THE BUILDING IS TOO LARGE
WHY DO THEY NEED TO ACCOMMODATE BEDS
FOR 472. (PEOPLE) ARE THEY RENTING THE
BEDS OUT. OBSTRUCTION OF SCENERY FOR
EXISTING RESIDENTS. ALSO TRAFFIC JAM
AS THE GARDENS CONDO WILL ALREADY CAUSE
THIS.

Why is it so necessary for this size building to be built when the zoning laws or Policy is the buildings are to be less in size?

If these are religious buildings would there be the need for such a size? especially in Rmd.

It is intended for agriculture only and due to wrong decision made by the City of Richmond, permit was given to them to build. It will be such a eye sore to everybody passing that area, a big block of red and ugly yellow. I am strongly against it.

This is not only a damage to the view along No. 5 Road, but also unfair to other religious institutions along No. 5 Road. Why other religious institutions' use of the land is restricted and even banned by the Council, but that proposal will be passed by the Council. The Federal Government should be prompted to investigate the process of investigation and should hold any person who is not just and fair to be liable.

The current building is big enough. The proposed construction doesn't match with the whole environment and could create negative atmosphere to the neighborhood.

I respect all religions. Religious freedom is part of Canadian value. However, this is a building issue that would affect the business fairness, traffic and parking, as well as the general overall image of the city. The proposed high retreat centre is not just a place of worship. It is a big hotel for some particular people. The institution enjoys the favourable tax treatment, but effectively competes with other forms of accommodation. The increase of traffic and parking problem hurts the neighbourhood. The dominant symbol of one religious building is not consistent with our multiculturalism and our value system.

Lingyen Retreat Proposal

To Mayor Brodie and Richmond City Council

6911 No. 3 Road, Richmond, BC V6Y 2C1

I am opposed to the 225,733 sq ft Retreat proposed by the Lingyen group.

I'm concerned about increased traffic in that area when I'm trying to get to Ladner.

I'm also not pleased with all the wasted agricultural space going to waste to accommodate their project. This bylaw change will then take precedent for all other development along that road.

TO: Mayor Brodie and Richmond City Council

I am opposed to the 225,733 sq ft Retreat proposed by the Lingyen group.

I am opposed to any buildings past the first 110 meters along No. 5 Road, as allowed under the No. 5 Road Backlands policy.

I am opposed to new buildings having heights over the existing temple of 70'.

I am appalled at the ever sprawling, non stop high density construction allowed in Richmond. This proposal is for a destination spot such as Disneyland and no longer for a "retreat" in my opinion. The congestion in Richmond is ridiculous enough. If this proposal is allowed then it shall expand as the these always do. It will be the entirety of #5 Rd!

How many times does this have to come before
city council before council say enough is enough.
Why should the bylaws be changed to accomodate
this one interest group.

The proposal request includes 400 beds for visitors. Even the newest & most modern hotels & our local casino do not have 400 beds. The River Rock only has 193 rooms. So why so many beds required for a "Temple Retreat" are they going to be a licensed hotel??

How are all these people who will be coming to visit this proposed Temple Retreat going to get to Number 5 road. We cannot handle the traffic at Steveston 5 now (the left hand turn is rarely on) so where will all these buses of visitors park. Will the visitors be just a day visit or will they be staying for periods of time - hence the need for so many beds??

I am opposed to this for a variety of reasons. The size of the "retreat" rivals hotels in size and capacity, the amount of constant foot & vehicle traffic it will bring. It is ridiculous that the structure stand taller than the condo's that are built at Westminster Hwy & #5.

Lingyen Retreat Proposal

To Mayor Brodie and Richmond City Council

6911 No. 3 Road, Richmond, BC V6Y 2C1

I am opposed to the 225,733 sq ft Retreat proposed by the Lingyen group because -

- Its setting an important precedent to the other temples along #5 Rd. which will ~~be~~ have a negative impact on the area.
- WHY are these places not made to follow the "rules" in place for them to farm the land they have been "given".
- why are they allowing people (472!!!) to stay overnight - that is a HOTEL, or the equivalent of a hotel!!?

Lingyen Retreat Proposal

To Mayor Brodie and Richmond City Council

6911 No. 3 Road, Richmond, BC V6Y 2C1

I am opposed to the 225,733 sq ft Retreat proposed by the Lingyen group.

I DON'T BELIEVE TRAFFIC SHOULD BE INCREASED
THAT CLOSE TO THE NEW POLICE DEPARTMENT. (WHICH
IS IN A REDICULOUS LOCATION IN MY OPINION) ALSO,
IT'S HARD ENOUGH TO GET OUT OF RICHMOND,
GOING DOWN #5 TO STEVESTON. WHY ADD MORE??

Lingyen Retreat Proposal

To Mayor Brodie and Richmond City Council

6911 No. 3 Road, Richmond, BC V6Y 2C1

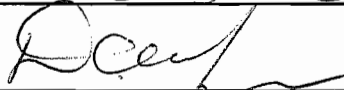

I am opposed to the 225,733 sq ft Retreat proposed by the Lingyen group.

The amount of traffic this would create at a intersection that can't handle rush hour traffic now. Also you have Police and Fire the at this intersection that would slow response time.

The size is way out of character for this neighbourhood and would be a eyesore for most people.

I am pro-multiculturalism and think No. 5 Rd is fascinating because it is lined by different religious buildings. Thus far, everyone has respected the bylaws and Lingyen should do likewise. The biggest temple is really in a person's heart.

This proposal is not a "retreat". It is a thinly disguised hotel the size of a shopping mall.

It has no place in Richmond, and especially not near the ongoing traffic mess at Stoney Hill Hwy and #5 Road. The law is the law for development - no exceptions.

① THE BUILDING WILL BE AN EYESORE BECAUSE OF THE RED & UGLY YELLOW COLOR AND IT DOES NOT BLEND IN WITH THE REST OF THE CITY COLOR SCHEME.

② IT WILL DEFINITELY CAUSE MORE TRAFFIC JAM.

The building should not be higher than the law allowed. A low rise apartment is opening later this year along with a supermarket on No. 5 road near Steveston Hwy, more traffic is expected. The expansion of this temple to become a retreat like a hotel would add the load to the traffic to this congested area. I strongly oppose to their proposal!

What happened to the old Richmondites, I guess we don't count anymore, it is hard to imagine such a complex and none of the churches on the way to Heaven (No. 5 Rd) have done any farming. If we went to any other country would be allowed to turn it into our homeland, I think not.

My question is ?? If this is agricultural land in the Agricultural Land Reserve, how can it get permission to cover what looks like 70-80% of their land with buildings? What is Richmond Council's role in this? It seems to totally go against the goal of the Agricultural Land Reserve!

Richmond is a beautiful and
peaceful city it is ridiculous
to build mega buildings keep
our city simple and preserve
the beauty. No massive
humongous temple retreat, NO WAY!

Canada is a multi-cultural society. I opposed to the massive ~~the~~ land being built for a particular religious group. This may set a precedent for other religious groups too. What if other groups also demand similar building in the future.

As a former Richmond resident, who often returns to visit family and friends living there, I am concerned about the ill-effects this proposed development would have. Not only is this a poor choice of use for a substantial piece of land, which would be better suited as green-space, but a development of this size would further traffic congestion problems at No. 5 Road and Steveston Hwy, which is already problematic and only get worse after the residential complex on that corner is finished.

I Grew up in Richmond, and noticed over the years there is fewer green space and farm land. I would like to see the green space that is still left in Richmond remain.

We think we need more greenspace not another enormous structure that will impose race (racism) as a municipality. Children may need more recreational parks not religion of diversity.

Thank you for our thoughts.
