-site around off-site Trees # 1-7 at 7520 Railway Avenue, whose drip lines encroach into the subject site. Tree protection fencing must be installed in accordance with the minimum protection area required in the City's tree protection information Bulletin TREE-03. Tree protection fencing must be installed to City standard prior to demolition of the existing dwelling on the subject site and must remain in place until construction and landscaping on the proposed lots is completed.

At Subdivision* stage, the following is required:

- Payment of Development Cost Charges (City and GVS&DD), Engineering Improvement Charges (for future concrete sidewalk), School Site Acquisition Charge, Address Assignment Fee, and Servicing Costs; and
- Provide underground hydro, telephone, and cable connections for each lot proposed.

At Building Permit* stage, the following is required:

- Submission of a Construction Parking and Traffic Management Plan to the Transportation Division. The Traffic Management Plan shall include location for parking for services, deliveries, workers, loading, application for any lane closures, and proper construction traffic controls as per Traffic Control Manual for works on Roadways (by Ministry of Transportation) and MMCD Traffic Regulation Section 01570.
- Obtain a Building Permit (BP) for any construction hoarding. If construction hoarding is required to temporarily occupy a public street, the air space above a public street, or any part thereof, additional City approvals and associated fees may be required as part of the Building Permit. For additional information, contact the Building Approvals Division at 604-276-4285.

Note:

* This requires a separate application.

- Where the Director of Development deems appropriate, the preceding agreements are to be drawn not only as personal covenants of the property owner but also as covenants pursuant to Section 219 of the Land Title Act.

All agreements to be registered in the Land Title Office shall have priority over all such liens, charges and encumbrances as is considered advisable by the Director of Development. All agreements to be registered in the Land Title Office shall, unless the Director of Development determines otherwise, be fully registered in the Land Title Office prior to enactment of the appropriate bylaw.

The preceding agreements shall provide security to the City including indemnities, warranties, equitable/rent charges, Letters of Credit and withholding permits, as deemed necessary or advisable by the Director of Development. All agreements shall be in a form and content satisfactory to the Director of Development.

- Additional legal agreements, as determined via the subject development's Servicing Agreement(s) and/or Development Permit(s), and/or Building Permit(s) to the satisfaction of the Director of Engineering may be required including, but not limited to, site investigation, testing, monitoring, site preparation, de-watering, drilling, underpinning, anchoring, shoring, piling, pre-loading, ground densification or other activities that may result in settlement, displacement, subsidence, damage or nuisance to City and private utility infrastructure.
- Applicants for all City Permits are required to comply at all times with the conditions of the Provincial *Wildlife Act* and Federal *Migratory Birds Convention Act*, which contain prohibitions on the removal or disturbance of both birds and their nests. Issuance of Municipal permits does not give an individual authority to contravene these legislations. The City of Richmond recommends that where significant trees or vegetation exists on site, the services of a Qualified Environmental Professional (QEP) be secured to perform a survey and ensure that development activities are in compliance with all relevant legislation.

Staff Report

Origin

Yamamoto Architecture Inc. has applied to the City of Richmond for permission to rezone 9051 and 9055 Dayton Avenue from “Assembly (ASY)” zone and “Land Use Contract 165” to “Low Density Townhouses (RTL2)” zone in order to construct a 25 unit townhouse complex (**Attachments 1 & 2**).

In discussions with staff, the developer discussed their desire to incorporate driveway gates into the proposed development. This was not supported by staff and the developer approached individual members of Planning Committee regarding regulations and policies relating to driveway gates. During the Planning Committee review of another townhouse application at their meeting on March 5, 2013, Planning Committee passed a referral motion requesting staff to report back on the use of sliding iron gates, or driveway gates, in townhouse developments.

This report addresses the subject development proposal and the following March 5, 2013 Planning Committee referral:

“That staff investigate and report back on the propriety or policy for sliding iron gates in Townhouse complexes.”

Proposed 2041 Official Community Plan (OCP) Amendments

The application includes proposed amendments to the land use designation of 9051 Dayton Avenue in both the 2041 Official Community Plan (OCP) Bylaw 9000 and in the Official Community Plan (OCP) Bylaw 7100 Schedule 2.6A Ash Street Sub-Area Plan (**Attachment 3**).

Discharging Land Use Contract 165

Staff recommends that Council approve the discharge of “Land Use Contract 165” registered on Title to 9055 Dayton Avenue to allow the property to be rezoned for the proposal.

Servicing Agreement

The developer has agreed to enter into a Servicing Agreement as a rezoning consideration for the design and construction of road and servicing infrastructure works.

Findings of Fact

A Development Application Data Sheet providing details about the development proposal is attached (**Attachment 4**).

Surrounding Development

The site is subject to the Ash Street Sub-Area Plan in the Broadmoor area. Surrounding development is as follows:

To the North: Across Dixon Avenue, is a landscape buffer to the rear service area of the Garden City Shopping Centre property, zoned “Community Commercial (CC)”.

To the East: Single detached dwellings fronting onto Dixon Avenue on properties zoned “Single Detached (RS1/B)” and “Single Detached (RS1/K)”.

To the South: Across Dayton Avenue, are single detached dwellings on properties zoned “Single Detached (RS1/B)”.

To the North-west: Two-storey townhouse developments fronting onto Dixon Avenue and Garden City Road on properties zoned “Low Density Townhouses (RTL1)” and “Town Housing (ZT20) – Granville Avenue (Terra Nova) and Dixon Avenue (Ash Street Sub-Area)”.

To the South-west: Are single detached dwellings fronting onto Dayton Avenue and Garden City Road on properties zoned “Single Detached (RS1/C)”.

Related Policies & Studies

The rezoning application has been reviewed in relation to the 2041 Official Community Plan (OCP), Flood Plain Management Bylaw, the City’s Affordable Housing Strategy and Public Art Program. An overview of these policies is provided in the “Analysis” section of this report.

Consultation

School District

This application was not referred to School District No. 38 (Richmond) because it only involves 25 multiple-family housing units. According to OCP Bylaw Preparation Consultation Policy 5043, which was adopted by Council and agreed to by the School District, residential developments which generate less than 50 school aged children do not need to be referred to the School District (e.g., typically around 295 multiple-family housing units).

General Public

Signage is posted on-site to notify the public of the subject application. The Public Hearing will provide local property owners and other interested parties with an additional opportunity to comment. Notification of the Public Hearing will be mailed to neighbours and advertised in the local newspaper, *The Richmond Review*. At the time of writing this report, the City has received one (1) public correspondence email (**Attachment 5**), which includes the following concerns (staff comments are included in *‘bold italics’*):

- Concern regarding development of townhouses in the middle of a single-family subdivision. *The proposal would provide the existing neighbouring single detached homes with a back yard interface to two-storey townhouses for the majority of the site (Attachment 6).*
- Privacy screening concern relating to removal of existing hedges and overlook. *The development proposes to provide privacy screening for neighbours through a two-storey building height and pruning and retaining the majority of the existing mature perimeter Cedar hedging. New hedge planting is proposed where there is no existing hedge and where the hedge is proposed to be removed for an amenity building.*
- Concern regarding raising the property grade and building height. *The proposal includes two-storey buildings. Site grading details will be further refined as part of the required Development Permit and cannot be significantly raised where existing hedges are retained.*
- Increased noise concern. *The proposed townhouses are not expected to cause noise concerns. During the construction phase, the developer is required to comply with the City’s Noise Regulation Bylaw No. 8856.*

- Transportation concerns related to Dixon Avenue: increased traffic, traffic waiting to turn onto Garden City Road; and parked cars narrowing the road width. *A Traffic Impact Study prepared by ISL Engineering and Land Services was submitted in support of the proposal and reviewed by Transportation staff. The study addresses these concerns and indicates that the surrounding road network has capacity to accommodate the proposal.*
- Pedestrian safety concern at the Dixon Avenue and Garden City intersection for elementary school students. *The Garden City intersection at Dixon Avenue currently has a special pedestrian crosswalk and the intersection at Dayton Avenue has a pedestrian signal. Both were recently upgraded with Audible Pedestrian Signals (APS) as part of a City-wide program and to further enhance pedestrian and bicycle safety; the developer has agreed to install illuminated street name signage at both intersections and a bicycle push button at the Dayton Avenue intersection as a consideration of rezoning. Transportation staff do not recommend upgrading these intersections to fully signalized intersections at this time, as the study indicates that full traffic signals are not warranted, and upgrading these signals would mean additional interruptions to traffic flow on Garden City Road.*
- Concern that the church property has been sold for development after having received property tax relief from the City.

Assembly properties (e.g., churches) receive tax exemptions when the property is used for religious purposes. When a property ceases to be used for religious purposes, it is subject to full property taxes. Consequently, when the property changed hands to a private ownership, full property taxes applied.

In 2011, after much discussion, Council established a policy that proposals to rezone assembly sites are to be reviewed on a case by case basis. This is reflected in the 2041 OCP policy, which states that: "applications to re-designate from "Community Institutional" to other OCP designations and to rezone Assembly zoned land for the purpose of redevelopment will be considered on a case by case basis: without the need to retain assembly uses; subject to typical development requirements (e.g., access; parking; layout; tree preservation; child care; public art; Affordable Housing Strategy requirements; servicing upgrades; etc.)."

Staff assessed the proposal in the context of this 2041 OCP policy. Please see the "Proposed Official Community Plan (OCP) Amendments" section of this report for further details regarding the analysis.

Staff Comments

Based on Staff's review of the subject application, including the developer's transportation study, staff are supportive of the subject zoning text amendment, provided that the developer fully satisfies the considerations of the rezoning (**Attachment 6**).

Analysis

Planning Committee Referral

In their referral to staff, Planning Committee asked staff to investigate and report back on the propriety or policy for sliding iron gates, or driveway vehicle gates, in townhouse complexes. Staff can advise that the OCP requires all townhouse developments to obtain a Development

Permit approved by Council and discourages driveway vehicle gates. Specifically, the OCP Development Permit (DP) guidelines state that "Vehicle gates at townhouse site entrances are discouraged." Instead of a gate, the guidelines recommend defining the boundary between private and public space with changes in colour and texture across driveway entrances, minor architectural elements or landscaping.

Staff work with applicants to ensure vehicle gates are not installed on townhouse sites and that boundaries between public and private space are appropriately designed. To ensure that driveway gates are not installed on the subject site, the applicant has agreed to register a covenant as a rezoning consideration to prohibit driveway gates on both Dayton Avenue and Dixon Avenue and to restrict the Dayton Avenue vehicle access to incoming traffic only.

Proposed Official Community Plan (OCP) Amendments

The proposed development is located in the Ash Street Sub-Area of the Broadmoor Planning Area (**Attachment 3**) on properties that were previously used as a church complex and neighbouring single detached home. The application includes OCP amendments to amend the land use designation of 9051 Dayton Avenue in the 2041 OCP Land Use Map Attachment 1 to Schedule 1 from "Community Institutional" to "Neighbourhood Residential". It also includes an OCP amendment to amend the land use designation of 9051 Dayton Avenue in the Ash Street Sub-Area Plan Land Use Map from "Public, Institutional & Open Space" to "Low Density Residential".

The 2041 OCP includes policy that proposals to rezone assembly sites are to be reviewed on a case by case basis, without the need to retain assembly uses and subject to typical development requirements (e.g., access; parking; layout; tree preservation; child care; public art; Affordable Housing Strategy requirements; servicing upgrades; etc.). Given the OCP policy, staff have no policy framework to require community benefit.

Staff has worked with the development community over the years to provide additional community benefit. When Planning Committee and Council considered the rezoning of an Assembly zoned site on No. 3 Road, the application was referred back to staff. A revised proposal including a modest floor area increase and a voluntary contribution of \$35,000 received public hearing and third reading on September 3, 2013.

Given the context of the subject site, staff felt that a Floor Area Ratio density of 0.55 and transportation improvements would best address the needs of the neighbourhood. As a community benefit, the developer has agreed to provide road and intersection improvements as a consideration of the rezoning that will enhance pedestrian and cyclist safety for the neighbourhood. The proposal includes new sidewalk behind the existing curb along the north side of Dayton Avenue for the entire block; new sidewalk, boulevard and road widening along a portion of the south side of Dixon Avenue to complete the block; new illuminated street name signage at both Garden City Road intersections; and a bicycle push button at the Dayton Avenue intersection (**Attachment 6**). These works include frontage improvements that are typically required for development proposals and additional works for 52 m along Dixon Avenue and 160 m along Dayton Avenue that beyond the site in front of other properties. The proposed works beyond the standard frontage improvements represent a considerable financial cost to the developer while also improving pedestrian and cyclist infrastructure in the neighbourhood.

The addition of townhouses will help to address Richmond's growing population with a variety of housing to complement the adjacent residential townhouses, single detached properties and Garden City Shopping Centre (**Attachment 7**).

Proposed Zoning Amendment and Land Use Contract Discharge

Staff recommend that Council approve the termination and discharge of "Land Use Contract 165" registered on Title to 9055 Dayton Avenue (RD49296) along with rezoning the subject consolidated development site to "Low Density Townhouses (RTL2)". The zone specifies a maximum building height of 9 m and maximum floor area ratio density of 0.55, including a density bonus provision to support the City's Affordable Housing Strategy. The proposal complies with the zone and takes advantage of the density bonus provision.

Proposal Details

Staff's review of the proposed development shows it to be consistent with City policies, as indicated below:

- a) Floodplain Management: In accordance with the City's Flood Plain Designation and Protection Bylaw 8204, the developer has agreed to register a flood indemnity covenant as a consideration of the rezoning.
- b) Affordable Housing: In accordance with the City's Affordable Housing Strategy and the "Low Density Townhouses (RTL2)" zone density bonus provision, the developer has agreed to provide a voluntary contribution of approximately \$104,778, based on \$2.00 per buildable square foot, to the City's affordable housing reserve as a consideration of the rezoning.
- c) Public Art: The developer has agreed to participate in the City's Public Art Program in the amount of approximately \$39,816, based on \$0.76 per buildable square foot, through installing Public Art on-site or as a voluntary contribution to the City's Public Art fund.
- d) Infrastructure Improvements: The developer has agreed to enter into a Servicing Agreement as a consideration of the rezoning for the following:
 - **Road Network Improvements**: the developer shall be responsible for the design and construction of road improvements along Dayton Avenue and Dixon Avenue, illuminated street name signage at both intersections and a bicycle push button at Dayton Avenue.
 - **Engineering Improvements**: the developer shall be responsible for the design and construction of required storm sewer upgrades and sanitary sewer improvements to change the routing of the existing sanitary sewer and associated statutory-rights-of-way (SRW) to accommodate the proposed development.
- e) Tree Retention and Replacement

Bylaw-size trees	Existing	Retained	Compensation
On-site	3	0	2:1 replacement ratio required
On neighbouring properties	6	6	To be protected
In City boulevard	2	2	To be protected

- A Certified Arborist's report was submitted by the developer and reviewed by the City's Tree Preservation Coordinator. A tree retention plan is included in **Attachment 7**.

- The City's Tree Preservation Coordinator reviewed the Arborist's Report and concurs with the removal of three (3) bylaw-sized trees on-site, including:
 - Two (2) trees (Tag #4 & 5) located up against the west property line close to Dixon Avenue. The 77 cm dbh Douglas Fir (Tag #4) is good to fair condition and has shed a number of limbs. The 74 cm dbh Cedar (Tag #5) is in good condition and has co-dominant stems.
 - One (1) tree (Tag #6) is located in a north-west corner of the site. The Cedar has multiple stems with a combined size of 155 cm dbh, is in good to fair condition and is located in an existing sanitary sewer right-of-way (ROW).
- Based on the 2:1 tree replacement ratio goal stated in the Official Community Plan (OCP), six (6) replacement trees are required for the removal of three (3) bylaw-sized trees. The preliminary landscape plan (**Attachment 7**) includes 60 new trees and will be further refined through the required Development Permit.
- The developer is proposing to prune and retain most of the existing perimeter Cedar hedging on the site. The removal and replanting of a section of hedge to accommodate the proposed amenity building (**Attachment 7**) will be further refined through the required Development Permit.
- The developer has agreed to enter into a contract with a Certified Arborist as a consideration of rezoning and is required to install tree protection fencing prior to any construction activities occurring on the site.

f) Form of Development

The developer proposes to construct a low density residential development with 25 two-storey townhouses and a two-storey indoor amenity building (**Attachment 7**), which conforms to OCP policies and Development Permit guidelines for multi-family development.

Development Permit approval to the satisfaction of the Director of Development is required prior to rezoning adoption, which will include the following:

- Detailed architectural, landscaping, open space design, grading and tree protection.
- Review of sustainability features of the development.
- Review of convertible and aging in place features. One (1) convertible unit is proposed and aging in place features are proposed in all units.
- Detailed drive aisle and driveway design. The proposal includes a vehicle access to Dixon Avenue (two-way) and a vehicle access to Dayton Avenue that is restricted to incoming traffic only (one-way). The requested second vehicle access is for incoming vehicles only and the traffic impact study did not identify any concerns. Transportation staff have reviewed the study and agree that the limited access can be considered on Dayton Avenue due to the relatively small size of the development and depth of the site.
- Vehicle and bicycle parking; truck loading; garbage, recycling and food scraps storage and collection; and private utility servicing.

Financial Impact or Economic Impact

None.

Conclusion

In response to Planning Committee's referral, the OCP discourages vehicle gates at townhouse site entrances and the proposal includes a restrictive covenant to prohibit the installation of driveways gates on the subject site.

The proposal provides a low density infill development with 25 two-storey townhouses on a vacant assembly site. While the proposal can be considered under the City's 2041 Official Community Plan (OCP) regarding multi-family developments, amendments are required to land use designation for a portion of the site in the City of Richmond 2041 OCP Land Use Map, OCP Specific Richmond Neighbourhoods Policy, and Ash Street Sub-Area Plan. The proposal is generally consistent with the "Low Density Townhouses (RTL2)" zone. Overall, the proposed land use, density, site plan and building massing respects the surrounding single detached homes and townhouse developments. Further review of the project design is required to be completed as part of the Development Permit application review process. The proposed roadway improvements will enhance pedestrian and cyclist safety in the neighbourhood.

On this basis, staff recommend that: Official Community Plan Bylaw 9000, Amendment Bylaw 9085, Official Community Plan Bylaw 7100, Amendment Bylaw 9086, and Zoning Bylaw 8500, Amendment Bylaw 9087, be introduced and given first reading.

Hi Sara,

Re:9051/9055 Dayton Ave.

I have talked to 9 of my neighbours about the townhouse development proposed and they are not happy about it. Some of them have limited English and a lot of questions. We came in to see the plans and asked some questions. None could be answered because we were told they didn't know yet or the plans could change. Here are some of the questions.

1. How can a church that paid lower taxes for years sell to a developer for high profits to build townhouses in the middle of a subdivision of single family houses on a residential street?
2. How much higher will the property be for building and how high will the townhouses be?
3. Will people be looking into our back yards?
4. When they take out the 17 foot hedge all around the whole block what will they replace it with.
5. With 33 townhouses there will be a lot more noise and traffic behind our back yard? Is this acceptable to the City?
6. After the townhouses were built beside the Church property on Dixon Road it is a traffic jam just to drive out to Garden City Road. The people from the townhouses are parking on both sides of the street so there is room for only one car at a time because the road is so narrow. There is a drive way for the strip mall there so traffic is heavy. With 2 schools right there foot traffic is heavy as well. Very dangerous for the kids walking in grades from K to 7.

Thanks so much for answering these question and I will pass them on. We will probably like to come in and see you also for more information. Please let me know when you are available.

Thanks so much for your time

Kathy Stephens

Rezoning Considerations

Development Applications Division
6911 No. 3 Road, Richmond, BC V6Y 2C1

Address: 9051 and 9055 Dayton Avenue

File No.: RZ 11-589989

Prior to final adoption of Richmond Zoning Bylaw 8500, Amendment Bylaw 9087, the developer is required to complete the following:

1. Final Adoption of OCP Bylaw 9000, Amendment Bylaw 9085 and OCP Bylaw 7100, Amendment Bylaw 9086.
2. Consent of the owner to the adoption of Richmond Zoning Bylaw 8500, Amendment Bylaw 9087 and termination, release and discharge of "Land Use Contract 165" entered into pursuant to "Main Street Meeting-Room Holdings Land Use Contract By-law No. 3372", as it affects 9055 Dayton Avenue.
3. Delivery of a discharge, executed by the owner, of Land Use Contract from Title of 9055 Dayton Avenue (RD49296).
4. Consolidation of all the lots into one development parcel (which will require the demolition of the existing dwellings).
5. Registration of a flood indemnity covenant on Title.
6. Registration of a legal agreement on title to prohibit driveway gates on both Dayton Avenue and Dixon Avenue and to ensure that, without prior approval from the City, the Dayton Avenue driveway is limited to one-way traffic (access only) complete with bollards that are not to be removed, except for emergency vehicle access.
7. City acceptance of the developer's offer to voluntarily contribute \$2.00 per buildable square foot to the City's affordable housing reserve (e.g. \$104,778, deposited as \$31,433 to operating account 7501-80-000 and \$73,345 to reserve account 7481-80-000).
8. City acceptance of the developer's offer to voluntarily contribute \$0.76 per buildable square foot to the City's Public Art Program (e.g. for the installation of Public Art on-site or contribution of \$39,816 to account 7750-80-000).
9. Provision of indoor amenity space (minimum 70 m²) or cash contribution as per (e.g. for 25 townhouse units, \$31,000 to account 7721-80-000) in-lieu of on-site indoor amenity space in accordance with the OCP and Council Policy 5041.
10. Submission of a Contract entered into between the applicant and a Certified Arborist for supervision of any on-site works conducted within the tree protection zone of the trees and hedges to be retained on-site and to be protected in neighbouring properties. The Contract should include the scope of work to be undertaken, including: the proposed number of site monitoring inspections, and a provision for the Arborist to submit a post-construction assessment report to the City for review.
11. Installation of appropriate tree protection fencing around all trees to be retained as part of the development prior to any construction activities, including building demolition, occurring on-site.
12. The submission and processing of a Development Permit* completed to a level deemed acceptable by the Director of Development.
13. Enter into a Servicing Agreement* for the design and construction of road and engineering infrastructure works. Works include, but may not be limited to:
 - a) Dixon Avenue:
 - i. Improvements across the site frontage to Heather Street to extend curb, boulevard and sidewalk established to the west, including minor road widening, curb & gutter, 2 m wide grass boulevard with street trees (7 cm Skyline Honeylocust), 1.5 m wide concrete sidewalk and grass boulevard with davit arm street lights.
 - ii. Installation of illuminated street name signage at the intersection with Garden City Road.
 - b) Dayton Avenue:
 - i. Improvements from Garden City Road to Heather Street including new 1.5 m wide concrete sidewalk behind the existing curb and grass boulevard behind new sidewalk.
 - ii. Installation of illuminated street name signage and bicycle push button at the intersection with Garden City Road.

- c) Water works:
- i. Using the OCP 2021 Maximum Day Model, there is 268 L/s available at 20 psi residual at 9051 Dayton Avenue, and 217 L/s at 20 psi at 9071 Dayton Avenue. Based on a letter from the civil consultant, MPT, and combined on-site water demand calculations (i.e. combined domestic demand and fire flow) dated January 17, 2013, the proposed site requires 80 L/s. Water analysis is not required to determine upgrades to achieve minimum requirements. Once the building design is confirmed at the Building Permit stage, the developer is required to submit fire flow calculations signed and sealed by a professional engineer based on the FUS or ISO to confirm that there is adequate available flow.
 - ii. The City requires the available flows and results of the combined water demand calculations to be included on the Servicing Agreement design drawings.
- d) Sanitary sewer improvements to change the routing of the existing sanitary sewer and associated statutory-rights-of-way (SRW) in the northern portion of the site and Dixon Avenue frontage to accommodate the proposed development (approximately 90 m of sewer between manholes SMH6197 and SMH 6199), including requirements to:
- i. Install new sanitary manhole in Dixon Avenue at the north-west corner of the site and new 200 mm diameter sanitary sewer along the Dixon Avenue frontage (approximately 17 m between new manhole and manhole SMH6199).
 - ii. Install new sanitary manhole on-site approximately 52 m south of new sanitary manhole in Dixon Avenue at the north-west corner of the site and new 200 mm diameter sanitary sewer along the west boundary of the site between the two (2) new manholes. Provide adequate separation from privately-owned utilities (i.e., on-site water, on-site drainage and on-site sanitary mains) to ensure City is able to operate and maintain the proposed City-owned sanitary main without impacting the privately-owned utilities and vice-versa.
 - iii. Install new sanitary service connections to 8291 and 9311 Heather Street in existing location and new sanitary sewer lead to tie into proposed sanitary manhole to the west (approximately 25 m length).
 - iv. The granting of a new 6 m wide standard utilities statutory right-of-way along the west property line from Dixon Avenue for the length of the proposed sewer (approximately 52 m length).
 - v. The granting of a new 4 m utilities statutory right-of-way aligned east-west from the shared property line between 8291 and 9311 Heather Street to the proposed right-of-way in (iv) above (approximately 18 m length) and that allows for building encroachments located 4 m above grade and higher.
 - vi. Discharge portions of utilities rights-of-way where the sanitary sewer has been removed, including: portions of existing right-of-way (AB90921) along the east boundary of the site near Dixon Avenue and aligned east-west across the southern portion the site; and portions of existing right-of-way (AB187845) aligned east-west across the northern and southern portions of the site. Discharges to occur only after first removing any existing utility infrastructure in the right-of-way. A letter of confirmation is required (letter signed and sealed by a P. Eng. to City of Richmond (Attention: Eric Sparolin).
- e) Storm sewer improvements to:
- i. Upgrade a section of existing Dixon Avenue storm sewer from 300mm to 600mm diameter complete with new manholes at both ends of the upgrade. The section to be upgraded is between Heather Street and the existing manhole located west of the site (approximately 82 m from STMH 5696 to STMH 5699).
 - ii. Upgrade a section of existing Dayton Road storm sewer from 375 mm to 600 mm diameter complete with new manholes at both ends of the upgrade. The section to be upgraded is between Garden City Road and the east edge of the site (approximately 70 m from STMH5607 to the east property line of 9055 Dayton Avenue). An existing tree in front of 9031 Dayton Avenue may need to be removed due to impact by the storm sewer upgrade. Retention, replacement or compensation as determined by City Parks staff will be addressed through the Servicing Agreement design.
- f) Private Utilities: Developer to provide private utility companies rights-of-ways to accommodate any above ground equipment (e.g. transformers, kiosks) and future under-grounding of overhead lines required by the proposed development.

Prior to Building Permit Issuance, the developer must complete the following requirements:

1. Submission of a Construction Parking and Traffic Management Plan to the Transportation Division. Management Plan shall include location for parking for services, deliveries, workers, loading, application for any lane closures, and proper construction traffic controls as per Traffic Control Manual for works on Roadways (by Ministry of Transportation) and MMCD Traffic Regulation Section 01570.
2. Incorporation of transportation, sustainability and accessibility measures in Building Permit (BP) plans as determined via the Rezoning and/or Development Permit processes.
3. If applicable, payment of latecomer agreement charges associated with eligible latecomer works.
4. Obtain a Building Permit (BP) for any construction hoarding. If construction hoarding is required to temporarily occupy a public street, the air space above a public street, or any part thereof, additional City approvals and associated fees may be required as part of the Building Permit. For additional information, contact the Building Approvals Division at 604-276-4285.

Note:

- * This requires a separate application.
- Where the Director of Development deems appropriate, the preceding agreements are to be drawn not only as personal covenants of the property owner but also as covenants pursuant to Section 219 of the Land Title Act.

All agreements to be registered in the Land Title Office shall have priority over all such liens, charges and encumbrances as is considered advisable by the Director of Development. All agreements to be registered in the Land Title Office shall, unless the Director of Development determines otherwise, be fully registered in the Land Title Office prior to enactment of the appropriate bylaw.

The preceding agreements shall provide security to the City including indemnities, warranties, equitable/rent charges, Letters of Credit and withholding permits, as deemed necessary or advisable by the Director of Development. All agreements shall be in a form and content satisfactory to the Director of Development.

- Additional legal agreements, as determined via the subject development's Servicing Agreement(s) and/or Development Permit(s), and/or Building Permit(s) to the satisfaction of the Director of Engineering may be required including, but not limited to, site investigation, testing, monitoring, site preparation, de-watering, drilling, underpinning, anchoring, shoring, piling, pre-loading, ground densification or other activities that may result in settlement, displacement, subsidence, damage or nuisance to City and private utility infrastructure.
- Applicants for all City Permits are required to comply at all times with the conditions of the Provincial *Wildlife Act* and Federal *Migratory Birds Convention Act*, which contain prohibitions on the removal or disturbance of both birds and their nests. Issuance of Municipal permits does not give an individual authority to contravene these legislations. The City of Richmond recommends that where significant trees or vegetation exists on site, the services of a Qualified Environmental Professional (QEP) be secured to perform a survey and ensure that development activities are in compliance with all relevant legislation.

a Type 2 Retail Liquor Store

Staff Recommendation

REPORT CONCURRENCE

CONCURRENCE OF GENERAL MANAGER

Staff Report

Origin

Pacific Land Group has applied to the City of Richmond for a zoning text amendment to allow a type 2 retail liquor store located at 11580 Cambie Road (Unit 185-11700 Cambie Road) (**Attachments 1, 2 and 3**) on a site zoned "Community Commercial (CC)".

There is no Development Permit or Servicing Agreement associated with the zoning text amendment application.

Background

The intent of the subject application is to accommodate the relocation of the liquor store license from the Sheraton Four Points hotel at 8368 Alexandra Road (**Attachment 4**) to a new location in the existing commercial shopping centre at 11580 Cambie Road, and specifically to allow a 146.5 m² (1,577 ft²) liquor store in unit 185 of the 11700 Cambie Road building. The existing liquor store is 10.3 m² (111 ft²) and located in the hotel's lobby.

A zoning text amendment is not required to remove the liquor store use from 8368 Alexandra Road, as it is an existing non-conforming use under the existing "Auto-Oriented Commercial (CA)" zone, which does not include liquor retail as a permitted use.

To allow type 2 liquor retail use at the proposed new location, the "Community Commercial (CC)" zone needs to be amended to include "Retail Liquor 2" as an 'additional use' on a site specific basis outlined in the 'other regulations' section of the zone and limited to a maximum floor area of 147 m². The proposed store size of 146.5 m² (1,577 ft²) is more restrictive than the store size limit in the "Retail Liquor 2" definition, which is a maximum floor area of 510 m² (5,490 ft²).

Findings of Fact

A Development Application Data Sheet providing details about the development proposal is included as **Attachment 5**.

Surrounding Development

Development surrounding the subject property includes:

- To the North: across and fronting onto Cambie Road, are a 12-unit townhouse development on property zoned "Low Density Townhouses (RTL1)", single family homes on properties zoned "Single Detached (RS1/E)", and a two-storey commercial development on property zoned "Neighbourhood Commercial (CN)" at the corner of Cambie Road and No. 5 Road.
- To the East: two (2) single-storey commercial developments on properties zoned "Neighbourhood Commercial (ZC23) – East Cambie Area" and "Community Commercial (CC)". One (1) is located at the corner of Cambie Road and No. 5 Road, the other is located at the corner of No. 5 Road and Thorpe Road.
- To the South: fronting onto Thorpe Road, are existing non-conforming single-family homes on properties zoned "Community Commercial (CC)", and across Thorpe Road, are single family homes on properties zoned "Single Detached (RS1/E)".

- To the West: fronting onto Cambie Road and Thorpe Road, is a 77-unit townhouse development on property zoned “Town Housing (ZT12) – Cambie Road (East Cambie)”.

Related Policies & Studies

The zoning text amendment has been reviewed in relation to the 2041 Official Community Plan (OCP) and related policies (e.g. Aircraft Noise Sensitive Development), Flood Plain Management Bylaw, and Council policies regarding licensee retail stores (private liquor stores). An overview of these policies is provided in the “Analysis” section of this report.

Consultation with Ministry of Transportation & Infrastructure (MOTI)

Consultation with the Ministry of Transportation & Infrastructure (MOTI) is required due to the proximity of Highway 99. Ministry staff has reviewed the proposal and have no objections to the zoning text amendment. MOTI approval is required prior to zoning text amendment adoption.

Public Input

Informational signage is posted on the subject site, a neighbourhood survey was conducted by the applicant, information phone calls and on-site polling were conducted by the applicant to notify the public of the subject application. In addition, public correspondence and a petition were submitted to the City regarding the zoning text amendment application. Overall, the results of the consultation indicate mixed opinions about the proposed zoning text amendment application.

Maps prepared by staff are attached to this report showing household locations for public correspondence submitted to the applicant during the on-site polling, and the public correspondence petition submitted directly to the City (**Attachment 6**).

Neighbourhood Survey

In accordance with Council Policy 9307 regarding Licensee Retail Store (LRS) rezoning applications, a neighbourhood survey was conducted by the independent market research company, The Reid Agency between May and June, 2013. A summary report, dated September 1, 2013 was submitted to the City (**Attachment 7**) describing the neighbourhood survey and additional public consultation undertaken by the applicant. The purpose of the neighbourhood survey was to collect public opinion on the proposed new location of the proposed liquor store from businesses and residences within the neighbourhood survey minimum catchment area identified by staff. The summary report indicates that:

- Mail surveys were mailed out to all 228 civic addresses for residences and businesses in the identified neighbourhood survey minimum catchment area. 42 completed surveys were received by The Reid Agency; representing a 19% response rate.
- The Reid Agency staff obtained 202 phone numbers for the 228 civic addresses and spoke with 93 people about the application; representing 40% of the catchment area addresses.

The following table summarizes results from the applicant's neighbourhood survey (mail survey and phone survey for properties within neighbourhood survey catchment area):

	Support	Do Not Support	Neutral	Total
Phone Survey	43 (46%)	36 (39%)	14 (15%)	93
Mail Survey Forms (228 mailed)	13 (31%)	29 (69%)	0	42

Additional Public Consultation Undertaken by Applicant

In addition to the required neighbourhood survey, the summary report indicates that The Reid Agency conducted on-site polling of customers of the Cambie Plaza Shopping Centre over a number of days in May, June, July and August, 2013. During the on-site polling, form letters in support of the proposal were collected (**Attachment 8**).

The summary report and form letters indicate that 429 customers were polled at the subject site and a total of 273 form letters were received in support of the proposal. The form letters received in support of the proposal include 238 civic addresses within Richmond and more specifically, 90 civic addresses within half of mile (805 m) of the subject site.

The following table summarizes results from the applicant's public consultation (on-site polling):

	Support	Do Not Support	Neutral	Total
On-site Polling	345 (80.4%)	48 (11.2%)	36 (8.4%)	429

Public Correspondence

In addition to public input received as part of the neighbourhood survey, the City received one (1) e-mail and a 317-signature petition in opposition to the zoning text amendment application (**Attachment 8**). The petition and email received in opposition to the proposal include 176 civic addresses within Richmond and more specifically, 53 civic addresses within half of mile (805 m) of the subject site.

The following concerns were expressed by the public in mail survey forms submitted by the applicant, and public correspondence and petition submitted to the City [followed by staff comments in '*bold italics*']:

- Not wanted in neighbourhood – *The public correspondence, petition, mail survey, phone survey and on-site polling together show mixed opinions within the neighbourhood.*
- Is not needed – *As noted above, there are mixed opinions within the neighbourhood.*
- Does not comply with City policy as the site is too close to King George Park and Mitchell Elementary School – *Please refer to the 'Analysis' section below. The proposed commercial unit is within 150 m walking distance of King George Park and within 250 m walking distance of Mitchell Elementary School. However, the proposed location is separated from the park and school by No. 5 Road (major arterial), which effectively separates the commercial properties from the park. The applicant operates several liquor-related businesses in a number of municipalities and is sensitive to the need for community safety.*

- Too close to Cambie Community Centre, H.J. Cambie Secondary School, and Kathleen McNeely Elementary School – *The proposed commercial unit is over 800 m walking distance to Cambie Community Centre and H.J. Cambie Secondary School, and over 700 m walking distance to Kathleen McNeely Elementary School; all of which are located to the east across No. 5 Road.*
- Will result in the presence of questionable and intoxicated persons – *The operator of the proposed store, The Arbuthnot Group, operates several liquor-related businesses in a number of municipalities, has been in the retail liquor business since 1975, and is sensitive to the need for safety. The applicant advises that staff members are strictly forbidden to make sales to intoxicated persons or to minors, and that the operator has only received one(1) infraction notice from the Liquor Control Board throughout its years in business.*
- Parking – *The proposed commercial unit is located in the existing Cambie Plaza Shopping Centre, which includes surface parking areas. The change from general retail to a liquor store does not increase the parking required by Zoning Bylaw 8500.*

Analysis

Official Community Plan (OCP)

The subject site is designated as part of the “Neighbourhood Service Centre” located at No. 5 Road and Cambie Road in The City of Richmond 2041 OCP Land Use Map and “Commercial” in the Land Use Map of the OCP East Cambie Area Plan. The proposal complies with the designations with the proposed relocation of a retail private liquor store into an existing commercial building on the subject site.

Aircraft Noise

The subject site is located within Area 3 of the OCP Aircraft Noise Sensitive Development Policy, which requires noise mitigation to be incorporated within new buildings and registration of a restrictive covenant on title. As there are no new buildings proposed, a restrictive covenant is not sought at this time.

Policy 9307 Licensee Retail Store (LRS) Rezoning Applications

Council Policy 9307 (**Attachment 9**) is intended to generally discourage the proliferation of stand-alone liquor stores, and to provide guidelines and criteria for rezoning applications for Licensee Retail Stores (liquor stores).

The proposal is for the relocation of an existing liquor store to a new site in keeping with the intent to discourage the proliferation of liquor stores

As stated above, a neighbourhood survey was conducted by an independent market research company to collect public opinion on the proposed location of the liquor store (**Attachment 7**). Additional public opinion has been received from applicant conducted on-site polling and public correspondence submitted to the City. Overall, polarized opinions have been received. The neighbourhood survey is roughly split and a petition and email were received in opposition to the proposal. However, the applicant’s on-site polling indicates that the proposal is supported by customers of the Cambie Plaza Shopping Centre, including a number of residents within walking distance of the site.

The proposal is in keeping with Council's direction that liquor stores only be allowed on sites where a store physically exists, is in keeping with the intention to discourage the proliferation of liquor stores, and the Public Hearing will provide the public with an additional opportunity to provide input. On this basis, the proposal is considered supportable by staff.

Policy 9309 Guidelines for Free-standing Licensee Retail Store (LRS) Rezoning Applications

Council Policy 9309 (**Attachment 10**) provides guidelines regarding Licensee Retail Store rezoning applications for consideration along with policy 9307.

The proposal does not comply with the following aspect of policy 9309:

- The proposed location is within 500 m of Mitchell Elementary School and King George Park. However, the proposed location is separated from both by No. 5 Road (a major arterial road), which effectively separates the commercial properties from the school and park site. Further, the proposed use complies with the commercial designation for the site in the East Cambie Area Plan.

The proposal complies with the following aspects of the policy 9309:

- The application is for the relocation of an existing Licensee Retail Store. The proposed location is not within 500 m of another Licensee Retail Store or BC Government operated liquor store. The closest Licensee Retail Store to the proposed location is roughly 2km away by car at 3031 Beckman Place.
- The applicant is requesting permission to open a liquor store on the subject site to service day-to-day shopping needs in the East Cambie neighbourhood. The proposed location and neighbouring commercial developments along No. 5 Road are designated in the OCP as the commercial node for the East Cambie neighbourhood. The subject site (Cambie Plaza Shopping Centre) has commercial zoning and multiple tenant spaces in five (5) buildings, with an aggregate floor area of more than 6,503 m² (70,000 ft²). For this site alone, this exceeds the 2,800 m² (30,139 ft²) minimum set out in the policy.
- The proposed 146.5 m² (1,577 ft²) liquor store size is significantly smaller than the maximum floor area of 510 m² (5,490 ft²) recommended in the policy and permitted under Zoning Bylaw 8500 for a type 2 retail liquor store. The proposed site specific zoning allowance for the type 2 liquor store is limited to a maximum floor area of 147 m² under Bylaw 9083.
- The 11770 Cambie Road building is set back from Cambie Road; behind an existing surface parking area. The shopping centre has vehicle accesses from Cambie Road and Thorpe Road and dedicated pedestrian connections to Cambie Road and Thorpe Road.
- The existing shopping centre has adequate pedestrian and vehicle circulation.
- RCMP Crime Prevention staff have reviewed the application. Although the RCMP would prefer liquor stores not be located near elementary schools or parks, there was a level of comfort for this proposal due to the separation provided by the busy traffic on No. 5 Road and Cambie Road, as well as the operator's history and the location of the store on the site away from fronting streets.

Financial Impact or Economic Impact

None.

Conclusion

The proposed rezoning will expand the range of services offered at 11580 Cambie Road in the East Cambie area. The proposed site specific zoning text amendment to "Community Commercial (CC)" will allow the relocation of an existing Licensee Retail Store (private liquor store). Based on the existing Neighbourhood Service Centre commercial development at No. 5 Road and Cambie Road and the proposal's general compliance with City policies and Provincial regulations that limit the proliferation of new Licensee Retail Stores, staff recommend support for the proposal to relocate the liquor store to 11580 Cambie Road.

On this basis, staff recommend that Richmond Zoning Bylaw 8500, Amendment Bylaw 9083, be introduced and given first reading.

Overview

Pacific Land Group on behalf of The Arbuthnot Group (TAG), is proposing the relocation of a liquor retail store (LRS) in the City of Richmond to 11580 Cambie Rd (185 – 11700 Cambie Rd), Richmond, BC.

TAG has retained The Reid Agency, an independent market research agency to conduct research in and around the area of 11580 Cambie Rd (185 – 11700 Cambie Rd), Richmond, BC.

The Reid Agency conducted research with residences and businesses:

- Information phone calls were conducted within the area outlined by the City of Richmond to advise local residents and businesses on the proposed opening of a LRS in their area. This activity took place on May 27th, 28th, 29th. In addition, residences and businesses were informed about the direct mail program and they were informed that a zoning text amendment application has been submitted to the City of Richmond.
- Information calls took place over three evenings and followed the rules outlined by the CRTC for this type of activity
- Direct mail communication was sent on May 28th to local residences and business within an area determined by the City of Richmond. This communication included a brief survey to gauge resident's position regarding the zoning amendment application. Residents were advised to return this survey and all comments to The Reid Agency in a self-addressed stamped envelope. Also included in the package is a corporate overview of TAG and information related to proposed site
- The Reid Agency conducted on-site polling with customers at the local Shoppers Drug Mart location at 11800 Cambie Rd, Richmond, BC and door to door polling in the area as determined by the City of Richmond. This research commenced on May 31st and completed on August 18th. Customers were informed about the proposed liquor retail store location. A Letter of Support was made available for customers to sign if they so wished. Contact information for City of Richmond planner was provided for direct submission of comment or questions. No customer opted to take the letter home to send it in themselves to the City of Richmond. The Reid Agency collected all information as it relates to customers position on the Text Amendment Application. Sample of comments:

In Favour:

"Government stores cheaper! We need a liquor store in our area which is completely ignored - no large grocery here neither."

"Hope you have a good selection of coolers."

"Coolers & vodka mixed beverages would be a nice addition"

"This area needs a small wine/beer/liquor store especially when it's owned by a local family"

Opposed:

"In the past, a survey was done to build a liquor store in this neighbourhood and turned down."

"I do not drink alcohol and only buy it on rare occasions for cooking. People would be healthier if they drank less alcohol. The work place would be a better and safer place if alcohol consumption and addiction decreased. Thank you for listening to my concerns."

"Close to a school (elementary & high school) and park. Lower income area that doesn't have access to healthy food within walking distance!"

"Safety concerns (a lot of drunk individuals will be around our community)"

"No to the 'Type 2 liquor store. Not enough parking here for a new business like a liquor store."

"No liquor store in my community please!"

"I do not support the opening of a liquor store, especially so close to three different schools (Mitchell Elementary, McNeely Elementary, HJ Cambie High School)"

"I would hope that the store on No. 3 Road would be sufficient"

"I do not buy or support liquor products. Liquor gets people crazy and causes problems."

"I don't want a liquor store in our area (104-11240 Mellis Drive, Richmond BC V6X 1L7)"

"We support existing stores but not any liquor outlets"

Dear Sara Badyal,

Here we wish to express our opinion on application ZT 13-630050, liquor retail store at 11580 Cambie Road. All family members in our household oppose this application. We prefer convenience of shopping in our neighbourhood, within walking distance, but liquor is not one of them.

WITH A HIGH SCHOOL SO CLOSE AND AN UNSUPERVISED PARK, I SEE A LOT OF ILLEGAL DRINKING GOING ON. THE PARK AUTHORITIES CAN'T EVEN CONTROL PUBLIC SMOKING, ILLEGAL POT SMOKING, SO THEY WILL NOT BE ABLE TO POLICE UNDERAGE DRINKING, OR LATE NIGHT ROWDINESS, HAVING A STORE CLOSE BY IS AN UNNECESSARY INCITATION

WITH THIS BEING A HEAVILY MUSLIM AREA, A LOT OF YOUNG PEOPLE ARE DENIED ALCOHOL AT HOME, SO WILL LOOK FOR A WAY TO EXPERIMENT/IMBIBE OUT OF THE HOME

3) I STRONGLY SUPPORT IMPROVING OUR LOCAL STOPS, BUT IT IS SUCH A HOKEY, RUN DOWN PLACE IT WILL NEVER ATTRACT THE MAINSTREAM SHOPPER (EXCEPT FOR SHOPPERS DRUG MART - ITS ONE BIG PLUS). WE NEED CLEANER, MORE MAINSTREAM STORES FIRST. I WOULD NEVER BE ABLE TO TRAIN OR CO-OP WITH THEM. I DON'T THINK THEY CAN BE TRAINED.

Close to a school (elementary & high school) and park. Lower income area that doesn't have access to healthy food within walking distance! Shoppers is the option or fruiticana (but quite culturally specific). Not a necessary community engagement | market research | stakeholder relations addition here.

**Policy 9307:**

It is Council policy that:

Rezoning applications intended to facilitate a stand-alone Licensee Retail Store (i.e. not an accessory use to a Neighbourhood Public House) will be considered under the following general guidelines and criteria:

1. The proliferation of stand-alone Licensee Retail Stores is generally discouraged;
2. Licensee Retail Store Rezoning Applications intended to facilitate the replacement of an existing BC Liquor Store, operated by the Liquor Control and Licensing Branch or an existing LRS, will be considered on a case-by-case basis;
3. Except as noted in Section 4 below, all proposals for relocation of an existing or new Licensee Retail Store within the City of Richmond must be supported by a neighbourhood survey that is intended to collect public opinion on the proposed new location of the Licensee Retail Store. The neighbourhood survey will be required to be conducted by an independent Market Research Company at the sole cost of the applicant. The Director of Development will confirm approval in writing the following:
 - i. the minimum catchment area for the required neighbourhood survey;
 - ii. the name of the market research company selected by the applicant to conduct the Survey;
 - iii. the method used to conduct and compile the results of the neighbourhood survey; and
 - iv. the dates during which the neighbourhood survey must be conducted.
4. Notwithstanding Section 3 above, proposals to replace an existing BC Liquor Store or existing LRS on the same site will not be required to conduct a neighbourhood survey.
